Question applies to Citizens Review Board (B/O/E)

CRB: Describe any personal attitude, life experiences, and prior examples that demonstrate you can make objective, impartial, evidence based decisions.

After many years of racial profiling my attitude towards policing was at a very disturbing high. As I continue to move forward in life I received a criminal justice degree from the UNCC, I also attended CPCC, BLAT training in the early 2000's. With this being said I can say now, I am well-equipped with the tools, to making objective, evidence based decisions.

CRB: Describe your experience in working with culturally diverse communities

My experience in working with culturally diverse community is well implement in the career that I have chosen. I work in the behavior health community here in Charlotte, Gastonia area's. In which we work and helps all people of all races, Men, Women, and Children young or old alike. I have also served a two term with the CRC in the med 2000's before coming over to the CRB. So with this being said, I must say I work well in and with our culturally diverse communities.

Question applies to Citizens Review Board (B/O/E)

CRB: Describe your comfort level in reviewing complex deadly use of force investigations and making recommendations for findings and discipline.

My comfort level with the use of deadly force is pretty high base on how many cases that has crossed our board. But understand it comes at a cost, because it is always a big and sad matter when it comes down to someone losing their life.
