A photograph of a tree trunk, likely taken from a camera mounted on a tripod. The tree trunk is on the left side of the frame, and the background shows a dense canopy of green leaves. A camera overlay is visible on the left side of the image, displaying several data points in a monochrome font. The text is arranged vertically: '195.0 FT.' at the top, followed by '12:10 PM' and '11/13/18' on the next line, and '+3.0 DEG.' at the bottom. The overall lighting is bright, suggesting a sunny day.

A close-up photograph of a specimen, possibly a rock or mineral, showing a dark, elongated, and somewhat irregular feature. The surrounding material is light-colored and appears to be a matrix or host rock. The dark feature has a rough, crystalline texture. The image is overlaid with digital text in the bottom-left corner.
