LOTTE-MECKLENBURG
 PLANNING COMMISSION
 INTER-OFFICE COMMUNICATION

DATE: March 18, 1987
 TO: Dale Long, Zoning Administrator
 FROM: Martin R. Cranton, Jr., Planning Director

SUBJECT: Administrative Site Plan Amendment Petition No. 85-79 Community Development

Please find attached a revised plan for the above referenced petition. The new site plan reflects 18,000 sq. ft. for Building "B", and 35,000 sq. ft. for Building "A", for a total of 53,000 sq. ft. This is less square footage than the figure originally approved (66,000 sq. ft.). Pursuant to my authority as outlined in the Zoning Ordinance, I am administratively approving this plan. Please use it when evaluating requests for building permits.
