Hey all,  
As I step back from media relations (except for the planning department), I'm turning over to you my OneDrive files of public records requests. Copy and save my files into your own files for any outstanding requests. If you're working on a request I was originally involved in, I might also have files saved in Outlook, so feel free to reach out to get those. Of course, any requests for the Planning department, loop me in.

Britt
