Why are you interested in serving on these boards/ committees?

I am a minority owned, small business owner of 12 years with a passion for collaboration, community, and international exchanges. I'm also a mother, and grandmother so I am a master practitioner of patience and empathy. I'm excited to contribute to the Charlotte community! I've been a resident for the past 2+ years and am ready to take on a leadership role, and give back in a greater way. My mission, both personal and professional involve community engagement and bringing businesses together.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

Outside of serving on boards in the past, my primary business of 12 years provides association management services for professional trade organizations. Thus, my familiarity with Board governance is exemplary. We manage every facet of non-profits from marketing to events, strategy, fundraising and overall administration and governance. With my passion in event production, and in particular for community events, it is always my goal to find ways to connect, serve, and be a resource. I am also a Certified SCORE Mentor in Charlotte through SBA, providing onsite mentoring at events and business and marketing consulting for my individual clients.

Exceptional Business Solutions

Current Employer:

Job Title:

Brief description of duties:

Responsible for managing my team for both divisions, my client's teams, and overseeing business development, marketing, event management, and business management. Exceptional Business Solutions, LLC has other brands such as Divinity Affairs (community events) and ShanteShops (eCommerce). My duties are broken out as follows: Event Production: Planning and execution of community events such as expos and festivals, sporting events (certified in sports event management), conferences, conventions, launches, galas, incentive events, competition events, professional development, socials, webinars and telesummits. Business & Association Management: strategic planning, administration, Board governance, budget planning and management, hiring, onboarding, procedures, and training. Marketing: promotion of launches, marketing planning, social media campaign management, newsletters, online shopping carts, production of lead pages, fundraising and other advertising related needs.

Other employment history:

Prior to starting Exceptional Business Solutions in 2006, I worked at Lee Hecht Harrison (DC) as a Business Manager from 2004 - 2005. That role ended as a result of downsizing. Prior to that, I worked for Experient, Inc.(Arlington, VA) from 1997 - 2004. My last position held there was Office Manager. Prior to that, I worked at Northern Virginia Mental Health Institute (Falls Church, VA) as a Psychiatric Technician.

Education:

Why are you interested in serving on these boards/ committees?

I want to be involved and help improve Charlotte in multiple facets. I am also passionate about advocating for the betterment of African-Americans in this city, knowing that improving the condition of all African-Americans in this city is vital to Charlotte becoming a more equitable and just city for all of it's citizens. Other marginalized groups, other people of color, and all of our city will benefit both directly and indirectly with Charlotte being more equitable. My main goal is to help in the process of making Charlotte a better city, in any area that I can.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

Both professionally and personally I have experience working in diverse teams and groups to solve problems and come up with innovative solutions, and I see serving on these boards and committees as an extension of that. Serving is an opportunity to utilize those experiences and collaborate with others to help improve our community. I have also volunteered at numerous community organizations and efforts, both through my job and through my local church.

Why are you interested in serving on these boards/ committees?

I am interested in volunteering my time to support my community. It has always been a dream to give back to the community. There have been a number of programs that assisted me while growing up. I want to show others that look like me and grew up just as myself in a complicated environment, that he or she can survive and become a great citizen of Mecklenburg County.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I grew up in Boulevard Homes, which is not another community. I was fortunate enough to learn about employment thru the JTPA program in the 1990's. I became exposed to people who did not live in my community and those were positive role models. I knew from attending an open school that I had a chance to make it. I have learned to have empathy for others and offer support as much as possible. I volunteered with Urban Ministry and their efforts to reduce homelessness. I have volunteered for the city and assisted with projects such as a back to school drive. I have also volunteered for Safe Alliance on West Blvd. I have experience auditing and bookkeeping, analyzing, researching and project management.

Why are you interested in serving on these boards/ committees?

I am really passionate in the areas I applied for and have lots of relevant experience in those areas. Serving the community To have a voice in decision making To learn and grow my self

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I am an entrepreneur and the co-founder and CTO of Cryptyk, a leading blockchain-based cloud security and storage platform for enterprise. I also serves on the advisory board for few companies. I brings decades of security and software engineering experience. Prior to founding Cryptyk, I was head of information security for a bank, where I led the Compliance, Risk, Information Security, and Security Architecture practices. Before that, I worked for Bell Labs where I got an achievement award. I am a security evangelist and spoke at SANS, OWASP, Blockchain etc. In addition, I am one of the first people to write Wireless Network drivers for Windows platforms. I am a blockchain technologist and enthusiast and ardently pursues my passion - exploring how Blockchain technology can drive businesses to achieve faster results and humanize the decentralized world. My efforts have been well recognized by the organizations I worked in and across the industry. A determined results-driven Real Estate investor for the past 14 years. My investing experience includes single and multifamily real estate, and land development. My current focus is on commercial real estate, College housing, multifamily real estate / apartments.

Why are you interested in serving on these boards/ committees?

My interest in serving on the CBIAC stems from the prospect of advancing my community. I am a African-American Millennial, Entrepreneur and a University of North Carolina Charlotte graduate with a Political Science degree. After sitting in on a session of the CBIAC Dynamic Opportunities Subcommittee Meeting and listening to the Economic Development Committee sessions online, the importance simultaneously building a sustainable Charlotte and community while combating the unsavory disparity report. Being able to serve as a civil servant and assisting the CBIACs INCLUSION efforts, would be both an honor and privilege.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

Being able to give back in a civic capacity is an honor. Throughout my young adult life I have participated in many efforts to give back to my community whether it was assisting with the Special Olympics in Greensboro, N.C., playing the violin at Barnes & Noble in H.S., or helping to construct a play place at Chantilly Park while attending the University of North Carolina Charlotte. With my passion to help other succeed, disadvantaged or not, coupled with my curiosity of joining the CBIAC is almost a perfect conduit in helping the City of Charlotte and its constituents for generations to come.

Why are you interested in serving on these boards/ committees?

As a former adviser for Stock and Leader, a leading corporate law firm in York, PA, I worked attorney that often were solicitors for cities, towns, and boroughs. In this capacity they advised the zoning board based on concern from leaders in the community and the constituency. I quickly was able to understand the importance of this role. Being new to Charlotte and the private sector, after almost 9 years of military service, I wanted to get involved in the community and quickly found the vacancies available. I saw this role as a strong fit for me.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I am an experienced finance executive, public speaker, and proven leader with exemplary, verifiable record of progressive growth in the military and civilian environments. Highly knowledgeable and effective leader with a proven record of meeting business goals, developing high performing managers, and increasing organizational effectiveness. Extensive experience in P&L management, budget and resource management, and project management. I am an adept managing and developing personnel under extreme pressure and austere environments with a focus on building organizations, training leaders, and delivering success. I possess a comprehensive background in business development, strategic planning, risk management and critical thinking. I believe that all of these qualities are strong on any board and that my brief knowledge in zoning will only increase as I work on the board.

Why are you interested in serving on these boards/ committees?

My dad Willie M smith worked for the city of Charlotte for 30 years until he got hurt on the job with a serious infection. He never gave up until he died he has a role in anything I'm passionate about. Even before he worked for the city of Charlotte he also help to shape and build this city up. He took pride in living here and all the opportunity's to be apart of this county. He shaped and molded me to have the same values as he did. I just want to do my part and continue on with the mark he made for me to carry on. The city has made tremendous accomplishments but there is still more work to be done. My father wasn't given the opportunity to learn to read or write when he was a child, so how can I, his daughter not take an open opportunity to work towards the longevity of this great city. I have been given a chance to enhance the morals and great teachings my father instilled in me, not only did he teach me how to apply these things to my life , he also taught me how to spread it in every aspect of life!

Why are you interested in serving on these boards/ committees?

As a member of Sustain Charlotte, I was recently introduced to the idea of serving on a board through the quality air panel discussion. TL Lansdell recommended me. After many small interactions with our mayor, Vi Lyles, and my D2 councilman, Justin Harlow, I have a passion for planning through discussion and driving home progressive change in our community. I met Vi at a church I was visiting and noticed her sticker that she was running for mayor on the first month I moved here (a year ago from Detroit, MI) and attended many of her small fundraising events and police engagement in the community. I've become a huge advocate of her work for inclusiveness and diversity in Charlotte. I would love to work with her and others to serve this community more closely.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I recently hosted an in-home grassroots event called Unite Charlotte: Cocktails & Conversations with all 4 councilmen & women running for D2 as my special guests to discuss their views on the issues (such as gentrification of our northwest neighborhoods) in our community and how to impact positive and inclusive change. I plan to host a second event Unite Charlotte: Coffee & Conversations to discuss small business in D2 next. After a year and half of being vehicle free and using car sharing apps and riding my bicycle around Charlotte, I've become deeply passionate about alternative and green transportation. As Senior Business Development Executive for my non-profit organization, Southern Research out of Alabama, I travel see pharmaceutical companies and call on biotechnology clients along the east coast. I've been practicing sales and business development with a scientific background and degrees in Biology, Neuroscience and Religion. I love working with people and trying to find solutions for all of the world's hardest problems.
