Section #: 13.102                      Definitions  
                  13.110                      Creation of Special Sign Regulations

**Purpose of Change:**

Modify the section titled "Creation of Special Sign Regulations" for landmark signs by adding a new sign type, historic signs, in order to preserve both on-premise nonconforming historically significant signs and historically significant signs that are nonconforming and have been removed from their original location and are proposed to be relocated within the community.

In addition, reorganize Section 13.110, subsection (5) to create two subsections for the sign types and establish the purpose and designation criteria for the two sign types.
