He got out to tell me he was taking it back. I told him I was going to take it to the church (wherever it was) and speak to the Pastor. He got back in his car and drove off- he believed I would be following him but I needed to complete some data entry on my computer so he stopped at the driveway of the parking lot. He got out of his car and called out to him that I needed to finish paperwork. He drove off and about 2 minutes later a security officer drove into the parking lot. This individual remained respectful and was familiar with the sign ordinance. Since he was I asked if he'd like to take the sign and he said yes. I thought it would be better coming from him than me and he agreed.	9/16/2019	Compliance	13.105. Prohibited signs. (3) Portable signs.
