	Being a long-time resident of Charlotte, I've had the pleasure of seeing this fair city grow, for better and worse.											
	Unfortunately, I'm not writing about the better.											
	I have been on Blackwood Avenue for many years, seeing many things and people come and go. Sadly, the one											
	thing that has seemed the most persistent is the drug dealing, drug use and, prostitution.											
	The information being given by the police officers in the area is that they are understaffed and unable to do routine patrols because they are constantly responding to calls for service. I have little doubt that the police											
	officers in our division are quite busy. I must complain that they are understaffed and unable to help combat the											
	problems with drugs and crime in our area.											
7390025 COMPLAINT	When drug dealers are able to operate with little fear of police intervention, there is a real problem. When used condoms are tossed into our yards on a regular basis, we have no recourse. Used hypodermic needles are											
	regularly found among the beer cans, cigarette packs and other miscellaneous refuse. Our children play in these areas and parents are in fear they will pick up a needle and contract an infectious disease. This is unacceptable as											
	a parent and resident.											
	The drug dealers and users stumble around day and night. They offer threats for even the slightest odd look.											
	If our police are so understaffed that the residents of our area feel unsafe, perhaps some reassignments are in											
	order. A property owner in the area has informed us that Narcotics detectives have been working in the neighborhood. If they have, we have seen little or no improvement from their efforts. The same property owner	r										
	has also informed us that these detectives have been called away to focus on Sugar Creek Rd.											
	We are under no illusion that we are the only neighborhood in the police response area with problems. We do	4/22/2019 0:00	2019 10-Apr	Police		BLACKWOOD AV	CHARLOTTE NC 28205 BLACKWOOD AV, CHARLOTTE, NC 28205	AMANDA BURCH	Mayor		CLOSED CITIZEN	4929125
	The following complaint was received in the Mayor's office.											
	As a resident and business owner in Charlotte I am writing you with my concern with the escalating crime in the uptown area and harassment by individuals on the street soliciting for money. It just seems that very little every											
	comes from your office or the city council on how to address this. With all the development, why is it getting worse. What is your plan? Our street is very unkempt and we have issues with those begging for money											
6700118 COMPLAINT	congregating at the end of Marshal Air drive doing drugs. We are doing what we can do to chase them away, but											
	it is endless. We find their cardboard signs at the collecting area and used needles, etc. If you want to buy drugs I can direct you where to go, end of Marshall Air Drive.	l										
	,											
	Concerned Citizen and businessman

He said that his neighbor has called 311 6 times about this but nothing has been done yet. Below is the full email he sent. Can someone provide a timeline for when this work will be completed? Thank you. Honorable Mayor Lyles, Thank you for serving our beautiful city of Charlotte. We met August 10, 2017 at One Meck Transportation Briefing at Charlotte City/County Government Center and again at Bradshaw?s Social Club at events Representative Alma Adams held and will keep it brief just a few questions for you: How much does it cost each time the city has to tear a sidewalk out and replace to repair a waterline break? How many calls to 311 to have them come back out after a sidewalk to trun up for a water leak repair is reasonable? Six calls would probably not be the number I would say? In fact my neighbor at 10321 Blairbeth Street, Charlotte, NC 28277 has called six times and many months and yet a sidewalk that the city is responsible for is still not repaired. As a former HOA President that oversaw the transfer of our community for builder to resident controlled HOA board we worked with many city departments and elemants to solve issues over many months and for some conc	1/2/2020 0:00 12/5/2019 0:00 2/14/2019 0:00 10/1/2019 0:00 2/28/2018 0:00 5/28/2019 0:00	2020 07-Jan 2020 06-Dec 2019 08-Feb 2020 04-Oct	Housing and NBHD Serv HNS Code Enforcement 290 Transportation Street Maintenance Solid Waste Services Housing and NBHD Serv HNS Code Enforcement 012 UT-Utilities UT-Administration 257	10321	COMMONWEALTH AV QUEENS RD ANDOVER WOODS DR BLAIRBETH ST	CHARLOTTE NC 28205 COMMONWEALTH AV, CHARLOTTE, NC 28205 CHARLOTTE NC 1400 QUEENS RD WEST, CHARLOTTE, NC CHARLOTTE NC 28210 7808 ANDOVER WOODS DR, CHARLOTTE, NC 28210 CHARLOTTE NC 28277 10321 BLAIRBETH ST, CHARLOTTE, NC 28277	7 EMERALD WEB PAGE ASHLEY INGRAM VICKIE BARGER EMERALD WEB PAGE	WEB Requests 311 Partner Liaison 311 Fulfillment WEB Requests	1441737 506038 35.12600704 -80.86718528 1447807 469258 35.02527518 -80.84460249	CLOSED MOBILE CITIZEN CLOSED CITIZEN CLOSED WEB CITIZEN CLOSED MAYOR	POINT (1447807 469258) 4140476 5979682 4465850 POINT (1441737 506038) 4612637

Detail Description

Citizen called to report junk accumulation on the backside of the shopping center. The addresses withing the shopping center is 3112 thru 3118 The Plaza. No one cleans the backside. There are TV"s, needles, condoms and everything on the ground. The trash cans are left out for days and no lids are on them. Caller says its just plain nasty. Please investigate.

Detail Description

The following complaint was received in the Mayor's office.

As a resident and business owner in Charlotte I am writing you with my concern with the escalating crime in the uptown area and harassment by individuals on the street soliciting for money. It just seems that very little every comes from your office or the city council on how to address this. With all the development, why is it getting worse. What is your plan? Our street is very unkempt and we have issues with those begging for money congregating at the end of Marshal Air drive doing drugs. We are doing what we can do to chase them away, but it is endless. We find their cardboard signs at the collecting area and used needles, etc. If you want to buy drugs I can direct you where to go, end of Marshall Air Drive.

Concerned Citizen and businessman

Richard L. Glenn

PHONE CALL MADE

On, 8/28/2017, I Lt. Caviness called the office of Glenn Diving reference to Emerald Complaint 6700118. The compliant, Richard Glenn was not in the office but I did speak with his secretary. I advised the secretary to leave a message for Mr. Richard Glenn that the Westover Div. community coordinators would be addressing the issue with the homeless camp at the end of Air Marshall Dr. I advised the secretary the Westover Div. would be working with code enforcement to address the issue. I left my phone number for Mr. Richard Glenn to contact me if he had any other concerns or issues. I also advised the secretary I would driving out there today to take a look at the situation.

Detail Description

Mr. McConnell wrote to Mayor Pro Tem Lyles about illegal activity in Sugaw Creek Park. He said that he's been there several times over the last few months and each time he has seen prostitutes working the park in broad daylight, heroin addicts doing drugs, needles left on the ground, plastic gloves that he thinks the prostitutes use, and homeless people camping. There is a disc golf course at the park and anyone playing routinely sees these things occurring. Can someone please investigate, contact Mr. McConnell via email and send a report I can share with MPT Lyles? Thanks.

Detail Description

Mr. Dickson sent an email to Mayor Lyles about a waterline break near 10321 Blairbeth St. and the sidewalk repair that has not been completed yet. He said that his neighbor has called 311 6 times about this but nothing has been done yet. Below is the full email he sent. Can someone provide a timeline for when this work will be completed? Thank you.

Honorable Mayor Lyles,

Thank you for serving our beautiful city of Charlotte. We met August 10, 2017 at One Meck Transportation Briefing at Charlotte City/County Government Center and again at Bradshaw?s Social Club at events Representative Alma Adams held and will keep it brief just a few questions for you:

How much does it cost each time the city has to tear a sidewalk out and replace to repair a waterline break? How many calls to 311 to have them come back out after a sidewalk is torn up for a water leak repair is reasonable? Six calls would probably not be the number I would say?

In fact my neighbor at 10321 Blairbeth Street, Charlotte, NC 28277 has called six times and many months and yet a sidewalk that the city is responsible for is still not repaired. As a former HOA President that oversaw the transfer of our community from builder to resident controlled HOA board we worked with many city departments and all the other departments like road certification and pond certification did outstanding jobs overseeing and demanding that the builder do it right. The water department though we had to make numerous phone calls and emails to solve issues over many months and for some concerns years left by the builder and city water department in the past so this is not an isolated incident it is a trend. We have probably seen in my almost nine years in our Charlotte community 10-25 waterline breaks that cause major leaks just in our small community of 202 town homes. Most of these seem to occur during winter months from freezing and thawing and living in Pennsylvania for about twenty years don?t remember a single occurrence and this was also a new community.

This would not cut it in private business as they would be out of business. With water line leak issues and sidewalk repair afterwards they will not give you an email address to report a problem so there is no accountability as you can only call. My suggestion is the water department should be privatized or at least the part that deals with sidewalk repair and water line leaks. The water line building codes that are required should be reviewed as there is a lot of money and time being wasted needlessly by homeowners and the city, that could be spent elsewhere in the city or returned to the taxpayers. Thank you in advance for your help to make Charlotte a place we love to call home and glad to work with you to make Charlotte water services more efficient.

Detail Description

The following email was sent to CM Egleston.

Being a long-time resident of Charlotte, I've had the pleasure of seeing this fair city grow, for better and worse.

Unfortunately, I'm not writing about the better.

I have been on Blackwood Avenue for many years, seeing many things and people come and go. Sadly, the one thing that has seemed the most persistent is the drug dealing, drug use and, prostitution.

The information being given by the police officers in the area is that they are understaffed and unable to do routine patrols because they are constantly responding to calls for service. I have little doubt that the police officers in our division are quite busy. I must complain that they are understaffed and unable to help combat the problems with drugs and crime in our area.

When drug dealers are able to operate with little fear of police intervention, there is a real problem. When used condoms are tossed into our yards on a regular basis, we have no recourse. Used hypodermic needles are regularly found among the beer cans, cigarette packs and other miscellaneous refuse. Our children play in these areas and parents are in fear they will pick up a needle and contract an infectious disease. This is unacceptable as a parent and resident.

The drug dealers and users stumble around day and night. They offer threats for even the slightest odd look.

If our police are so understaffed that the residents of our area feel unsafe, perhaps some reassignments are in order. A property owner in the area has informed us that Narcotics detectives have been working in the neighborhood. If they have, we have seen little or no improvement from their efforts. The same property owner has also informed us that these detectives have been called away to focus on Sugar Creek Rd.

We are under no illusion that we are the only neighborhood in the police response area with problems. We do wish that we were able to see a larger police presence. We are at our wits' end and wish to see a bit of safety return to our neighborhood.

Please help us!

Blackwood Avenue residents
