Conditional Development Standards

General Provisions.

- a. Development of the site will be controlled by the standards depicted on this site plan and by the standards of the Charlotte Zoning Ordinance. The development depicted on this plan is intended to reflect the arrangement of proposed uses on the site, but the exact configuration, placement, and size of individual site elements may be altered or modified within the limits prescribed by the ordinance during the design development and construction phases as allowed under the provisions of Section 6.2 of the Zoning Ordinance.
- b. The Petitioner acknowledges that other standard development requirements imposed by other city ordinances, such as those that regulate streets, sidewalks, trees, and site development, may apply to the development of this site. These are not zoning regulations, are not administered by the Zoning Administrator, and are not separate zoning conditions imposed by this site plan. Unless specifically noted in the conditions for this site plan, these other standard development requirements will be applied to the development of this site as defined by those other city ordinances.
- c. Throughout this Rezoning Petition, the terms "Owner", "Owners", "Petitioner" or "Petitioners," shall, with respect to the Site, be deemed to include the heirs, devisees, personal representatives, successors in interest and assignees of the owner or owners of the Site who may be involved in its development from time to time.

Purpose

The purpose of this Rezoning application is to provide for the use of a tract of land fronting on Rhyne Road for a small industrial park. To achieve this purpose, the application seeks the rezoning of the site to the I-1 district as a conditional district (I-1 (CD)).

Transportation

- a. The site will have a full access connection to Rhyne Road. This connection will be constructed as a public street.
- b. Individual development sites will have access from this new public street at locations approved by NCDOT.
- 2 c. Parking areas are allowed anywhere within the building and parking envelop as generally depicted on the concept plan for the site.
- d. Transportation improvements will be installed and rights-of-way will be dedicated to, and as required by, NCDOT prior to the issuance of the first Certificate of Occupancy for the site.

Architectural Standards

The buildings on the site will be composed of some or any combination of the following building materials:

- Storefront window systems - Aluminum frames with glass
- Architectural metal panels systems - Corrugated panels
- Exterior Insulate Finishing System (EIFS) - Synthetic Stucco
- Architectural screen wall - Perforated metal and/or fiber cement wood
- Brick and/or Architectural block and/or Architectural concrete panels
- Exposed steel columns

2 Building entrances will relate to the public street with an emphasis on creating an identifiable entrance along the street

Streetscape and Landscaping

Buffers shown on the site plan may be reduced or removed if the adjoining land is rezoned to a classification for which buffers would not be required. This action will not require any further administrative action on the part of the Petitioner or the City staff.
