Building Plan
1st level

Notes

1. Number of trees will not vary unless indicated on plan.
2. Location of trees may be adjusted slightly to improve traffic safety of intersection.
3. Specific species of trees which must be considered for street tree planting are: Red Maple, White Oak, Elm, Dogwood, American Plane Tree.

Number and angle of trees are on plan.

4" = 1' of Caliper 1/2" = 15' Height
 3" = 1" of Caliper 1/4" = 10' Height

4. Species of materials will be determined and color of stone and/or masonry.
