Great!

It will be held at the Belmont CDC, 700 Parkwood Ave.

Yes, the plan is to have the programs as the main topic. As far as the agenda I was thinking that we would have you open and provide a city overview around this topic, as it is discussed on city council. Any upcoming dates for decision or things to look out for.

Then hand it to the County Tax person that will just go over the Tax Relief programs. And close with a realtor that works with the Belmont CDC on tips or just give an additional perspective.

Open to feedback though! :)

Hello City Council Member Larken!

It's been about a year since our last event but we have been hard at work with several different events in the community. I read the article below and felt that we really needed to provide information to our neighbors.

<https://www.wsocv.com/news/local/mecklenburg-county-city-of-charlotte-offering-tax-relief-to-seniors/912233080>

As you know we have many seniors and long term residence that are impacted and concerned with the updated home assessments and the increase in taxes that follow.

I am working with the Belmont CDC to host a Panel Discussion for our residence and everyone just loved you the last time we had you present.

We are looking at **March 30th from 10am - 12pm**. Would you be available that day for an hour for 2 to help shed light and resources for our residence on Property Tax relief?

Thank you,

Flotree, Cheyenne

Hi Larken,

How are things? Is the district keeping you busy? Hopefully you get to relax a little on the weekends. Let me know if I can buy you a cup of coffee sometime. I would like to hear your inside perspective on politics (locally and nationally) now that you have been in for a little while.

Perhaps that would be a good time for me to ask you about what is happening with the Miller's storm water drain. In the meantime, I would like to share these thoughts:

1. I am a supporter of yours and you have always been a friendly face to me.
2. The Millers are like family to me.
3. It breaks my heart that they are going through this. If there is one family who doesn't deserve to have manufactured trauma in their lives, it's the Millers.

Hopefully you can make time for me. I'd love to connect soon, or at least get your thoughts.

Thanks,
Brad

Larken,

Thanks again for coming to the Commonwealth Morningside Neighborhood Meeting last night. Per our discussion after the meeting, I'm sending you a map of the streets that I know of in our neighborhood that don't have curb and gutter. After all the rain the last few weeks, the runoff and mud is pretty unsightly. There's also nothing stopping parking on top of the planter strip, right on top of the trees that the City has recently planted on McClintock. Thanks for looking into this for us.

Best regards,
Bob

Subject: Re: TOD Ordinance - Public Hearing Draft

Taiwo,

Thanks for this information. This is indeed a lot to digest especially out of context.

A great aid would be for staff to take these major changes and tell us how they would play out in the Portman rezoning we have coming up Monday night. Council members asked for this information the night of the hearing, but we have not yet received it. In fairness to all, we need time to digest how this project lines up side by side with the current ordinance and the intentions of the future ordinance (given it is not yet law). Thinking it through the night of the decision isn't the way to do it.

For example, the Portman building is asking for height that would exceed the new TOD ordinance height by 230%. How would this align to the current ordinance, and then to the new ordinance with regards to open space and public realm standards? What would the fee in lieu be under the terms of the new ordinance? How does the parking structure design fit into the old and new ordinance? What other components of the project would earn points under the bonus structure? I realize the new ordinance is not yet law, but we just do not have enough information to understand this project with regards to what we want to see in our transit zones.

These answers could be provided in simple matrix form which might also give us a new process going forward, to better understand and evaluate TOD projects.

Regards,

Julie Eiselt

On Mar 1, 2019, at 9:34 AM, Jaiyeoba, Taiwo <Taiwo@charlottenc.gov> wrote:

Dear City Councilmembers and Planning Commissioners,

Good morning!

We are excited to share with you the Public Hearing Draft of the Transit Oriented Development Ordinance, ahead of the March 18 Public Hearing. In the linked Public Hearing Draft (https://charlotteudo.org/wp-content/uploads/2019/02/CLT_TOD_190227_Clean.pdf) you will find a limited number of major changes that focus on the following:

1. **Bonus Menu Option Changes:** These include two major components: more options for affordable housing including a horizontal density bonus through open space modifications and building length and the addition of several environmental items.
2. **Open Space Changes:** Calculations regarding open space are revised and include an easier calculation of the amount required and revised standards to when public open space is required. A note on this one is that in all versions open space requirements are more than our current standards (even with the affordable housing reductions).
3. **Public Realm Standards:** See clarification to language regarding streetscape and future back of curb measurements.

Staff has worked with the community to develop this draft based on comments, questions, testing, and best practices. In addition to the text linked above, you will receive a hard copy of the draft this week. You will also next week be receiving the companion document in hard copy (link here: <https://charlotteudo.org/wp-content/uploads/2019/02/2018-169-Text-Amendment-rev4-2-28-19.pdf>) which outlines how the ordinance will fit into our existing ordinance, the establishment of the Alternative Compliance Review Board, and the information regarding translation.

I know this is a lot to digest. However, as always we are available to sit down with you and your request to answer any questions, concerns, or comments that you may have.

Thanks,

Subject: [EXT] CCC: RSVP for Large Cities Council Networking Lunch and Meeting

EXTERNAL EMAIL: This email originated from the Internet. Do not click any images, links or open any attachments unless you recognize and trust the sender and know the content is safe. Please forward all suspicious email to bad.mail@charlottenc.gov.

Good evening,

We are less than one week away from our Congressional City Conference in DC (March 11-14), and we are excited to see you here in DC. On behalf of the Large City Council Chair Brandon Scott, we are inviting you to attend the Large Cities Networking Lunch and the Large Cities Council Meeting on Monday, March 11, 2019. See details below.

Large Cities Networking Lunch

Monday, March 11, 2019, 12:15 p.m. – 1:00 p.m.
Marriott Wardman Park, Washington Room 5

Lunch will be the perfect time to meet with your large city peers, and identify solutions and best practices to bring back to your community. ****Lunch will be provided****

Large Cities Council Meeting

Monday, March 11, 2019, 2:00 p.m. – 3:15 p.m.
Marriott Wardman Park, Washington Room 5

During the Large City Council meeting we will dedicate most of the time to focusing on our President, Mayor Karen Freeman-Wilson's Love My City Campaign. Specifically, our Chair, Councilman Brandon Scott (Baltimore, MD), NLC and DC staff will provide an update on the Housing Taskforce and solicit your input on local housing challenges and opportunities. Fortunately for the Large Cities Council, our Chair currently sits on the housing tasks force and will work with staff to make sure your feedback gets shared with the taskforce to inform the final report. We need to hear from you!!

All are welcome to these meetings. However, to get an accurate count for food and space, we request you **RSVP by responding to this email by Friday, March 8th**. Thank you, and we look forward to seeing you there.

Timothy A. Evans

Dear Council member Egleston,

Thank you for your commitment to making Charlotte a place where everyone can thrive.

I hope you can join me as a guest at our fundraising luncheon, Grandes Sueños (Big Dreams) on March 29, 2019, from 11:30 a.m. – 1 p.m. You will enjoy Latin food, music, and beverages, and learn more about Charlotte Bilingual Preschool's plan to prepare even more children for kindergarten with strong support of their families.

I have attached the invitation for your convenience. I certainly hope it is a resounding yes.

Thank you for making our children's future brighter!

Humbly,

Banu

Larken,

It was good seeing you last Thursday evening at CMNA meeting.

As a follow up to our brief conversation regarding the northern end of CMN between Morningside Village and Harris Teeter, attached is map showing the streets that lack complete curb with gutter, storm drainage system, and adequate sidewalk network.

This area is highly pedestrian and located between Morningside Village and the section of CMN that is being re-developed as multi-family with wider sidewalks, 8 feet planting strip, and curb.

Residents of this area and CMNA at large would like to see a capital project that can improve the pedestrian network, streetscape, and safety.

We look forward to hearing back from you.

Good afternoon,

Thank you for traveling with us to Montgomery, Ala., this past weekend. We are grateful to have shared the transformative experience with each of you. We are certain that each of you are continuing to process how this journey informed and challenged each of us to seek equity and justice.

Group Photos

Attached are two group photos from our stop at the Georgia Welcome Center. We've seen many of you have been sharing photos from the trip on your social media accounts. Please feel free to download and share these photos on social media and elsewhere as well.

Post-Trip Survey

Please [click here](#) to complete our post-trip survey and share your feedback. The survey should not take more than 10 minutes to complete. We appreciate your assistance in helping us continue to improve our curated trip experiences.

Saturday Lunch Payment

We are also collecting payment for Saturday's boxed lunches from Jimmy John's. Please [click here](#) to submit payment if you ordered a boxed lunch. The cost is \$8.50 per boxed lunch.

Future Opportunities

We heard from many on the trip of the desire to continue to share the future "journey" together. We are exploring the opportunity for:

- A Follow-up Conversation about our shared experience;
- The opportunity to Collect Soil from the site of the 1913 lynching at Good Samaritan Hospital (now Bank of America Stadium) perhaps as early as June 2019;
- The placing of markers at both Mecklenburg County lynching sites;
- Bringing the Mecklenburg County pillar home to be a permanent acknowledgment of our community's ties to this national tragedy.

Thank you again for joining us on what is sure to have been an unforgettable journey. We will be in touch in the coming weeks with more details about the aforementioned opportunities.

All the best,

Lillian

Larken,

Thanks again for coming to the Commonwealth Morningside Neighborhood Meeting last night. Per our discussion after the meeting, I'm sending you a map of the streets that I know of in our neighborhood

that don't have curb and gutter. After all the rain the last few weeks, the runoff and mud is pretty unsightly. There's also nothing stopping parking on top of the planter strip, right on top of the trees that the City has recently planted on McClintock. Thanks for looking into this for us.

Best regards,
Bob

Hi, Amanda.

The below email has two parts: water runoff and parking on planting strips.

Regarding water runoff and mud in the street, I talked with the very nice William Harris (E&PM) and he will reach out to Mr. Glusenkamp to see if the upcoming Lyon Court SDIP Storm Water project might help resolve the water issue. The second similar concern is from Mansour Edlin (704-965-4800 and allen.r.nelson@gmail.com) **Thank you, William!!!**

The parking concern was looked at by the CDOT investigator for the area. The road is 27 ft. wide, which leaves plenty of room for vehicles to park on both sides of the street with no safety concerns. There is no curb on the street, but there are sidewalks on both sides of the street with a wide planting strip with trees. We maintain curbing but we don't install it. We don't have a mechanism force motorists to keep their vehicle's wheels on the pavement when they park, although the road is wide enough. I'm scratching my head on this one. I'll reach out after William is finished.

Thanks for sending this our way,

Larken,

Thanks again for coming to the Commonwealth Morningside Neighborhood Meeting last night. Per our discussion after the meeting, I'm sending you a map of the streets that I know of in our neighborhood that don't have curb and gutter. After all the rain the last few weeks, the runoff and mud is pretty unsightly. There's also nothing stopping parking on top of the planter strip, right on top of the trees that the City has recently planted on McClintock. Thanks for looking into this for us.

Best regards,
Bob

Good afternoon Mr. Edlin,

Thank you for your email. Councilmember Egleston has asked for me to forward your concerns to the Charlotte Department of Transportation's Street Maintenance Division and the appropriate staff person will follow up with you regarding this matter.

If you do not receive a response, please feel free to contact me directly.

Best regards,
Amanda Burch

Larken,

It was good seeing you last Thursday evening at CMNA meeting.

As a follow up to our brief conversation regarding the northern end of CMN between Morningside

Village and Harris Teeter, attached is map showing the streets that lack complete curb with gutter, storm drainage system, and adequate sidewalk network.

This area is highly pedestrian and located between Morningside Village and the section of CMN that is being re-developed as multi-family with wider sidewalks, 8 feet planting strip, and curb.

Residents of this area and CMNA at large would like to see a capital project that can improve the pedestrian network, streetscape, and safety.

We look forward to hearing back from you.

Allison, Fulton and Officer Padgett. This has gone on for quite some time with two specific units on your/CHA property. The neighborhood keeps being told that due to privacy laws, etc you can't provide details but that something is being done.

Well to us, it just appears nothing changes...call after call after call, incident after incident. We were told , thorough your own word, in meetings that the neighborhood would not be subject to this without action before the properties where built.

Perhaps you can educate us on what is the "process" that you are going through. Based on what we were told in the community meetings and from what we do know about the activity of the tenants and or those that are living in those units ...both units would have been evicted long ago.

Maybe if we understand the steps that are being taken and the hard CHA and HUD policies and procedures that are being followed , we can feel more confident that you are keeping your word to the neighborhood and truly doing everything you can to address the issues with these very specific and identified units and the corresponding tenants in them.

perhaps a session or even over email you can summarize the actions generically and or send along links to CHA or HUD docs that are being followed.

Thank you
Keith

Hello all, just contacted police. We witnessed violence between a male and female outside of corner unit 104. The female and another male went inside unit and 3 men are now currently outside our home yelling at one another still. We have called multiple times on this exact unit and as homeowners would like to know what steps are being taken to resolve our neighborhood issues.

Good Morning, Mr. Egleston

We remain very interested in having you present at our event to give opening remarks if you are available and willing! We believe that LaBella's history in Charlotte aligns well with some of your initiatives and interests in this area and that having you open our ceremony would be the perfect fit.

We know that you keep a busy schedule, and in light of this we would like to offer three dates to accommodate. Would you be available April 4th, 9th, or 25th?

Thanks so much for your time and consideration!

Good Morning, Mr. Egleston

On behalf of the Charlotte office of LaBella Associates, we would like to request your attendance at our firm's Open House celebration. Our event will take place on Tuesday, March 12 at 4:00pm.

LaBella is an architecture, engineering and planning firm that has merged three of its Charlotte metro offices into one location at 400 South Tryon in Uptown Charlotte. The new 18,828-square-foot space occupies the entire 13th floor and is home to 60 employees. LaBella's presence in Charlotte began in 2010 with the acquisition of Pease Engineering & Architecture, a firm with a rich history of designing facilities in the Queen City dating back to 1938. This legacy includes iconic buildings and infrastructure around Charlotte such as the Charlotte-Mecklenburg Government Center, Charlotte Water Works - Vest Station, WSOC-TV, and others.

LaBella's story in Charlotte is one of heritage, growth, and renewal. In preparing for the move and celebrating its tremendous growth in the region, the firm wanted to find a way to preserve the historical project documents it had on file, so it formed a partnership with Community Historian Dr. Tom Hanchett and UNC Charlotte. The donated archived historical architectural/infrastructural documents now reside as part of the "LaBella Collection" at the UNC Charlotte J. Murrey Atkins Library and at Central Piedmont Community College.

You can read more about this here:

<https://www.ntheadlines.com/releases/labella-associates-donates-historic-queen-city-architectural-archive-to-unc-charlotte-and-cpcc>

Or listen our recent guest spot on the Charlotte Podcast here which discusses our donation, history in Charlotte, and move Uptown:

<https://thecharlottepodcast.com/2019/01/29/episode-156-a-very-exciting-file-cabinet/>

LaBella is committed to a vibrant, engaged and diverse Charlotte, to preserving the legacy of our projects and to showcasing Charlotte's history. I would like to formally invite you to our office opening celebration on March 12th at 4:00pm and also extend the invitation to provide opening remarks to those in attendance if your schedule allows. We would love to have you at our event!

Thank you for your time and consideration.

Best,
Megan Cox

LaBella Associates has moved Uptown! Please note our new address below.

Dear Mayor Lyles

I tried filling out the form for pot hole repair on Archdale Drive, but it will not submit. I've used every method known and followed the instructions, but it will not submit. We were on our way home from S.C. last evening, when we hit a pothole on Archdale Drive that nearly did some damage to our car. Luckily, we drove on home, and I haven't checked today for damage, but I will be surprised if not any. The pothole is quite deep on Archdale Drive, between Nations Ford Road and South Boulevard. It's on the Eastbound lane from Nations Ford Road about midway on Archdale Drive. Please have the City repair this immediately before damage is done to someone's automobile.

In addition, there is much trash being strewn along the streetsides all around the City, and Pan handlers or homeless people are begging on each corner. There should be a law against this type of begging. When an automobile stops at a light, there's someone coming up to the cars holding signs or begging for money....Please outlaw this type of behavior, and hopefully making it safer for automobiles on the road.

Sincerely

Jerry L. Wallace

ICE agents arrest 200 people across NC in ‘new normal’ of community enforcement

By **WBTV Web Staff** and **Anne Marie Hagerty** | Updated February 8 at 11:31 PM

Calling it ‘the new normal,’ feds arrest 200 undocumented immigrants in NC this week

By **Teo Armus** | updated February 08, 2019 07:28 pm

Per the press conference, the **ICE large scale enforcement effort in February** resulted in:

- Approximately 200 arrests made across North Carolina
 - 50 of those arrested had criminal convictions
 - 40 individuals had pending criminal charges
 - *50 were ICE fugitives* (individuals ordered removed from the United States by an immigration judge, but failed to depart)
 - **60 “collateral arrests”** of individuals (30%) who were found to be in the country illegally during the targeted arrests
 - This number created a small “bump” in the number of routine arrests made

Regular numbers include:

- FY2018 15,000 arrests were made in the three-state field area. (Georgia, North Carolina and South Carolina)
- 91 percent of those arrested were either criminally convicted or charged with a crime
- 50 at-large arrests are made on a weekly basis

ICE agents arrest 200 people across NC in 'new normal' of community enforcement

By **WBTV Web Staff** and **Anne Marie Hagerty** | Updated February 8 at 11:31 PM

CHARLOTTE, NC (WBTV) - The "new normal" is to expect more visible ICE presence in the community, ICE Atlanta Field Office Director Sean Gallagher said Friday, following 200 arrests across North Carolina.

Criminal offenders are being released back into the community, Gallagher says. The recent arrests include at least a dozen in Charlotte.

Sixty people arrested were "not a target" by ICE, but were at the "wrong place at the wrong time" and when identified by ICE agents, they were arrested.

Gallagher says 287(g) changes led to release of a person who they say, after being freed, committed an armed robbery in Mecklenburg County.

Mecklenburg County Sheriff Garry McFadden's office sent out a statement in response to the comments made by Gallagher that mentions the Sheriff deep commitment to keeping the community safe.

"If ICE is interested in addressing violent crimes committed by all citizens and not just those committed by immigrants, Sheriff McFadden would embrace the opportunity to work with ICE," the statement reads.

McFadden spoke to WBTV in a phone interview Friday night and continued to voice his opposition to the 287(g) program.

Mecklenburg County Sheriff Garry McFadden's office sent out a statement in response to the comments made by Gallagher that mentions the Sheriff deep commitment to keeping the community safe.

"If ICE is interested in addressing violent crimes committed by all citizens and not just those committed by immigrants, Sheriff McFadden would embrace the opportunity to work with ICE," the statement reads.

McFadden spoke to WBTV in a phone interview Friday night and continued to voice his opposition to the 287(g) program.

"I think it's a poorly designed program. If we look at it, it has poor designs in it. It doesn't bring unity in our community. It doesn't build trust," said the sheriff.

He said he thinks ICE is trying to scare community members with it's recent presence in the community.

"It is creating intentional fear, deliberate to create panic in the community," said McFadden.

ICE says they make around 50 arrests per week in the area and that the recent uptick is a result of new sheriff's office policies that are "dangerous."

"The statistics are very clear," ICE says. "Mecklenburg County's program has been a successful program," Gallagher said of 287g. He says they have identified "plenty of very violent criminals" through the program.

"I don't want to suggest that all immigrants are criminals - that's certainly not the case," Gallagher said.

Charlotte-Mecklenburg police say they refuse to participate in ICE immigration enforcement operations.

"Our country's immigration discussion is an emotional subject for many," CMPD said. "CMPD enforces state and local laws. ICE enforces federal immigration laws, police said in a statement hoping to clear up any "confusion."

"CMPD policy mandates that officers are required to treat everyone with whom they have contact with equally and without regard to race, gender, ethnicity, religion, age, citizenship, sexual orientation or any other arbitrary stereotype," the CMPD release said.

A rumor causing chilling impact in the community is that ICE sets up road blocks to catch and detain people

"I think the sheriff's office would be shocked at the individuals we're releasing back into the community," ICE said, explaining that 91-percent of those arrested were either criminally convicted or charged with a crime.

"Rape, sex offenses, they released a murderer," Gallagher said of those arrested. "We will continue to be out there protecting the citizens of these counties."

WBTV has reached out to the Mecklenburg County Sheriff's Office for a statement.

A group of people formed outside of the press conference to protest Friday morning.

Those who wish to check if someone is in custody or to see where they are, are asked to call the ICE Information line and provide the person's name: 1-888-351-4024.

The line is bilingual and staffed by live operators from 8 a.m. to 8 p.m.

The Charlotte Observer

Hundreds of immigrants in the U.S. illegally were arrested this week in North Carolina after some local law agencies stopped cooperating with immigration enforcement, a federal official said Friday.

Immigration and Customs Enforcement regional director Sean Gallagher said the arrests resulted from what he termed “the dangerous policies of not cooperating with ICE,” [The Charlotte Observer](#) reported.

is politics over public safety at its worst,” Gallagher said at a news conference. It’s a change, he said, that gave the agency “no choice” but to conduct targeted enforcement operations like the one this week.

ICE officers have detained 200 people in North Carolina this week. Another 25 were detained at an arms manufacturer in Sanford. Gallagher said more such arrests are likely when ICE is restricted from accessing county jails.

“If they’re in the wrong place at the wrong time, my officers will take an enforcement action,” he said.

Since December, new sheriffs in Mecklenburg and Wake counties have reversed a policy that notifies ICE about the legal status of inmates in county jails. The Durham County Sheriff’s Office also ended the practice of honoring ICE detainers.

Charlotte City Council member Braxton Winston said he was threatened with arrest for trying to enter the building without media credentials during the news conference at the Department of Homeland Security office in Charlotte.

Speaking to reporters and activists outside the office, Winston said he was told by ICE official Robert Alfieri that the arrests represent a “new normal” because Mecklenburg County’s new sheriff, Garry McFadden, is not cooperating with federal immigration enforcement.

Calling it 'the new normal,' feds arrest 200 undocumented immigrants in NC this week

By Teo Armus | updated February 08, 2019 07:28 pm

Sean Gallagher, Atlanta Field Office Director for U.S. ICE, talks about the increased arrests his office is making and attributed it to Mecklenburg County Sheriff Garry McFadden's cancellation of the 287g program at the jail.

After North Carolina's largest counties cut ties with Immigration and Customs Enforcement, the agency said it's been forced to adopt a "new normal": one that resulted in the arrest of hundreds of immigrants living here illegally this week.

"This is the direct conclusion of dangerous policies of not cooperating with ICE," said Sean Gallagher, who oversees the agency's operation in the Carolinas and Georgia. "This forces my officers to go out onto the street to conduct more enforcement."

Since December, newly elected sheriffs in the state's two most populous counties — Mecklenburg and Wake — have reversed a policy that notifies ICE about the legal status of inmates in county jails. The Durham County Sheriff's Office also [ended the practice of honoring ICE detainees](#).

These changes, Gallagher said, have given the agency "no choice" but to conduct targeted enforcement across the state this week. "This is politics over public safety at its worst."

Draft

March 4, 2019

During last week's City Council business meeting, I shared my belief that the key to creative solutions is to bring people together in a collaborative environment to achieve a common goal. This is why I am so proud of this new committee, *Immigrant Community Committee*, and our City Council as we are leading by example.

We are committing to action by dedicating time and resources to help our immigrant community. I believe words alone are not enough. Words must be coupled with intentional action as we build solutions together.

Family and child stability were identified as key determinants of economic mobility and opportunity by Charlotte's Leading on Opportunity task force. We recognize the significance that fear plays within the immigrant community and the traumatic effect family separation has on the community at large.

The City of Charlotte is a safe and inclusive city where all residents, businesses and visitors are treated fairly, equitably with the opportunity to thrive; regardless of their race, religion, gender, age, national origin, or creed.

- The City of Charlotte, including Charlotte-Mecklenburg Police Department, is **NOT** involved with U.S. Immigration and Customs Enforcement (ICE) federal immigration enforcement operations.
- City of Charlotte, including CMPD is **not** authorized to direct ICE operations and they are often **not** aware of ICE operations.
- The members of ICE have a federal reporting structure. They are directed by the Secretary of the Department of Homeland Security. The CMPD is not authorized to direct ICE operations.
- The City of Charlotte including CMPD has **NO** role in federal immigration enforcement.
- ICE enforces federal immigration laws while CMPD enforces state and local laws.

Diversity and respect for each other's differences is a strength of our city. This is a place where all voices are heard. Therefore, I'm asking organizations and partners with ties to the international community to help get the word out about the upcoming collaboration sessions. We welcome as many as can to attend.

I look forward to actively finding solutions for the challenges faced by our immigrant community within the next 45 days. As we define a fair and equitable path forward, we will invite other cities to learn from us and to join with us in our actions.

Sincerely,

Vi Lyles
Charlotte Mayor

Mayor and City Council,

"We the People" and grassroots voters of Charlotte Mecklenburg worked hard to ensure that Racism and the injustice treatment stopped at CMPAC Non - profit organization. It was all in vain!
Keema Mingo and her Special investigative board information was leaked and "We the People", voters and grassroots members are aware of the tap on the regiems wrist concerning the serious allegation.
It is alleged that the entire Administration will remain including the main two staff members, Operations Manager James Rossie, and Bren Long who were the main culprits of the alleged discriminatory acts.
"We the People" and grassroots voters were told by the CMPAC board that there was no decision made and the investigation was ongoing as of March 20 board meeting.

Subject: Re: TOD Ordinance - Public Hearing Draft

Taiwo,

Thanks for this information. This is indeed a lot to digest especially out of context.

A great aid would be for staff to take these major changes and tell us how they would play out in the Portman rezoning we have coming up Monday night. Council members asked for this information the night of the hearing, but we have not yet received it. In fairness to all, we need time to digest how this project lines up side by side with the current ordinance and the intentions of the future ordinance (given it is not yet law). Thinking it through the night of the decision isn't the way to do it.

For example, the Portman building is asking for height that would exceed the new TOD ordinance height by 230%. How would this align to the current ordinance, and then to the new ordinance with regards to open space and public realm standards? What would the fee in lieu be under the terms of the new ordinance? How does the parking structure design fit into the old and new ordinance? What other components of the project would earn points under the bonus structure? I realize the new ordinance is not yet law, but we just do not have enough information to understand this project with regards to what we want to see in our transit zones.

These answers could be provided in simple matrix form which might also give us a new process going forward, to better understand and evaluate TOD projects.

Dear City Councilmembers and Planning Commissioners,

Good morning!

We are excited to share with you the Public Hearing Draft of the Transit Oriented Development Ordinance, ahead of the March 18 Public Hearing. In the linked Public Hearing Draft (https://charlotteudo.org/wp-content/uploads/2019/02/CLT_TOD_190227_Clean.pdf) you will find a limited number of major changes that focus on the following:

1. Bonus Menu Option Changes: These include two major components: more options for affordable housing including a horizontal density bonus through open space modifications and building length and the addition of several environmental items.
2. Open Space Changes: Calculations regarding open space are revised and include an easier calculation of the amount required and revised standards to when public open space is required. A note on this one is that in all versions open space requirements are more than our current standards (even with the affordable housing reductions).
3. Public Realm Standards: See clarification to language regarding streetscape and future back of curb measurements.

Staff has worked with the community to develop this draft based on comments, questions, testing, and best practices. In addition to the text linked above, you will receive a hard copy of the draft this week. You will also next week be receiving the companion document in hard copy (link here: <https://charlotteudo.org/wp-content/uploads/2019/02/2018-169-Text-Amendment-rev4-2-28-19.pdf>) which outlines how the ordinance will fit into our existing ordinance, the establishment of the Alternative Compliance Review Board, and the information regarding translation.

I know this is a lot to digest. However, as always we are available to sit down with you and your request to answer any questions, concerns, or comments that you may have.

Thanks,

Dear Mrs. Vi Lyles,

My name is Abigail, and I am a student in the Cambridge Program at Hopewell High School in Huntersville, NC. I am writing to gather some brief insights that you might have with regard to the socio-political aspect on the varying levels of discrimination of LGBTQ community in regards to their rights. Below, I have a few questions on which I thought you might be able to provide expert feedback.

1. What do you think the major socio-political discrimination sources are with regard to LGBTQ rights?
2. How do you see the discrimination of LGBTQ rights unfold both locally and nationally?
3. Are there expert resources that you recommend to further illuminate my investigation on the socio-political aspects of LGBTQ rights?
4. Are there other insights that you have regarding this issue?

If you are able to provide feedback on these questions or refer me to someone that could, I would be most appreciative. Thank you for your time and consideration, and I look forward to your response.

Kind regards,

Abigail L. Farley

Subject: [EXT] Farm bankruptcies on the rise

EXTERNAL EMAIL: This email originated from the Internet. Do not click any images, links or open any attachments unless you recognize and trust the sender and know the content is safe. Please forward all suspicious email to bad.mail@charlottenc.gov.

There have been numerous stories on the rise in farm bankruptcies in 2018. Trade issues and low crop prices are two main issues driving down farm incomes. Coupled with rising interest rates and property taxes, it is a tougher road for farmers.

As per a 2/6/19 Axios report, "Farmer bankruptcies swell to decade high in Farm Belt" by Shannon Vavra, "U.S. farmers in the Midwest are filing for bankruptcy at levels the U.S. hasn't seen for approximately a decade, the Wall Street Journal reports."

"What's happening: Low commodity prices have been gouging U.S. farmers' bottom lines for years now, exacerbated by increasing agricultural competition from Russia and Brazil. President Trump's trade disputes, meanwhile, are adding salt to the wounds, as tariffs drive down prices and decrease profit for farmers."

By the numbers:

"In the 7th Circuit Court of Appeals, which includes Illinois, Indiana and Wisconsin, twice as many farmers declared bankruptcy in 2018 as during the 2008 recession".

"In the 8th Circuit, which spans from North Dakota to Arkansas, bankruptcies shot up 96%".

"In the 10th Circuit, which includes Kansas, Colorado and parts of Oklahoma, bankruptcies were up 59%. Together, these three jurisdictions accounted for nearly 50% of all farm product sales in 2017, per the Journal."

"Last year, farm debt rose to over \$409 billion, with the average size of loans in the 4th quarter reaching \$74,190, the highest 4th quarter level in history...Between the lines: The Midwest is hurting, and even though the Trump administration has been rolling out federal government relief for farmers to make up for tariff damage, lawmakers from both sides of the aisle fear it is only a short-term, partial solution."

As with the shutdown, real people are impacted by ill-conceived decisions on tariffs which could not have come at a worse time.. Loyalty to a President becomes tough when you cannot feed your family and may lose your livelihood. With the tariffs blocking markets for the farmers' products, the buyers must look elsewhere. These farmers will have to dump product or let it go to waste. This is a key reason economists say trade wars cannot be won. More people lose than win on targeted tariffs - this is not a new phenomena.

Mayor Lyles,

Dr. Tagbo Ekwonu asked me to send you this information as a followup to your recent conversation about the work we are doing through the ANPA Carolinas Symposium & Golf Tournament in May. The efforts support our Charlotte Free Clinic for heart disease, diabetes, and hypertension for the underserved and uninsured/underinsured. It costs us only \$50 a patient per year to provide their medical care. With 93% of all proceeds going directly to our programs all support is well stewarded. In addition to the fundraising aspect of the event, area doctors and nurse practitioners are brought up to date on important medical information in regards to the treatment of these diseases.

It is the committee's hope that you still might be able to pass this information along to others in the community that may be interested in supporting the efforts through sponsorships and/or playing.

Thank you for your consideration of this important community work. Please let me know if you need additional information.

Annual Symposium & Golf Tournament

Our 2019 Annual Symposium and Golf Tournament will be held this year on Saturday, May 18th at Carolina Lakes Golf Club.

With your help in 2018, we were able to provide care for 300 patients for a year at the HeartBright Cardiac Resource Center in Charlotte. In addition, we collected 307 pounds of healthy food, 230 protein shakes and bars, and 399 rolls of toilet paper to help local people in need. We also made a donation to ANPA Nigerian missions.

We hope that you will join us in 2019 in support of our goals of raising funds for a healthier community and keeping our medical community up to date on the latest medical treatment information and innovative products and services.

Please consider supporting this event by sponsoring and/or attending so that we can help even more people in 2019!

Please sign up now if you would like to attend.

Sponsorship opportunities are now available!

Good morning Mayor Lyles,

Please find attached an invitation for the Grand Bohemian Hotel Charlotte Topping Out on Tuesday, 3/19. Richard and Mark Kessler would be delighted if you could attend. The Topping Out will be on the top level of the structure as we have now completed and will begin the interior of the project. The event will begin at 11:00 am and will be about 20 minutes and we have light refreshments following.

We hope you can join us.

Thank you.

Good Morning Mayor Lyles,

My name is Seth Leavitt and I'm writing on behalf of Major League Lacrosse. As you may know, MLL is rolling into Charlotte this weekend for the 2019 Collegiate Draft, which is being held at the NASCAR Hall of Fame on Saturday, March 9th. This is the first time MLL is holding its draft in Charlotte, and its sparking a great partnership between the league, the Charlotte Hounds – and NASCAR.

I apologize for the short notice, but we would really enjoy having you – or a member of your staff, join us on Saturday night for the draft. We are holding a VIP reception from 6-9pm.

Also, we are extending an invite to announce a draft pick from the podium – a fun opportunity to play “commissioner for a day”.

Please let me know at your convenience if you or someone from your staff might be available to attend – and if interested in announcing a draft pick.

We greatly appreciate your time.

Best,
Seth Leavitt

Mayor Lyles,

It was so great to see you in our SouthPark store a few weeks ago, you're such an amazing person.

I wanted to follow-up on our conversation about you attending an event at our Nordstrom Rack Store in the Carolina Pavilion shopping center on South Blvd.

On Wednesday, March 20th at 8:00am – we would like for you to be our Honored guest, as our Rack store celebrate its status as a President Cup Store, being the “best of the best” in our Rack store division. As our City Mayor, you will be in attendance with our Rack Stores President, Regional Vice-President, Divisional Director, Divisional Manager, and a host of other Nordstrom officials from our corporate offices in Seattle, Washington. If you could share congratulations greetings and anything else that is noteworthy from the city, we would be so appreciative.

I can make arrangements to offer you personal car service to and from our Rack Store on South Blvd. and anything else you may need that morning, this event is only scheduled to last for one hour.

Thanks in advance for your sincere consideration, you can reach me at this email address or you can call me on my personal mobile number at 980-428-4143.

Hade

A historical site surrounded by historical communities.

These pictures represented the condition of the golf course in January 2019 - refer to pictures below. As you can see, tree stumps over 5 - feet tall left on the ground. A work order submitted for a resolution. In addition to the above, thick leaves left on the sidewalk impede walkers, joggers, and people in electrical wheel chairs from reaching their destination in a safe and secure manner.

At night, there isn't lighting to illuminate the area - just darkness.

Tree limbs dangling into the street, it looks creepy.

The Dr. Charles L. Sifford Golf Course at Revolution Park is a "favorite". It has a rich history and is known as "The First Tee of Greater Charlotte". Today, the golf course needs help in restoring the grounds to an improved landscape.

In the past, the grounds were rich green. Today, and through - out the years many residents have noticed a failure of the grass to stay green (in the winter the grass becomes dormant). Maybe water restrictions necessitate that better water irrigation or drainage methods be introduced.

Years ago, the golf course was a historical beauty and well manicured.

I am asking for increased funding and staff support. And, for you to consider the benefits of a great asset such as:

- improved revenue through increased rounds, fees or membership;
- increased facility value; and
- enhanced membership retention, etc.

Thank you for considering my concerns. - mb

Mayor and City Council,

"We the People" and grassroot voters of Charlotte Mecklenburg worked hard to ensure that Racism and the injustice treatment stopped at CMPAC Non - profit organization. It was all in vain!

Keema Mingo and her Special investigative board information was leaked and "We the People", voters and grassroot members are aware of the tap on the regiems wrist concerning the serious allegation.

It is alleged that the entire Administration will remain including the main two staff members, Operations Manager James Rossie, and Bren Long who were the main culprits of the alleged discriminatory acts.

"We the People" and grassroot voters were told by the CMPAC board that there was no decision made and the investigation was ongoing as of March 20 board meeting.

Good Evening Council,

Please join me in congratulating Stephanie and her team for hosting a great community engagement event today! Over 50 people gathered at the International House for the Opportunity Café and Alliance meeting. There was diversity in culture, thought and areas of work. Stephanie did an excellent job of sharing our work up to this point and our future goals. Through this meeting community members were about to see how their work directly plugs into our strategies and ultimately our North Star goal.

I do hope that we continue to host these events so we can grow our base and continue to become imbedded in community. I would like to encourage our council members to attend these events in the future. Not only does it show support to our LOO team; it shows community that we are here for and with them on this journey.

Have a great evening and enjoy a few pictures:

Thanks so much, Erin, for your presence and support today! It was a wonderful start to our Alliance building work held at the International House. Thank you, Patrice, for being there today, also. The community appreciates opportunities to connect in person with our Council members, as well as with members of team.

Over the last 3 weeks since inviting others to join our Community Impact Alliance, we have had more than 120 join as Opportunity Ambassadors. I know those numbers will continue to grow as we build our opportunity movement in the months ahead and continue to lead.

Together,

Stephanie

Hello everyone, just a reminder about sending us your 5 names (with the details in columns A-O) in the attached spreadsheet by tomorrow.

Also just to clarify please feel free to select people in your network and your selections don't have to meet all criteria noted. For example, if you want to include three people in banking or non-profits, feel free. We listed the criteria just so you know how we will select people and most important is that they will be highly engaged in the social capital conversation.

We will be able to mix people up based on the overall selections and by leveraging the diversity of your networks. Thanks!

Subject: Re: Intentional Movement for Social Capital / Documentary Premiere Ideas

Good afternoon,

We're beginning the process of planning for the initial documentary premiere and the creation of our seed groups. Per your request, we put together the attached spreadsheet to help you select five people you wanted to nominate for additional groups. From your recommendations, we'll be selecting individuals to form **three** groups as we think that will be a little easier than five.

You'll find a spreadsheet attached to this email. **Please complete this document and return to us via email by Tuesday, March 5th.** It should take roughly 10-15 minutes to complete.

- At the top of the sheet, you'll find some additional details about our selection criteria.
- **Your entries will begin on Row 10.** For each of your recommended individuals, you'll complete Row 10, Columns A-O. Let us know if you have any questions.

In the coming week, you can also expect an email from us about dates for the documentary event and an optional participant selection discussion.

Thank you so much for your continued efforts in building the social capital movement.

-Jon

Subject: Intentional Movement for Social Capital / Documentary Premiere Ideas

Team,

A small group of us met last week including Davita, Kathryn, Daniel (remotely 😊), John, Mike and Khaleel to discuss some of the next steps for engaging the larger community and showing the documentary.

Below are the ideas to report back on from the group. ***Please let me know if you have any thoughts/adjustments by end of day Friday and if not, we will begin putting steps in motion and looking at dates with you.***

1. **May Special Event** – each trip member would invite 5 people based on the selection criteria of how all we put together this group, i.e. commitment to social capital conversation and diversity of age, race, sexual orientation, job role and gender. We will share this criteria with you to aid in the selection.
 - a. Your invitees would form the foundation for five new groups to have a special event with. We would host a late afternoon/evening event from 4-8pm at venue near some trails (an attempt to re-create some of Mammoth experience). We could start with a short walk with the groups with some dialogue/informal connections. Then we would have dinner and share the documentary on a projection screen. Brian and Jay would also be invited to this.
 - b. We will share with the 5 new groups or your selections that they would be part of a their own three day expedition to take place in the NC mountains probably in late summer/fall. Our team would work on funding for this...this way they feel a part of building the movement and we have moved from 11 people involved to 70 very quickly.
2. **June Community Event** – invite all members of Charlotte community to a documentary premiere at the vacant Eastland Mall Space. We would work with vendors to have a mobile pop up stage and screen to show the footage. We would make a specific ask of people to share their social capital and connections that ties into the community-wide Social Capital Challenge being led right now by CIS and other leaders at YBLA, Leading on Opportunity, Welcoming America, YMCA, etc. The event would be in the theme of “Celebrating People” and we would engage with Davita to plan.

Once the documentary is complete we will propose a few ideas for just this group to watch together as well. We anticipate an early to mid-March completion of the final 25-30 minute piece.

From time to time we will have some planning conversations so we will offer those up to the group and people can join on a volunteer basis. We will be working on a funding strategy for the events and experiences so please reach out if you have ideas.

Thanks for your heart, care and time in building this movement!

-Jon

Subject: Re: Monday's Meeting / Intentional Movement for Social Capital

Hello team,

We are looking forward to our meeting on Monday afternoon. Safe travels for those of you already on vacation. Attached is an agenda to help guide our time together.

I updated the calendar invite with the conference line (800-916-2280 x49922867) and we will be meeting on the 26th floor at Dee's office for those who can make it in person. Your names will be on a list at the security desk. Please try to arrive at the building by 3:45pm so you can navigate parking and getting through security.

Have a great weekend.

Subject: Upcoming Meetings - Mammoth / Intentional Movement for Social Capital

Good afternoon.

I'm reaching out to share the date and time for *two important upcoming meetings for the group*. You'll also see calendar invites for each of these. Please confirm via calendar or via email with me that you're able to attend.

Mammoth Group Check In

We've confirmed that Dee O'Dell will be hosting a follow up and check in meeting for the group at his offices at Hearst Tower (214 N. Tryon Street) on **Monday, December 17th from 4:00 – 5:00 PM**. We will provide a dial-in/video conference option for those who are able to join but unable to be with us on-site. Please confirm ASAP whether you are able to join via phone or in person.

The Intentional Movement for Social Capital – Sharing and Planning

We have found a time where Jay Everette (with Wells Fargo) and Brian Collier (with the Foundation for the Carolinas) are available to meet with the group in early January. They are excited to hear more about your experience together in Mammoth, what has occurred since your return home and what may be on the horizon. This meeting is on **Thursday, January 10th from 3:00 – 3:45 PM at the Foundation for the Carolinas offices**. Please confirm ASAP whether you are able to join us for this important session. You'll also receive a calendar invite for this meeting.

Best -
Kali

Hi Melba,

Thanks so much for the kind introduction!

Hi Federico,

I'm an immigration attorney here in Charlotte and I am very interested in taking part in any meeting you have with immigration attorneys in the area and share my insight into what my clients are seeing. These days I mostly handle business and employment related immigration matters, usually for small to midsized companies. But I also represent many clients who are sponsoring their family members for immigration benefits as well as individuals facing removal proceedings at the Charlotte Immigration Court. Please let me know if I can be of any service to your endeavor.

And thank you for all your time and energy committed to the immigrant community in Charlotte. We're so happy that the city has taken steps towards truly becoming a "welcoming city" and we're eager to help in the efforts as best we can.

Best regards,

Ben Snyder

Really appreciate your taking time to meet today. The conversation was very informative.

I will forward the two emails that I received about suggested requests being made to Governor Cooper . I think it may be a work in progress. One is in English and one in Spanish. Also there is a group letter to Governor Cooper and legislators that is being signed by organizations. I will send that to you as well. Ben, I will also forward them to you.

Federico, our next NOW Board meeting (7 members) is 6:30-8:00 Monday March 25 Room 204 at the International House. If you could find a few minutes to meet the Board and share whatever you can, that would be great ! I know you are busy this month so understand if you cant. Just let me know.

Also, I spoke with Ben Snyder who is very eager to be a part of the meeting with Immigration attorneys that you are planning. He said the best way to reach him is on his cell phone. Call him at 336-392-7131. His email is BenS@charlottelaw.net I have included Ben in this email.

Great morning,

Please share this opportunity with those in your network. There are also Volunteering openings as well.

The Charlotte Skills Training fair is less than two weeks away - March 16, 9AM - 3PM.

We need volunteers the day of the event. Please let me know if you or someone you know is able to volunteer.

I have attached the Community Leader Packet and the Public Brochure. Please send these out to everyone you know.

Blessings.

**THE CHARLOTTE SKILLS TRAINING FAIR
BOOTH LAYOUT**

CHARLOTTE SKILLS TRAINING FAIR MARKETING PLAN

INTRODUCTION

The Primary objective of **The Charlotte Skills Training Fair** is to be a bridge between individuals who are unemployed or underemployed and skills training organizations. This effort will be followed by ongoing mentoring, soft skills training, aptitude testing, and career coaching. There will be NO fee for individuals who participate. Our objective is to help them experience sustainable change by gaining the ability to fully support themselves and their families. Our mission:

Transforming lives from hopelessness to hope,
with a future that is sustainable (spirit, soul and body)

MARKETING RESEARCH AND ANALYSIS

- In 2014, a study published by Harvard University and UC Berkeley ranked the 50 largest US cities on economic mobility – the likelihood that a child born into poverty will move out of poverty. Charlotte ranked dead last, 50 out of 50 in America
- 1/3 of all single moms on Mecklenburg County (12,163) are living in poverty (UNCC Poverty Snapshot, 2016)
- 14.5% (45,500) of CMC residents between the ages of 16 and 24 are identified as disconnected youth, meaning they are neither working nor going to school or training (Leading on Opportunity Report, 2017)
- 4388 CMS students were homeless or faced housing instability at some point during the 2014-2015 school year (Charlotte-Mecklenburg Family Homelessness Snapshot, 2014-2015)
- 1 in 2 Renters were cost burdened between 2010 and 2014 (Leading on Opportunity Report, 2017)
- A minimum wage worker earning \$7.25 per hour must work 96 hours a week (the equivalent of 2.4 full-time jobs) to afford a two-bedroom apartment in Mecklenburg County.²National Low Income Housing Coalition Out of Reach Report (2017)

TARGET AREA

The primary goal is to reach the population as illustrated in the attached marketing Map. The general area is defined as being a portion of Charlotte with the lowest average income. The objective is to reach a significant number of individuals within this area who will attend the Fair. Specifically, the target market area includes the following neighborhoods:

Idlewild South	Idlewile Brooke	North Sharon Amity	Idlewild Fords
Oakhurst	Farm Pond	Eastland Wilora Lake	Sheffield Park
Winterfield	Windsor Park	Markhaw Ridge	Echo Hills
Coventry Woods			

The geographical area is not intended to be the limits of the marketing. The marketing strategy will reach a much larger geographical area than is shown on the marketing map. However, the primary goal is to be successful in the neighborhoods noted above.

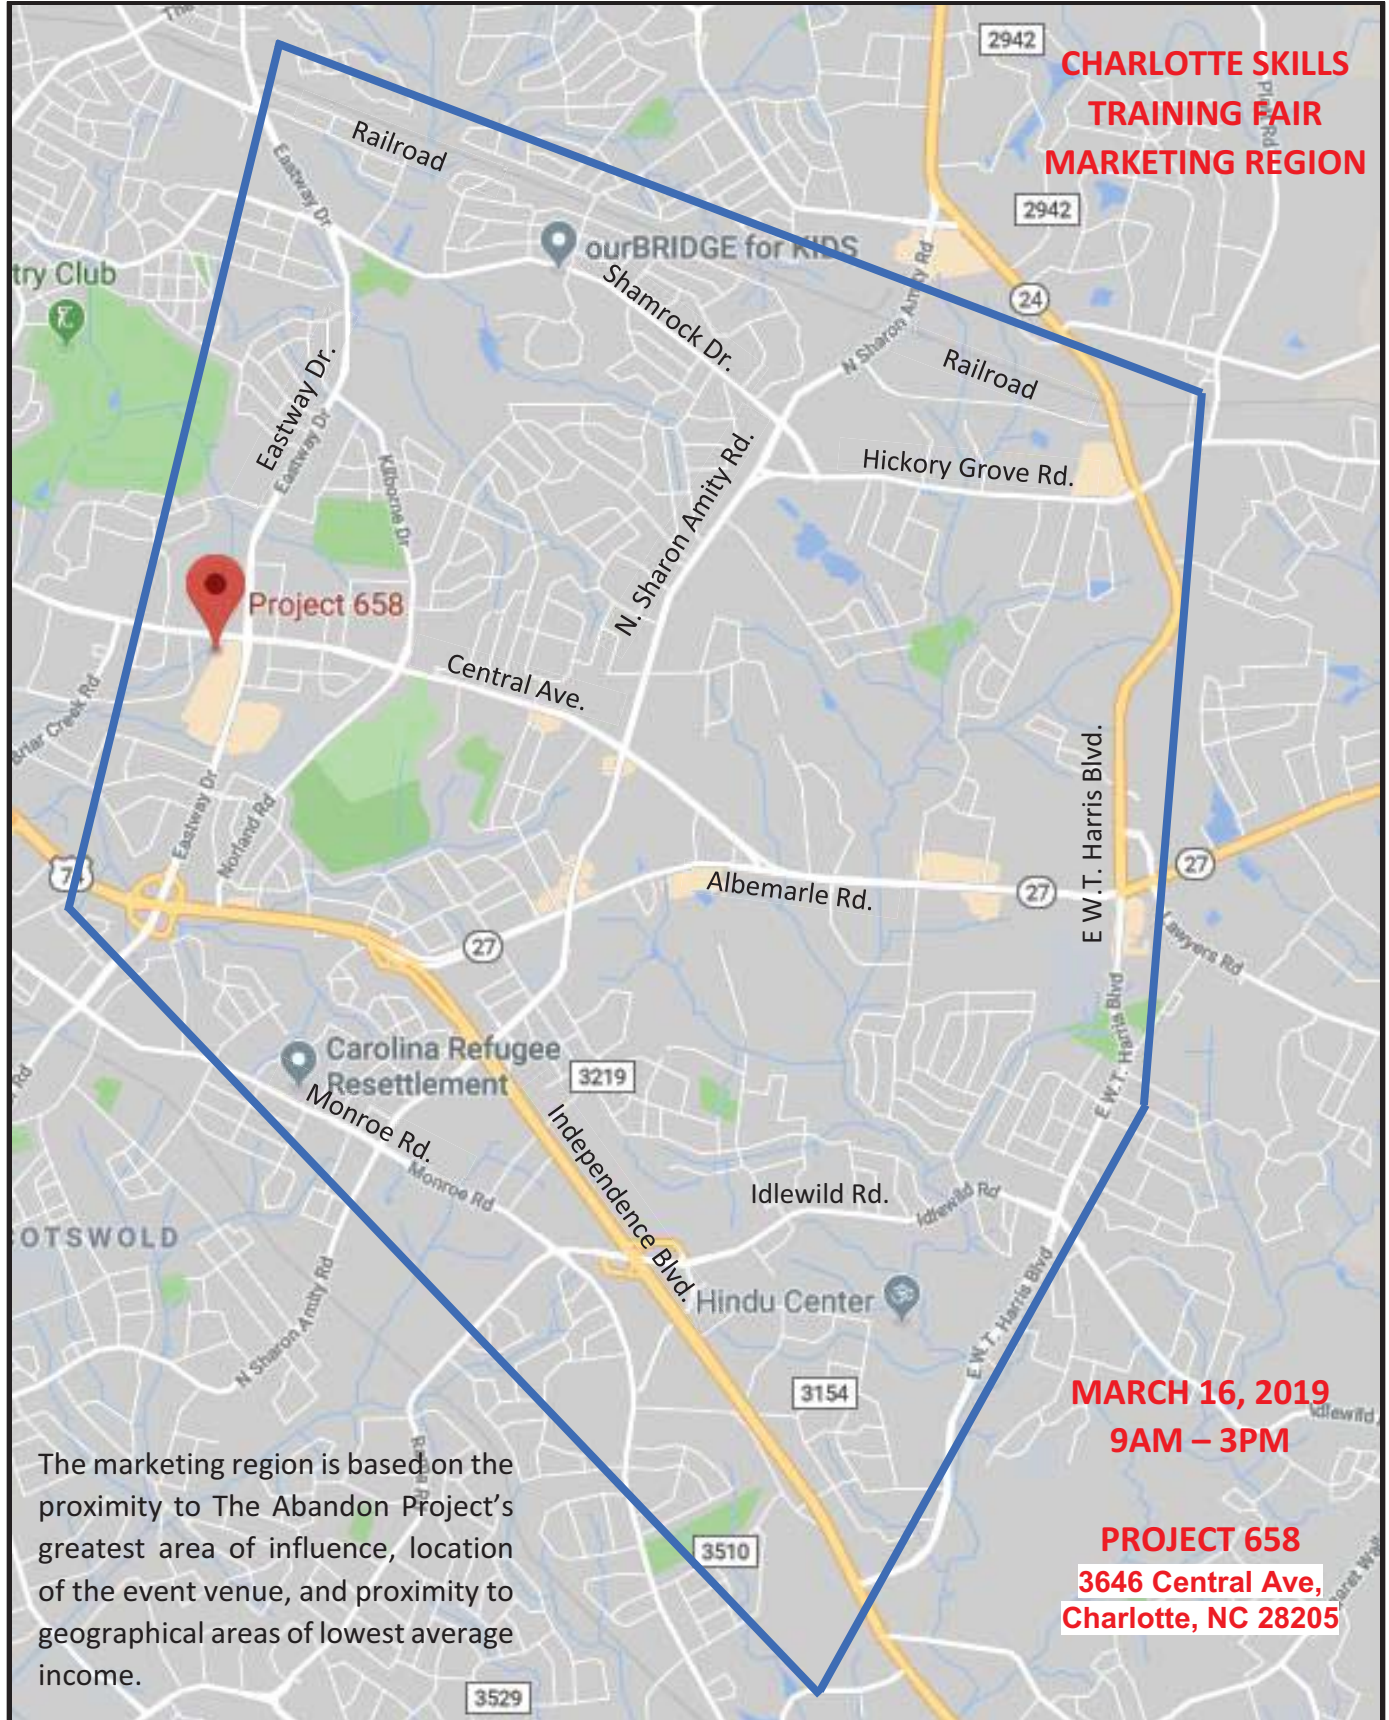

MARKETING STRATEGY

The marketing strategy is to utilize the sphere of influence through governmental and private organizations in the area. The following is a list of organizations that are committed to send out information about the Fair to everyone in their area of influence:

- City of Charlotte, Economic Development Department
- City of Charlotte Housing and Neighborhood Services
 - Northeast Community Engagement
 - Southeast Community Engagement
- Charlotte Chamber of Commerce
- Charlotte Mecklenburg Police Department – Community Engagement
- Charlotte Mecklenburg Schools – Community Partnerships and Family Engagement
- Community Churches through personal contact by TSLP
- Social Media (Facebook, Twitter, Facebook, TSLP websites, TAP website, etc.)
- Numerous businesses and ministries within the marketing region

**CHARLOTTE SKILLS
TRAINING FAIR
MARKETING REGION**

The marketing region is based on the proximity to The Abandon Project's greatest area of influence, location of the event venue, and proximity to geographical areas of lowest average income.

**MARCH 16, 2019
9AM – 3PM**

**PROJECT 658
3646 Central Ave,

Hello Federico -

I wanted to check in with you after my first full week of interviews. I have had about 15 meetings thus far and another 25 or so names I am reaching out to. Your name has come up a number of times and I definitely think plugging into some of your existing initiatives seems prudent. Let me know if you have any time early next week to touch base and perhaps discuss ways we can coordinate.

Speak soon I hope.

Subject: Regarding the City welcoming newly arriving refugees

Hello Tanja/Deepak,

As discussed earlier in our last staff meeting, please feel free to share needed information of our upcoming arrival to Emily and Kamal Dhimal, copied here, so the elected officials and/or the staffers of the City will be able to welcome them at the airport appropriately. We can share their names, language, country of origin and date/time of arrival.

Emily/Kamal, I am sure you already know Deepak's ph#. Tanja, R&P Case Manager at CRRA, could be reached at: 704-915-2488. Both of them will have an up-to-date info on the arriving family.

CRRA very much appreciates the City's efforts to welcome refugees. Depending on the arrival time of our clients, I also look forward to capturing the moment in photographs.

Emily/Kamal, please keep us posted.

Thank you,

...

Good Morning Ms. Powell,

Does the city provide any kind of assistance with translators at Neighborhood Meetings? We have a large Hispanic population and want to make sure that we are being as inclusive as possible. Our next meeting is April 11th at 6:30 at Silver Mount Baptist Church. Any help would be greatly appreciated.

Thanks so much.

EXTERNAL EMAIL: This email originated from the Internet. Do not click any images, links or open any attachments unless you recognize and trust the sender and know the content is safe. Please forward all suspicious email to bad_mail@charlottenc.gov.

Good afternoon All:

I am hopeful that this has been a productive week for everyone.

I wanted to provide a brief update on our forward progress specific to the Great American Clean-Up planning activities.

May 18th, Great American Clean-up Event:

- Jonathan successfully connected me with Karen Howard, Volunteer Services, Mecklenburg County, who advised of a planned renovation of the Sugaw Creek Recreation Center, which will result in the temporary closure of the center and limited access to parking, restrooms, and other areas within the park nearest to the center. The renovations are due to begin in late April and may directly affect our plans for the May 18th event.
- As an alternative, Karen recommended that we consider Tom Hunter Park, <https://www.mecknc.gov/ParkandRec/Parks/ParksByRegion/NorthRegion/Pages/Hunter.aspx?redirect=charmeck>
- Tom Hunter Park is less than 2 miles from Sugar Creek Community Park
- Areas of focus would be the entry to the park, children's' play areas and basketball courts: <https://www.google.com/maps/place/919+Tom+Hunter+Rd,+Charlotte,+NC+28213/@35.2783228,-80.7815474,3a,75y,160.51h,92.17t/data=!3m6!1e1!3m4!1sizi36vt323wmzyZNF43oHg!2e0!7i13312!8i6656!4m5!3m4!1s0x88541e421790c35d:0x746e36309e791c!8m2!3d35.278261!4d-80.781648>
- The proposed date and time, May 18th, 9 a.m. - Noon are ideal for the Park & Recreation Staff and has been confirmed as a date in which they can support
- A donation request as been submitted to City Barbeque - University City for food and beverages in support of the event (Formal written confirmation of approved request pending)
- Urban One - Radio One (Stations 100.9 FM, 105.3 FM, 92.7 FM) will run event awareness radio spots beginning May 1 encouraging volunteerism, once details have been confirmed; (Details required as to how volunteers register)
- In lieu of having the team to conduct a site visit, I intend to visit the site to take a photos and video of the proposed cleaning areas, which I will forward prior to this week's joint Board Meeting for our review and discussion
- We have an extensive list of tentative volunteer organizations, including CMPD (confirmed), Northside Christian Academy, Northeast Seventh Day Adventist, Parkwood Institutional Church, IKEA, Paymentus Corporation (Confirmed), Hunter Woods Nursing and Rehabilitation Center (some residents may be interested in assisting with very light duty pick-up or gardening)

Creek Week, Week of March 23-31

- Jonathan is awaiting confirmation for a March 23rd Creek Clean-up, with an alternative option secured on March 24, as a back-up. Confirmation pending.

Committee Action Items:

- Confirm agreement on Tom Hunter Park site
- Finalize event logistics (ex. Brief remarks - political & community leaders, CMPD, GAC Committee; volunteer photos, thank you messaging, lunch)
- Creation of Press Release
- Finalize marketing and communication collateral

Perhaps we can carve out time immediately following next week's Board Meeting to firm up the above.

Best Regards, Jairius.

Attachments: Invitation 04.01.2019.pdf

Hello Staff Advisors,

On Monday, April 1, 2019, a reception will be held in the CMGC Lobby at 600 E. 4th St. from 4:00 PM to 5:00 PM honoring those serving on boards, commissions and committees. Light hors d'oeuvres will be served.

Prior to the City Council Business Meeting, the Mayor will read a proclamation in honor of Volunteer Month recognizing all the board members who serve the Charlotte community on behalf of the City Council and Mayor.

Tomorrow, the City Clerk's Office will be mailing out invitations (see below and attached) to **all** board, commission and committee members inviting them to attend. Staff advisors are also invited to attend – we couldn't do it without you! ☺

Each active board member and all staff advisors will receive a commemorative notebook with a special note thanking them for their service. Members do not have to be present at the event to receive their notebook. Stay tuned for more information in regards to logistics (parking).

Please feel free to contact me with any questions.

Thank you!

Have a great week!

The Mayor and Charlotte City Council request the honor of your presence.

As we celebrate National Volunteer Month it is important to honor those who have served our community over the years. Please join us to receive a proclamation in recognition of your service on a board, committee or commission.

Draft 2

March 4, 2019

During last week's City Council business meeting I shared my belief that the key to creative solutions is to bring people together in a collaborative environment to achieve a common goal. I am so proud of this new committee, *Fair and Equitable Immigration*, and our City Council as they are leading by this example.

Charlotte is committing to action and we are dedicating resources – dollars and people - to help our immigrant community. I believe words alone are not enough. The words must be coupled with intentional action. This starts with the community collaboration as we build solutions and actions together.

Family and child stability were identified as key determinants of economic mobility and opportunity by Charlotte's Leading on Opportunity task force. This magnifies the significance that we recognize the fear within the immigrant community and the traumatic effect family separation has on a child's development and the community at large.

The City of Charlotte is a safe and inclusive city where all residents, businesses and visitors are treated fairly, equitably with the opportunity to thrive; regardless of their race, religion, gender, age, national origin, or creed.

Diversity and respect for each other's differences is a strength of our city. This is a place where all voices are heard. Therefore, I'm asking organizations with ties to the international community and partners in our community to help get the word out about the upcoming collaboration sessions and welcome as many as can attend.

I look forward to actively finding solutions for the challenges faced by our immigrant community within the next 45 days. As we define a fair and equitable path forward we will invite other cities to join with us in our actions.

Sincerely,

Vi Lyles
Charlotte Mayor

Charlotte is committing to action and we are dedicating resources – dollars and people - to help our immigrant community. I believe words alone are not enough. The words must be coupled with intentional action. This starts with the community collaboration as we build solutions and actions together.

Family and child stability were identified as key determinants of economic mobility and opportunity by Charlotte's Leading on Opportunity task force. This magnifies the significance that we recognize the fear within the immigrant community and the traumatic effect family separation has on a child's development and the community at large.

I'm asking organizations with ties to the international community and partners in our community to help get the word out about the upcoming collaboration sessions. I look forward to seeing as many as possible joining the discussions.

Sincerely,

Vi Lyles
Charlotte Mayor

Colleagues and friends,

I hope this email finds you well. Doctors Without Borders will be hosting an interactive exhibit called Forced from Home here in Charlotte from October 7-14, outside of the NASCAR Hall of Fame. This exhibit offers an amazing opportunity for community members to better understand the refugee experience. I invite you to attend and learn more about the work of this amazing organization and the resiliency of those whom it serves.

See more information about the event, including the host Erin Ching's contact, below.

Hi Federico,

Thank you for taking the time to speak with me today regarding *Forced From Home*. We are very much looking forward to bringing this issue to the community in Charlotte and we hope to reach as many people as possible. To this point, feel free to share the information below with your colleagues and networks:

I wanted to let you know that Doctors Without Borders is bringing their traveling, outdoor, interactive exhibition on the global refugee crisis, [Forced From Home](#) to Charlotte's NASCAR Hall of Fame Plaza for one week only Oct 7-14.

To give you some background, *Forced From Home* is a free, outdoor, interactive exhibition designed to educate the public about the global refugee crisis and humanize the narrative. With experienced Doctors Without Borders aid workers leading the one-hour guided tour, visitors can engage with stories and materials gathered from refugee camps, sea rescue missions, and emergency medical projects around the world. This immersive tour will bring visitors closer to the real experiences of the more than 68.5 million people displaced by violence and extreme hardship worldwide. Video preview [here](#).

This is an extremely relevant and important issue and I encourage you to attend the exhibition while they are in town.

You can learn more by visiting and sharing on Facebook:

<https://www.facebook.com/events/252644162044822/>

Twitter:

Doctors Without Borders (@MSF_USA) is bringing a free, interactive exhibition on the global refugee crisis to Charlotte's @NASCARHall 10/7 – 10/14. @ForcedFromHome brings visitors closer to the experiences of displaced people worldwide. Learn more at forcedfromhome.com/NC

Mark:

So excited to introduce you via email to Federico Rios, International and Integration Manager for the City of Charlotte. Not only does he have a compelling personal story, he is a dynamic speaker – funny,

engaging, and incredibly thoughtful and smart about creating change in Charlotte! <https://youtu.be/uGYne8u-orw> - here's a recent keynote he delivered. He is a superstar. You will love meeting him. I have worked with him through our Leading on Opportunity Council and he is one of the most genuine people I have met. In addition, he has a powerful personal story that aligns with his work and passion.

Federico Rios

INTERNATIONAL & INTEGRATION MANAGER

HOUSING & NEIGHBORHOOD SERVICES

City of Charlotte

600 E. Trade St. Charlotte, NC 28202

PHONE: 704 336 1264

MOBILE: 704-651-4661

federico.rios@charlottenc.gov

Federico Rios, as Charlotte's first International and Integration Manager, leads the city's Office of International Relations. Federico manages the city's efforts in both its international business and immigrant integration work. He is charged with implementing the Immigrant Integration Task Force report's recommendations and eliminating systemic barriers confronting Charlotte's immigrant community. Prior to joining the city, he spent eight and half years with Communities In Schools Charlotte-Mecklenburg. As the founding Director of the Newcomer Services Program in partnership with Charlotte-Mecklenburg Schools, he created a case management model to serve newly arrived and often highly traumatized, Central American youth. As the child of an Immigrant mother, he has felt a deep sense of calling to his work. His commitment to service is driven by his desire to see all of the members of our community have equitable opportunities. Apart from the roles that have already been mentioned he has served the community as a Crisis Intervention Specialist, Qualified Mental Health Professional and educator. He is a member of the Leading on Opportunity Council, Mental Health America's Policy and Advocacy Committee, the Communities In Schools Charlotte-Mecklenburg Board of Directors, the Charlotte Mecklenburg Library Engagement Committee and the Opportunity Insights Advisory Panel. In 2018, he received the

Latin American Excelente Community Service Person of the Year Award. His proudest accomplishment is being a husband to his wife Lakisha and father to his two boys Elias and Jaden.

Federico:

Mark Peres is looking forward to connecting with you! Here is a link to his work: <https://www.onlifeandmeaning.com/>.

Mark:

So excited to introduce you via email to Federico Rios, International and Integration Manager for the City of Charlotte. Not only does he have a compelling personal story, he is a dynamic speaker – funny, engaging, and incredibly thoughtful and smart about creating change in Charlotte! <https://youtu.be/uGYne8u-orw> - here's a recent keynote he delivered. He is a superstar. You will love meeting him. I have worked with him through our Leading on Opportunity Council and he is one of the most genuine people I have met. In addition, he has a powerful personal story that aligns with his work and passion.

Federico Rios

Federico Rios, as Charlotte's first International and Integration Manger, leads the city's Office of International Relations. Federico manages the city's efforts in both its international business and immigrant integration work. He is charged with implementing the Immigrant Integration Task Force report's recommendations and eliminating systemic barriers confronting Charlotte's immigrant community. Prior to joining the city, he spent eight and half years with Communities In Schools Charlotte-Mecklenburg. As the founding Director of the Newcomer Services Program in partnership with Charlotte-Mecklenburg Schools, he created a case management model to serve newly arrived and often highly traumatized, Central American youth. As the child of an Immigrant mother, he has felt a deep sense of calling to his work. His commitment to service is driven by his desire to see all of the members of our community have equitable opportunities. Apart from the roles that have already been mentioned he has served the community as a Crisis Intervention Specialist, Qualified Mental Health Professional and educator. He is a member of the Leading on Opportunity Council, Mental Health America's Policy and Advocacy Committee, the Communities In Schools Charlotte-Mecklenburg Board of Directors, the Charlotte Mecklenburg Library Engagement Committee and the Opportunity Insights Advisory Panel. In 2018, he received the Latin American Excelente Community Service Person of the Year Award. His proudest accomplishment is being a husband to his wife Lakisha and father to his two boys Elias and Jaden.

Happy Monday Federico and Emily,

Big thanks to you for saving us and lending the projector for our Great Decisions lecture. Really appreciate it. I have handed it over now to the leading on opportunity folks who are having an event in our auditorium today. I have handed over to Kevin Loux and crew. Also, sidebar....totally psyched to see that a woman of Filipino ancestry has been selected as the new CEO for the Alliance. Yay!

Let's Go Charlotte!!!

That's terrific. I would love to take part on such panel. I'll mark my calendar for now. Please advise any further details as they materialize. And if you need any assistance reaching out to either the Immigration Court or to other local members of the American Immigration Lawyers Association (AILA) Carolinas Chapter, I would be happy to help in that regard as well.

Thanks!

Sincerely,

Benjamin A. Snyder

Melba,

Thank you for connecting us.

Benjamin,

Thanks for reaching out. Here is a summary of what I am hoping to do:

The Mayor has asked me to serve as the staff liaison for a committee of four City Councilmembers tasked with meeting with members of the immigrant community. We would love to augment these sessions with an additional opportunity for councilmembers to familiarize themselves with the complexity of the immigration legal system. My desire is to have them visit immigration court and then hear from a panel made up of you all that would advocate for ways Council could better support immigrants within its jurisdictional purview. This would occur on March 21 from 10-12pm at the Latin American Coalition. I look forward to having you participate.

Hi Melba,

Thanks so much for the kind introduction!

Hi Federico,

I'm an immigration attorney here in Charlotte and I am very interested in taking part in any meeting you have with immigration attorneys in the area and share my insight into what my clients are seeing. These days I mostly handle business and employment related immigration matters, usually for small to midsized companies. But I also represent many clients who are sponsoring their family members for immigration benefits as well as individuals facing removal proceedings at the Charlotte Immigration Court. Please let me know if I can be of any service to your endeavor.

And thank you for all your time and energy committed to the immigrant community in Charlotte. We're so happy that the city has taken steps towards truly becoming a "welcoming city" and we're eager to help in the efforts as best we can.

Best regards,

Ben Snyder

I'll be in Charlotte March 27, I could maybe swing by going down the day before for this. Can't stay after, will be in DC. Regardless, I would recommend inviting Doug Thie—he's a real solid voice of reason politicians are likely to listen to.

Subject: Request from the City of Charlotte

Good afternoon,

I hope this email finds you well. I wanted to see if you would be interested in assisting me. The Mayor has asked me to serve as the staff liaison for a committee of four City Councilmembers tasked with meeting with members of the immigrant community. We would love to augment these sessions with an additional opportunity for councilmembers to familiarize themselves with the complexity of the immigration legal system. My desire is to have them visit immigration court and then hear from a panel made up of you all that would advocate for ways Council could better support immigrants within its jurisdictional purview. I would really like to host this visit and subsequent panel later in the month (the last week of the month I think would be best if feasible). Please let me know if you would be open to this. If you cannot participate please recommend someone who could. Thank you for your consideration. I look forward to hearing back from you.

Whitney,

It was great seeing you yesterday. I am so thankful for all that SEAC does in our community. Next time I would love to volunteer.

I am solidifying our final committee dates. Could you please let me know if you all would be able to host. No worries if you cannot. I understand I may be asking for something that adds challenges. Thanks for your help.

Hey Federico! Thank you so much for the information.

We have not had the internal discussion yet. I should be able to get back to you by the end of the week. I'm sorry about that timeframe but we don't have squad meetings until midweek and then have to check calendars.

Will get back ASAP!

Whitney

See answers to your questions below in red...except for the full answer to the second question, here is that:

Logistics:

4 committee members: Councilmembers Egleston, Ajmera, Mitchell and Newton – all other councilmembers are invited to attend as well

2 advisory board members: Jorge Millares (Community Relations Committee), Ruth Perez (Charlotte International Cabinet)

2 Office of International Relations staff: Federico Rios and Emily Yaffe (Office of international Relations)

1 Community Engagement staff person

1 facilitator: TBD

Federal, state, county and school representatives are all invited to participate

Targeted population:

Immigrant residents of Charlotte

Goals:

- Listen to effected community members challenges
- Co-create possible solutions to some of the issues
- Inform councilmembers on policies and best practices they could advocate for implementation

Approach:

Each community session begins with 30 minutes of informal networking and refreshments. Each participant is asked to introduce themselves (Name, one sentence on what made them want to come). This will be done only at each table if we have over 50 participants. Federico then presents on governmental purview; what is the local government (City, County, CMS) responsible for versus what are state and federal governments responsible for. Facilitator leads a group discussion about the issues faced by the community. Participants collect their table's challenges separated into the governmental body responsible for the issue. Facilitator then shifts to looking specifically at local government challenges. Each table then returns to the local challenges and is asked to create a possible policy to address the challenge. Each table's selected reporter then presents the table's policy statement. Each district will host a meeting (seven meetings total).

Thanks Federico! I will bring this to the squad for discussion. A couple of things:

- Can you tell me who the facilitator is? **We are working on that as we speak. It will be a neutral party i.e. not city staff**
- Is there a document/narrative or anything explaining the purpose of these meetings for the city? Can you share if so? **I have documented some of what I think you are looking for above.**
- Are the events open to the public? If we host, are we going to be tasked with bringing out the community members? **They would be open to the public. We would push the word out. We would appreciate any and all publicity that you could afford us but more than anything we want SEAC members present since the meeting is being held in their space.**
- If we host, will we be the only org that is present to discuss that day? If not, who else would be there? **We would be targeting residents in District 1 not orgs. There is always the possibility that they come but they will not be specifically invited.**
- How long would the discussions last? Are the discussion points already created? Or an agenda? Can you share if so? **I think most of this question is outlined above as well. 2 hour sessions with the first 30 minutes for refreshments and informal conversation. We are working through the actual agenda for each meeting. I am open to any suggestions you may have.**

This info will help us with our internal discussion. Thank you! Hope you're doing well!

Whitney,

It was good seeing you recently. As I mentioned before the Mayor has asked me to serve as the staff liaison for an ad-hoc committee of four City Councilmembers tasked with meeting with members of the immigrant community. These sessions will be interactive. A facilitator will lead community members through a group conversation and exercise in policy creation. We would love to host one of our sessions at the Southeast Asian Coalition's Community Center on one of the Tuesday, Thursday evenings or Saturday mornings in March. I would especially like the councilmembers to hear from SEAC youth. Please let me know if you would be open to this. Thank you for your consideration.

Hi Federico.

You are a busy man, doing great things 😊 You make us proud. I wanted to pick your brain for ideas on how CIS can create a hiring pipeline for Spanish speaking candidates. Currently I am creating a hiring pipeline for our senior college interns to provide additional training and guidance in preparation for possible future employment with CIS. I'm not sure what your week looks like but I am flexible this Tuesday 5th and Wednesday 6th. Let me know what will work best for you. Thanks

Hello Federico -

I wanted to check in with you after my first full week of interviews. I have had about 15 meetings thus far and another 25 or so names I am reaching out to. Your name has come up a number of times and I definitely think plugging into some of your existing initiatives seems prudent. Let me know if you have any time early next week to touch base and perhaps discuss ways we can coordinate.

Speak soon I hope.

Good Morning Ms. Powell,

Does the city provide any kind of assistance with translators at Neighborhood Meetings? We have a large Hispanic population and want to make sure that we are being as inclusive as

possible. Our next meeting is April 11th at 6:30 at Silver Mount Baptist Church. Any help would be greatly appreciated.

Thanks so much.

Subject: RE: [EXT] Translator @ Neighborhood Meeting?

Hi Millicent,

I was the staff resource for this neighborhood last weekend. The assistance that we can provide for neighborhoods is connections to [companies that can be contracted for interpretation](#), recommendations on how they can empower their own community members to play a role in their neighborhood meeting by helping translate (they had a community member last weekend who spoke Spanish and was very engaged.), and we can help connect them with local Latino supporting nonprofits that serve their neighborhood and may be able to come out and help the neighborhood increase their connections. The [Latin American Chamber of Commerce](#) is fairly close to them.

If this neighborhood association had no connections across language to their Latino neighbors, a staff member volunteering their time to interpret at a meeting would be an option to help get them started down the right path and find neighbors who could help them meet this need.

Best,

EXTERNAL EMAIL: This email originated from the Internet. Do not click any images, links or open any attachments unless you recognize and trust the sender and know the content is safe. Please forward all suspicious email to bad.mail@charlottenc.gov.

Good afternoon All:

I am hopeful that this has been a productive week for everyone.

I wanted to provide a brief update on our forward progress specific to the Great American Clean-Up planning activities.

May 18th, Great American Clean-up Event:

- Jonathan successfully connected me with Karen Howard, Volunteer Services, Mecklenburg County, who advised of a planned renovation of the Sugaw Creek Recreation Center, which will result in the temporary closure of the center and limited access to parking, restrooms, and other areas within the park nearest to the center. The renovations are due to begin in late April and may directly affect our plans for the May 18th event.
- As an alternative, Karen recommended that we consider Tom Hunter Park, <https://www.mecknc.gov/ParkandRec/Parks/ParksByRegion/NorthRegion/Pages/Hunter.aspx?redirect=charmack>
- Tom Hunter Park is less than 2 miles from Sugar Creek Community Park

- Areas of focus would be the entry to the park, children's' play areas and basketball courts: <https://www.google.com/maps/place/919+Tom+Hunter+Rd,+Charlotte,+NC+28213/@35.2783228,-80.7815474,3a,75y,160.51h,92.17t/data=!3m6!1e1!3m4!1siz!36vt323wmzyZNF43oHg!2e0!7i13312!8i6656!4m5!3m4!1s0x88541e421790c35d:0x746e36309e791c!8m2!3d35.278261!4d-80.781648>
- The proposed date and time, May 18th, 9 a.m. - Noon are ideal for the Park & Recreation Staff and has been confirmed as a date in which they can support
- A donation request as been submitted to City Barbeque - University City for food and beverages in support of the event (Formal written confirmation of approved request pending)
- Urban One - Radio One (Stations 100.9 FM, 105.3 FM, 92.7 FM) will run event awareness radio spots beginning May 1 encouraging volunteerism, once details have been confirmed; (Details required as to how volunteers register)
- In lieu of having the team to conduct a site visit, I intend to visit the site to take a photos and video of the proposed cleaning areas, which I will forward prior to this week's joint Board Meeting for our review and discussion
- We have an extensive list of tentative volunteer organizations, including CMPD (confirmed), Northside Christian Academy, Northeast Seventh Day Adventist, Parkwood Institutional Church, IKEA, Paymentus Corporation (Confirmed), Hunter Woods Nursing and Rehabilitation Center (some residents may be interested in assisting with very light duty pick-up or gardening)

Creek Week, Week of March 23-31

- Jonathan is awaiting confirmation for a March 23rd Creek Clean-up, with an alternative option secured on March 24, as a back-up. Confirmation pending.

Committee Action Items:

- Confirm agreement on Tom Hunter Park site
- Finalize event logistics (ex. Brief remarks - political & community leaders, CMPD, GAC Committee; volunteer photos, thank you messaging, lunch)
- Creation of Press Release
- Finalize marketing and communication collateral

Perhaps we can carve out time immediately following next week's Board Meeting to firm up the above.

Best Regards, Jairius.

Nothing! 😞 Not even an acknowledgement.
I'm going to just make the flyer myself.

Hi Denada,

Will the flyer be ready this morning? We really need to get it out to ensure that people show up on Saturday. Please reply back so we can plan accordingly. Several community members are asking us for the flyer so they can help us get the word out.

Thanks,
Nancy

Good morning. Couple of questions:

1. When will the Spanish copy be to us? We need it asap. **I have a community person reviewing our translation now to ensure it is correct. I will forward it to you as soon as I receive it.**
2. How will this flyer be distributed? This will help us to determine size. **It will be emailed and also handed out**

3. We need to add the following line at the bottom of the flyer, can you also have this translated: If you have a special need, including other language translations, please contact Sam Montenez, smontanez@ci.charlotte.nc.us or 704-618-3906. I've added the following line to the flyer... If you have a special need, or have questions, please contact Arturo Reynoso Jorge.Reynoso@charlottenc.gov or 704-336-7783

Good morning. Couple of questions:

1. When will the Spanish copy be to us? We need it asap. I have a community person reviewing our translation now to ensure it is correct. I will forward it to you as soon as I receive it.
2. How will this flyer be distributed? This will help us to determine size. It will be emailed and also handed out
3. We need to add the following line at the bottom of the flyer, can you also have this translated: If you have a special need, including other language translations, please contact Sam Montenez, smontanez@ci.charlotte.nc.us or 704-618-3906. I've added the following line to the flyer... If you have a special need, or have questions, please contact Arturo Reynoso Jorge.Reynoso@charlottenc.gov or 704-336-7783

Laura,

No worries. Thank you for getting back to me. Right now the date that I think would work best for the committee would be either March 16th or 30th. Both are Saturdays. We are looking for a space that can seat between 30-100 people. I recognize that may be difficult especially on a Saturday. I am open to any suggestion you may have for another space in Ballantyne. Thank you so much for your assistance.

Federico-

My apologies for not connecting with you yesterday. I was in meetings and then traveling the rest of the afternoon/evening.

What day and time would work best for you for us to host?

Looking forward to partnering to make this happen.

Hi Federico,

Sure I can connect you to the Morrison branch Executive Director and the VP.

Any idea on how long the session/s are designed to last? Do you need AV set up? Estimated number of people ? that will be helpful info for the branch to determine feasibility of their space options.

Happy to help!

Thanks!
Candace

Subject: Request for assistance

Candace,

I hope this email finds you well. I wanted to see if you would be interested in assisting me. The Mayor has asked me to serve as the staff liaison for a committee of four City Councilmembers tasked with meeting with members of the immigrant community. These sessions will be interactive. A facilitator will lead community members through a group conversation and then an exercise in policy creation. We would love to host one of our sessions at the Morrison YMCA on either a Tuesday or Thursday evenings or a Saturday or Sunday morning or afternoon in March. I would especially like the councilmembers to hear from the immigrant community members on that side of town. Please let me know if you would be open to connecting m to leadership at the branch that could help us plan and if you would like to participate. Thank you for your consideration.

Subject: RE: Request to meet to discuss action plan for Ad-Hoc Committee

Good morning,

Would you all be able to tell me CMs Egleston, Ajmera, Mitchell and Newton's schedule for all of the Tuesday, Thursday and Saturday evenings in March? This will help me plan all of our upcoming community meetings for the Mayor's ad-hoc committee. Thank you.

Federico,

The Mayor's calendar for next week is pretty full. She doesn't have much flexibility on those days.

Subject: Request to meet to discuss action plan for Ad-Hoc Committee

Good morning,

I am looking for a time to convene the ad-hoc committee of Council Members for a first meeting to discuss the scope of the work we will be taking on. Can you please advise me of a time that works for Councilmembers Egleston, Ajmera, Mitchell and Newton for either Tuesday February 26th or Wednesday February 27th?
