

PROPOSED ZONING & DEVELOPMENT PLAN

CANNON - GOODSSELL

11. As part of the design, consideration will be given to the placement of trees and shrubs in a practical, landscaping mass transit system.

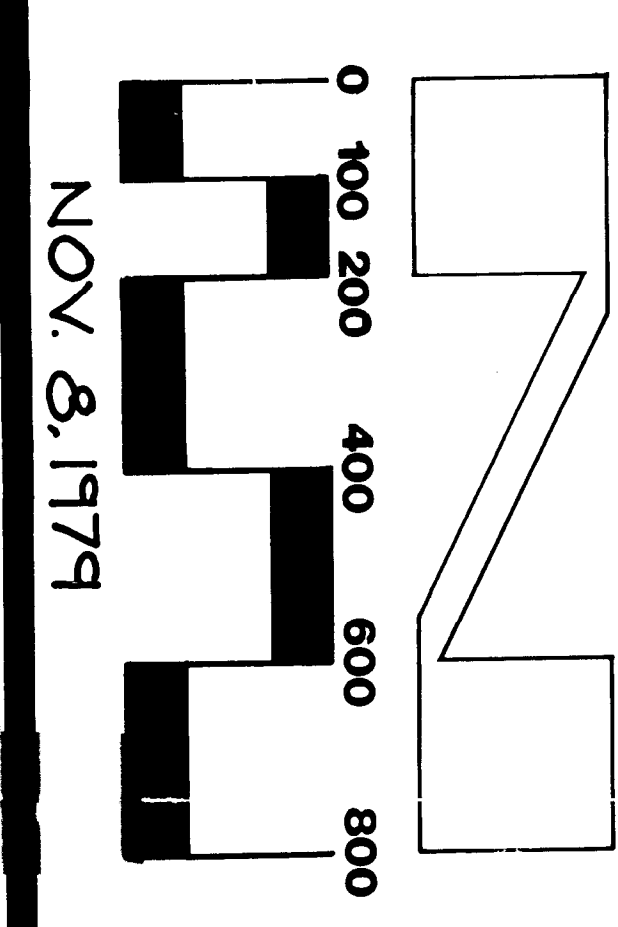

12. The owner proposes to develop an interior pedestrian walkway in line of 15-foot sidewalk. The plan must be approved by the Planning Commission prior to the start of construction.

See Revised Site Plans handed on 7/15/83 - Original Noted by Belva T. Miller
 Approved by County Commission 11/7/80

NOTES:

- The R-12 (CD) Single-family districts will have a maximum density of 31.3 DU/acre.
- The R-12 MF (CD) districts, including those with a maximum density of 87 DU/acre, are designated for medium density residential use. These same districts will be designated for medium density residential use in the future.
- The R-12 (CD) and R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
- The R-12 MF (CD) districts are designated for medium density residential use. The R-12 MF (CD) districts are designated for medium density residential use in the future.
