4403	11/18/2020 9:15		Robin Spears		Requesting copy of video of accident involving bus #2132 on 11/9/20. Bus driver was James Meadows. Hello, my name is Andrew Williams and I'm a data reporter at NBC News. I'd like to submit two public records requests for the Charlotte-Mecklenburg Police Department's arrest and use of force data. Arrests FOIA We are requesting raw data — in a machine-readable database or spreadsheet formats such as SQL, CSV, XML, JSON, Excel, or Access files — on the Charlotte-Mecklenburg Police Department's arrests. The time period of the data should cover from January 1, 2015, through the date on which this request is fulfilled. The data should include all arrests by the CMPD. The data should include all disclosable fields, including but not limited to fields containing the following types of information: Arrest Primary Key Arrest Date Arrest Time 24hh Arrest Location Arrest X Coordinate Arrest Y Coordinate Zip Council District Census Tract Arrest County Desc Race Sex We are also requesting any data dictionaries, code tables, or other types of manuals that define, in plain English, the meaning of the column headers in the data, and any codes, acronyms, abbreviations or other shorthand terms used for entries in the data. We are asking for an export of raw data, to the extent maintained in CMPD's databases. We do not expect the City to manually input or alter any information into the data for the purposes of fulfilling this request. Location of the Data: We are not familiar with CMPD databases that contain arrest information. We request these records in a machine-readable database or spreadsheet format — such as SQL, CSV, XML, JSON, Excel, or Access files — and not printed out, or converted to PDF files, or otherwise processed in a manner that would decrease the quality, quantity, or accessibility of the original information the records represent. We realize the information may be contained in multiple tables. We are not asking CMPD to join tables together for us, or to conduct any type of analysis on the data. We are merely asking for the department to export the raw data, as it exists in the department's database, which should minimize the amount of programming necessary to fulfill our request. We can do the joining on our own, so long as each table contains the unique identifiers and primary keys necessary to join the tables together, and so long as we are provided the necessary documentation to ensure that we are accurately joining and analyzing the data. We are comfortable working with very large databases in many standard data formats. Upon request, we would be happy to provide a USB thumb drive or external hard drive to facilitate the release of these records. Since this information is being sought for journalistic purposes, we request that any fees be waived because disclosure of the responsive records is squarely in the public interest, and will make a significant contribution to the public's understanding of critical issues related to law enforcement. I ask for a determination on this request within 10 days of your receipt of it. If you deny any portion of this request, please cite the specific statute that you feel justifies each exemption. We request that communication regarding this request be conducted via email, and that the request be filled via email if possible, as we are entitled to under the	Submitted to Departments	Open	CATS	No

			Dear Reader:  I am writing pursuant to the North Carolina Public Records Law to request all documents and recordings of any and all citizen requests made in 2019 and 2020 for inspection or maintenance of a curbside tree located at 2115 Dartmouth Place, Charlotte, NC 28207.  The documents I am requesting include, but are not limited to, emails, internet service requests, call logs, call recordings, call transcripts, call notes, and all data related to each citizen request to the City of Charlotte regarding the curbside tree located at 2115 Dartmouth Place.  To assist in your search for these records, <u>but without limiting the scope of this request</u> , a witness (Rafael Secundo) submitted a request around October 2019 for inspection/trimming of a tree located on the tree lawn at 2115 Dartmouth Place.  I am also requesting all documents and recordings related to the inspection, maintenance, or removal of any and all trees on Dartmouth Place during 2019 and 2020. The requested documents include, but are not limited to, all correspondence including emails, inspection reports, inspection logs, photographs, video recordings, work orders, invoices, change orders, payment receipts, memoranda, and all other data generated in connection with the inspection, maintenance, or removal of curbside trees on Dartmouth Place during 2019 and 2020.  Please accept this letter as my consent for any fees related to this request up to \$50.00. Please contact me for consent if the fees will exceed \$50.00, or if you have any questions about this request.  Very truly yours, Glen H. Garrett

4330	10/27/2020 11:12		Council, Mayor As I am waiting for a response, I see on #CLTCC that another member of Council has again blocked someone on Twitter. I copied the text below so you can find the account. Why continue to block this public information? It is obvious that Council has altered status of accounts, is still blocking accounts, probably muting accounts, and evading exposure by failing to provide a truthful account of records (with two exceptions noted). Also, I requested all communication about this request. This has not been provided. Also, I have not received any explanation for why Patrick Baker stated there are no records, but was next sent the partial records I have described. This doesn't seem honest. I have asked for the regular process Mr. Flotree stated was used, but was sent a public records policy instead. I made these requests for public information from Mr. Mills and received no information: Are there guidelines/policy to timeframe to respond to a PRR? And ... is there a policy re: elected officials' accounts (or a general policy or training or instruction that would cover this specific issue of blocked/muted twitter accounts) as part of larger topic training on PRR's and use of social media? Also, does your office track and obtain answers from elected officials for public records requests? Who is the Official Custodian of Records per N.C.G.S. for the City of Charlotte for information other than documents sealed by the Clerk? Therefore, this request may not be "considered closed" as Mr. Flotree states. Per the Public Records Policy sent by Mr. Flotree, there are Public Records Liaisons in each department. Please provide a record or records identifying those people and any training they have had in public records law. Is there any policy that addresses the responsibilities of City Council and the Mayor to respond to public records? If yes, please provide it. This seems like a ton of trouble to hide the results of who you blocked/muted on Twitter.	Submitted to Departments	Open	City Clerk;#Office of Constituent Services No

					I request copies of the following public records pursuant to the North Carolina Public Records Act, G.S. §132-1, et seq.: 1) Any draft non-discrimination ordinance or similar ordinance prepared since June 1, 2020. 2) Any communication—including but not limited to emails, text messages, instant messages, letters, and memos—sent and/or received by Vi Lyles and/or Patrick Baker regarding a non-discrimination ordinance since September 1, 2020. 3) Any communication—including but not limited to emails, text messages, instant messages, letters, and memos—sent and/or received by Vi Lyles and/or Patrick Baker with the following individuals since September 1, 2020: Lydia Lavelle and/or Beau Mills. 4) Any communication—including but not limited to emails, text messages, instant messages, letters, and memos—sent and/or received by Vi Lyles and/or Patrick Baker regarding a telephone call on Friday, October 16, 2020 to discuss a non-discrimination ordinance with mayors across North Carolina Please treat each numbered item above as a separate request and produce records on a rolling basis, as they are available. Do not wait until all responsive records are available to make a first production. The law, specifically G.S. 132-6(c), requires non-public information contained in an otherwise public document to be redacted; the presence of non-public information does not exempt an entire document from disclosure. If you do redact any information or deny this request, in whole or in part, please cite each specific exemption you feel justifies the refusal to release the information. If possible, please provide the request records in the most practical electronic format (by e-mail, thumb drive, CD, etc.) on a rolling basis, as documents responsive to this request become available for production. I would like to request a waiver of all fees since the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of an important topic in our community. This information is not being sought for commercial purposes. In the event there will be fees associated with fulfilling my request, please notify me in advance. The law requires that you respond to and fulfill this request "as promptly as possible." G.S. 132-6(a). Given the limited scope of this request, I request production of responsive records begin no later than Monday, October 26, 2020. 4252	10/2/2020 10:03		Veronica Lasater		September 30, 2020 Boston University College of Communication 640 Commonwealth Avenue Boston, Massachusetts 02215 Stephanie C. Kelly, City Clerk Office of the City Clerk 600 East Fourth Street, 7th Floor Charlotte, NC 28202 704-336-4515 Dear Stephanie C. Kelly: Pursuant to the state public records law, G.S. § 132 and any other applicable state or federal laws or regulations, Boston University requests access to the following: All records of earning and compensation for the Charlotte-Mecklenburg Police Department from Jan. 1, 2015 to present including but not limited to full employee name, including middle initial, current rank, date of hire, regular salary, overtime pay, detail pay, reimbursement for any vacation, personal or sick time not used, injury pay, retroactive pay, educational benefits or any other information or records that would fulfill this request. We request this information in electronic format. If any fields or records are deleted or redacted, please provide a detailed explanation of the exemption under the laws your office relies on to justify the deletion or redaction. Also please provide all documentation necessary to load and analyze this data, including the record layout for each table, field descriptions and electronic copies of the codes. As you are aware, the state Public Records Law does not allow a blanket exemption for public records but instead requires the custodian of the records to justify withholding any or all parts of a record by the application of narrowly-defined exemptions. When exempt information is intertwined with non-exempt information, the non-exempt portions are subject to disclosure once the exempt portions are deleted. If all or any part of this request is denied, please cite the specific statutory exemption(s) which you believe justifies your refusal to release the information and inform me of your agency's administrative appeals procedures available to BU under the statute(s). I request an expedited response to this request and a waiver of all fees, as allowed for by the state statute. The public's right to access to records maintained by public agencies such as yours may be enforced by court order of mandamus. The records I request are very specific and narrowly defined and memorialize the kind of routine business for which the public has an interest. If you have any questions regarding this request, please don't hesitate to contact me at 512-230-3702. Thank you in advance for your help. 4221	9/24/2020 15:13	9/25/2020	Julie Hollar		Please send me the report that Officer Yates followed up on my report of an incident on June 26th, where I contacted animal control about a dog that was without provocation and inflicted severe injury on my elderly mother's cat when not on the dog's property. My mom had fallen off her deck and was laying there yelling for help, and the teenage owner of the dog was walking by and saw my mom's cat who was sitting in her driveway, on her property, waiting for help. The teenager lost control of the dog and it ran down my mother's driveway and into her backyard (over her body lying on the ground immobile) and tried to kill her cat. It took 3 neighbors to finally get the dog off of her cat, at which that point the cat was motionless and unconscious. A neighbor who was helping my mom while waiting on a 911 call for an ambulance to come pick her up, went back and found my mother's cat lying unconscious and drove it to the emergency hospital. Officer Yates has been a big help and fully willing to talk to me and help me. The owners of the Cane Corso dog have not taken any responsibility in this situation and never even checked on my mother or her cat after the attack. My mother is elderly and so my brother and I have been trying to help her recoup her \$6800 in vet bills to save the cat's life, as well as represent her throughout this awful time. A report was submitted by Officer Yates and perhaps another report after he and I had a long conversation on 7/4/20 as to him giving a Leash 1 citation and entering a containment order. I would like a copy of any of the reports regarding this incident as we are trying to pursue reimbursement for this awful accident. Thank you so much	Fulfilled	Closed	Police	No

				<p>to whom they concern.</p> <p>This is a request under North Carolina Public Records Law, G.S. 132-1.. I hereby request disclosure of all risk management claim information maintained in the department's computerized claims tracking system. the data sought should cover the period from the time it has first electronically gathered (if possible) to the present, and should include information on closed claims and on pending claims. The request is for an electronic copy or extract of data in a standard, machine-readable data format.</p> <p>The data should include all information considered public and maintained within the computer system. If possible, this should include the following:</p> <ul style="list-style-type: none"> <li>-Full name of person who filed claim</li> <li>-Date of claim and type of claim</li> <li>-Agency named in claim</li> <li>-Injury description</li> <li>-Whether claim was granted or denied and reason, if available</li> <li>-Payment, if any, made on claim and amount</li> <li>-Any cause of loss, accident or injury information that might be available</li> <li>-Attorney information and attorney fees</li> <li>-Claim summary</li> <li>-Any other data gathered pursuant to a claim</li> </ul> <p>I also request any alphanumeric coding or tables employed in the creation of the dataset.</p> <p>If you regard any of the requested records as subject to exemption from required disclosure under the law, I hereby request that you exercise your discretion and disclose them nonetheless.</p> <p>If the reason you are unable to disclose information is that there is an ongoing investigation, please notify me and wait to fulfill the request until such time as the investigation closes. If you decide to withhold any requested records, please do not deny the entire request and release information available under the law. If you cannot fulfill certain parts of this request or certain portions must be redacting those portions claimed to be exempt, explain in writing the justification for redacting the record, indicate the extent of any redactions on the portion of the record which is made available or published and where technically feasible indicate on the redacted portion itself the specific exemption(s) claimed.</p>	Submitted to Departments	Open	Finance	Yes
4173	9/14/2020 13:08	Steven Rich	Washington Post	<p>On July 24, 2020 at my request Charlotte Mecklenburg Storm Water Services inspectors Ron Eubanks, Chanell Hatch and Eugene Hudson went to Davidson Bay Phase 2 in Davidson, NC and their inspection resulted in a Corrective Action Request for buffer disturbance at 708 Amalfi Avenue. It is my understanding that a Water Quality Buffer Revegetation Plan was to be submitted to Ron Eubanks within 30 days. This time has now passed. I would like a copy of this plan so that as a private citizen advocate I can monitor whether any vegetation has been replaced. I can clearly see this property both from the road and from kayaking on the lake as can many others. I have followed up with Ron Eubanks via email and phone and have also emailed the town planner responsible for this development in Davidson, David Cole, but to date (Sept 11,2020) have not gotten a response. Please consider this a freedom of information act request for the Water Quality Revegetation Plan at 708 Amalfi Avenue in Davidson. Thank you</p>	Closed Unfulfilled	No Response	City Clerk	No
4171	9/11/2020 15:24	9/14/2020 Jone Nate	Washington Post	<p>Hello I was wondering if you could provide me with any information on past evictions in my name. I was told by an apartment complex that I would be able to get this information from you. An electronic database of sustained and unstained complaints against police officers from January 1, 2015 until the date this request is processed. The request is for an electronic copy or extract of data in a standard, machine-readable data format. The data should include all information considered public and maintained within the computer system. If possible, this should include the following: Name of officer Shield/Badge Number Rank Gender Age of officer Race/ethnicity of officer Name of complainant Race/ethnicity of complainant Gender of complainant Age of complainant Phone number of complainant Email of complainant Type of complaint Date of incident Summary or Description of incident Disposition (i.e. sustained, not sustained, exonerated, etc) Discipline I also request any alphanumeric coding or tables employed in the creation of the dataset. If you cannot fulfill certain parts of this request or certain portions must be redacted please provide any reasonable segregable portion of a requested record after removing or redacting those portions claimed to be exempt, explain in writing the justification for redacting the record, indicate the extent of any redactions on the portion of the record which is made available or published and where technically feasible indicate on the redacted portion itself the specific exemption(s) claimed. If you regard these documents as potentially exempt from the public record act's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As required, please release all segregable, non-exempt portions of documents, preferably via email tonate.jones@washpost.com . While I am aware that you may be entitled to charge some reasonable fees to process this request, I hereby request that you waive all such fees. Waiver of fees is in the public interest because the furnishing of the information sought by this request will primarily benefit the public and is likely to contribute significantly to public understanding of the operations or activities of the government. If, however, you decide not to waive fees and expect them to exceed \$100, please advise me as to the estimated cost of fulfilling the request (including copying charges). The time period of the data should cover January 1, 2008 through the date on which this request is fulfilled. The data should include all disclosable fields, including but not limited to fields containing the following types of information: ● Incident number/case ID ● Incident location (street block if not the street address, city, state, zip code, beat, district) ● Incident date, and time ● Specific type(s) of force used (e.g. "strike with foot," "restrain with arms," "firearm discharge," etc.) ● Reason for initiating contact ● Reason for use of force ● Whether the citizen was armed, and if so, then what weapon ● Number of officers and bystanders present ● Disposition of any relevant reviews or officer misconduct complaints ● Citizen age ● Citizen gender ● Citizen race/ethnicity ● Citizen injuries ● Officer first, middle, and last name ● Officer badge number, employee ID, or unique system ID ● Officer injuries ● Type of medical treatment provided, if any, and/or if transported for additional medical evaluation I am asking for an export of raw data, to the extent maintained in the City's or Police Department's databases. I do not expect the City or Police Department to create new data that does not already exist, or manually aggregate, analyze, or alter any data for the purposes of fulfilling this request. I realize the information may be contained in multiple tables. I am not asking the City or Police Department to join tables together for me, or to conduct any type of analysis on the data. I am merely asking for the City to export the raw data, as it exists in the City's database, which should minimize the amount of programming necessary to fulfill my request. I can do the joining on my own, so long as each table contains the unique identifiers necessary to join the tables together. Please ensure that all tables contain a unique identifier for each use of force incident. I am comfortable working with very large databases in many standard data formats. Upon request, I would be happy to provide a USB thumb drive or external hard drive to facilitate the release of these records. I would prefer the request fulfilled in Excel format, and not printed out, converted to PDF files, or otherwise processed in a manner that would decrease the quality or accessibility of the original information the records represent. I also request the following records in PDF format: ● A blank copy of the use of force report that a Charlotte-Mecklenburg Police Officer would be expected to complete following a use of force incident ● All policies and written directives on the use of force that were in effect during the requested period as above ● Any data dictionaries, code tables, or other types of manuals that defines, in plain English, the meaning of the column headers in the data, and any codes, acronyms, abbreviations, or other shorthand terms used for entries in the data The requested documents will be made available to the general</p>	Submitted to Departments	Open	Police	No

4142	9/2/2020 14:01	11/10/2020 Joel Odum		Now that we have survived through the RNC. I am now more compelled to make the following request to the city of Charlotte. As a United States citizen and citizen of Charlotte, I am requesting accounting of all monies spent as a result of the federal grant distributed to the Charlotte Mecklenburg Police Department. Please note I am not asking for detailed security coordination of the CMPD and other federal agencies. With the concluding of the RNC in Charlotte the disclosure of grant spending is no longer a security threat to the safety of the President of the United States and administration. Therefore, safety of the President and infrastructure of city is no longer an adherent argument to justify the nondisclosure of taxpayer dollars. I would also like to refer to legislations passed to keep the American people informed on the government spending. • H.R.150 - Grant Reporting Efficiency and Agreements Transparency Act of 2019 • S.2590 – Federal Funding Accountability and Transparency Act of 2006 NC Chapter 132. Public Records. • § 132-1. "Public records" defined. • (a) "Public record" or "public records" shall mean all documents, papers, letters, maps, books, photographs, films, sound recordings, magnetic or other tapes, electronic data-processing records, artifacts, or other documentary material, regardless of physical form or characteristics, made or received pursuant to law or ordinance in connection with the transaction of public business by any agency of North Carolina government or its subdivisions. Agency of North Carolina government or its subdivisions shall mean and include every public office, public officer or official (State or local, elected or appointed), institution, board, commission, bureau, council, department, authority or other unit of government of the State or of any county, unit, special district or other political subdivision of government. • (b) The public records and public information compiled by the agencies of North Carolina government or its subdivisions are the property of the people. Therefore, it is the policy of this State that the people may obtain copies of their public records and public information free or at minimal cost unless otherwise specifically provided by law. As used herein, "minimal cost" shall mean the actual cost of reproducing the public record or public information. (1935, c. 265, s. 1; 1975, c. 787, s. 1; 1995, c. 388, s. 1.) 					Please produce all public records created or received since January 1, 2019, documenting, analyzing, describing, discussing, or otherwise memorializing the number or percentage of sworn CMPD officers who live within and without CMPD's service area. To be clear: This request does not seek the addresses of any particular officers. Rather, this request seeks public records documenting the aggregate number of officers that reside in CMPD's service and those that live outside CMPD's service area. Put differently, this request seeks documents responsive to the question, "How many (or what share of) CMPD officers live in the CMPD service area?" Additionally, please produce any and all records documenting, analyzing, describing, discussing, or otherwise memorializing the number of sworn CMPD officers that reside in each of one CMPD's 13 patrol divisions. Put differently, this request seeks any documents responsive to the question, "How many CMPD officers live in each patrol division?" Again, this request does not seek the addresses of any particular officers.

3918	7/15/2020 10:40		Bryan Thompson		Request for Public Records regarding OFFICER ANTHONY HOLZHAUER. I seek copies of all records in the city of Charlotte's possession (to include the police department and city attorney's office), regardless of who created them. Please provide all records in your possession through 15Jul20. I seek an electronic copy of all records relating to the report, investigation, findings and administrative discipline of OFFICER ANTHONY HOLZHAUER. This includes all records related to the following conduct: • An incident involving the discharge of a firearm at a person; • An incident in which the use of force resulted in death or great bodily injury; • Any sustained finding involving sexual assault • Any sustained finding involving dishonesty directly relating to the reporting, investigation, or prosecution of a crime, including, but are not limited to, any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, tampering with, or concealing of evidence, receipt or solicitation of bribes, loans, favors, or gifts, misappropriation of property, obstructing an investigation, or influencing a witness. I also request all records related to the 2012 shooting of an armed robbery suspect resisting arrest and the incident which led to his being awarded the Medal of Valor in 2013 or 2014. In addition to my general request regarding Officer Holzhauser's use of force history, I am requesting all documents, reports, investigations, photos, body worn camera, recorded statements/interviews, crime scene logs, crime scene and evidence technician reports related the 18FEB2015 shooting between Officer Holzhauser and Janisha Fonville on 18FEB2015. When I refer to "records" I mean: • Investigative reports of photographic, audio, and video evidence; transcripts and recordings of interviews; autopsy reports; • All emails, and materials compiled and presented for review to the district attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer's action was consistent with law and agency policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take; • Documents setting forth findings or recommended findings; and copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action. Please disclose all non-exempt information from any portions of records you claim are exempt from disclosure. I understand this my involve a great deal of reactions. However, the existence of such records even heavily redacted is included in my request. If any records requested above are available in electronic format, please provide them in an electronic format. To assist with the prompt release of responsive material, I ask that you make records available to us as you locate them, rather than waiting until all responsive records have been collected and copied. 3885	7/8/2020 15:31	7/9/2020 Adam Sweat		Hello! We are looking for information on all 311 requests within Charlotte. In particular, we're looking for descriptions of the events as submitted by residents (could be in the form of additional comments, or any free text field). As for time frame, we would like all data available. In regard to descriptions, an example of a resident-submitted description we're looking for is "there has been a pothole on my street for two months and I would like it fixed" or something along those lines. If that is unavailable, the description taken by the call taker would work. For example, the description on this page ( <a href="http://city.kcmo.org/kc/ActionCenterRequest/CaseInfo.aspx?CaseID=2020088547">http://city.kcmo.org/kc/ActionCenterRequest/CaseInfo.aspx?CaseID=2020088547</a> ) is what we're looking for. 3860	7/2/2020 8:58	Andrea Busby		Dear Freedom of Information Officer: Under the North Carolina Public Records Law, G.S. §132-1, we are requesting an opportunity to inspect or obtain copies of records on violent crimes in your agency's jurisdiction since January 1, 2007 and through December 31, 2011. This request is for an electronic copy or extract of data describing all violent crimes in a standard, machine-readable data format (such as delimited or fixed text, Excel or other spreadsheet, MS-Access or dBase) that can be readily imported by database software. A pdf (Adobe Acrobat) file will not be an accepted format for a response to this request. The items of information requested for each violent crime include: • Incident ID or case number (Department identifier for this crime) • Date (Date of occurrence, or of report) • Type of crime • Crime code • Crime date • Address (Street address of the crime location) • City (City of the crime location) • XY coordinates (Latitude & longitude, or similar coordinates for the crime location) This request includes an electronic copy of all code tables or lookup tables needed to interpret values in the data. If you regard any of the requested records as subject to exemption from required disclosure under the law, we hereby request that you exercise your discretion and disclose them nonetheless. If you decide to withhold any requested records, please do not deny the entire request and release information available under the law. If you cannot fulfill certain parts of this request or certain portions must be redacted, please provide any reasonable segregable portion of a requested record after removing or redacting these portions claimed to be exempt, explain in writing the justification for redacting the record, indicate the extent of any redaction on the portion of the record which is made available or published and where technically feasible indicate on the redacted portion itself the specific exemption(s) claimed. We request that you waive all fees in the public interest because the furnishing of the information sought by this request will primarily benefit the public and is likely to contribute significantly to public understanding of operations or activities of the government. I make this request on behalf of the Development, Early Education, and Policy (DEEP) Lab at Northwestern University, a major research university in the Chicago, Illinois metropolitan area. The records disclosed from this request will be used in preparation of research studies that will be published and made available to the public. In particular, we seek to understand teachers and children respond to violent crime. This information is not being sought for commercial purposes. If, however, you decline to waive all fees, we are prepared to pay, but request that you notify us if you plan to charge before fulfilling the request. The North Carolina Public Records Law requires a response as quickly as possible. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies or the ability to inspect the requested records. 3850	7/1/2020 8:43	9/14/2020 Bridget Brody		To whom it may concern, I am working with Professor David Abrams on a time-sensitive research project for the University of Pennsylvania examining the impact of COVID-19 on crime. The goal is to leverage aggregated crime and policing data to learn in close to real time how to effectively promote public safety amidst the changes brought upon by COVID-19. With this, we aim to improve public safety and health in the "new normal" by sharing our findings with cities across the country. We are aiming to find a record of all shootings that occurred, not limited to officer involved shootings, in the period between 2015 and Present. This data would ideally identify when the shooting occurred. As part of this research, we are requesting the latest version of the Charlotte shootings data from 2015 to present as a pure data file (not a PDF). Because of the time-sensitive nature of this work, we would greatly appreciate a timely response, if at all possible. If it is easier to speak by phone, please let me know the best time and number to call. 3849	7/1/2020 8:07	B KC		I am requesting active fleet complement, purchase data, and financial expenditures of the City of Charlotte's fleet management division who is under the General Services Department. Part 1: I am seeking information related to the vehicles and off-road equipment maintained by the city of Charlotte. A "vehicle" in this request would include police vehicles, ambulances, fire trucks, plows, refuse trucks, pickup trucks, service trucks, vans, sedans, motorcycles, etc. "Off-road equipment" in this request would include trailers, lawn mowers, generators, backhoes, trenchers, excavators, dozers, street sweepers, etc. I am requesting the following information for each piece of equipment or vehicle: ID Number, Make, Model, Model Year, VIN, In Service Date, Total Purchase Price, Annual Mechanic Labor Cost, Annual Parts Cost, Annual Fuel Cost, Annual Labor Hours, Total Miles Driven, Annual Fuel Gallons Consumed. Part 2: I am seeking information related to all parts purchased for the years 2018 through 2020. A "part" in this request is any piece that goes into the vehicle itself to keep it operational (preventative maintenance or repair) which includes oil but not fuel. I am requesting the following information for each vehicle or off-road part: purchase order number, manufacturer part number, manufacturer name, vendor, part cost, quantity, date-purchased, and the applicable vehicle (make, model, year). Part 3: I understand that fleet management has re-organized into other parent departments. If possible I would like a breakdown of the expenditures for the year 2018, 2019, and 2020. I am requesting to following break-down. Total parts costs, total labor costs, total fixed costs(a further breakdown of total fixed costs), total equipment purchase cost. My request will be used for research purposes about public fleet management around the nation. Due to our circumstance I am seeing a trend that will impact public fleets for many years to come. This impact is mainly parallel with the age of public fleets. I have requested these data columns because I believe that all large-scale public fleets have fleet management software (FMIS). These providers such as Agile Fleet, FASTER, ARI Insights, AssetWorks allow data exports. If there is a undue burden on the one who will be looking for data which will requires extensive manual labor; I would like to know. For example, total fuel gallons consumed data column. If there is no sync between the FMIS and fuel management system, it would be a excessive burden to retrieve this data. If my data request is denied, please let me know via email. 				<p>June 17, 2020 4:18:03 PM EST  Newbold City of Charlotte 600 E. 4th Street Charlotte, NC 28202mnewbold@cmpd.org Dear Mr. Newbold: I am writing on behalf of the American Civil Liberties Union of North Carolina (ACLU-NC) to request public records related to the Charlotte Mecklenburg Police Department's (CMPD) handling of demonstrations on and around June 2, 2020, described in more detail below. The ACLU-NC is a nonprofit organization dedicated to defending and preserving the constitutional rights of all North Carolinians. We make this request under the North Carolina Public Records Act, N.C. Gen. Stat. § 132-1 et seq. Substance of request. We request the following records and data (including, but not limited to, any electronic or paper documents, forms, recordings, meeting minutes, computer records, correspondence, or other documentary material, regardless of physical form or characteristics) that are responsive to the following: 1. For the time period June 1, 2019 through the date of your search for documents related to this request, we request all records containing rules, regulations, practices, policies, procedures, training materials, or directives concerning CMPD's response to demonstrations, protests, or civil unrest, including any records related to "Operation Anvil." 2. For the time period June 1, 2019 through the date of your search for documents related to this request, we request all records containing rules, regulations, practices, policies, procedures, training materials, or directives concerning Charlotte-Mecklenburg Emergency Management's (CMEM) response to demonstrations, protests, or civil unrest. 3. For the time period June 1, 2019 through the date of your search for documents responsive to this request, we request all records containing rules, regulations, practices, policies, procedures, training materials, or directives concerning the rounding up, detention, arrest, "kettling," containment, corralling, control, management, or confining of crowds, gatherings, assemblages or groups of individuals. 4. For the time period June 1, 2019 through the date of your search for documents responsive to this request, we request all records containing rules, regulations, practices, policies, procedures, training materials, or directives concerning any crowd-control weapons and equipment involving "non-lethal" weapons, including, but not limited to, tasers, chemical irritants, tear gas, pepper spray, pepper balls/bullets, acoustic weapons, directed energy weapons, paintballs, flash bang grenades, foam-tip projectiles, devices for delivering chemicals, disorientation devices, ultrasonic cannons, Long-Range Acoustic Devices, or any other device that is designed to be used on multiple individuals for crowd control. 5. For the time period June 1, 2019 through the date of your search for documents responsive to this request, we request all records related to any and all planned, proposed, initiated, or completed purchases, acquisitions, trading, and leases by CMPD or any other City entity of any crowd-control weapons and equipment involving "non-lethal" weapons, including, but not limited to, tasers, chemical irritants, tear gas, pepper spray, pepper balls/bullets, acoustic weapons, directed energy weapons, paintballs, flash bang grenades, foam-tip projectiles, devices for delivering chemicals, disorientation devices, ultrasonic cannons, Long-Range Acoustic Devices, or any other device that is designed to be used on multiple individuals for crowd control.</p>	Submitted to Departments	Open	Police;#Fire;#City Manager's Office;#Office of Co No

				Dear Information Officer: Pursuant to open records law, I request access to and copies of the following records: All emails of the chief and deputy chief(s) of the Charlotte Police Department containing the phrase "journalist(s)" and/or "reporter," between May 25th and May 31st, 2020. RESPONSE TIME We appreciate your help in expeditiously obtaining a determination on the requested records. As mandated in state open records law, we anticipate a reply within the statutory timeframe. ESTIMATED DATE OF COMPLETION I request that you provide me with a reasonably estimated date of completion. If the estimated date of completion is being significantly delayed because a portion of the request needs to be processed by another agency, please inform me which agency that is and whether it has provided you with an estimated date of completion. Please provide all records on a rolling basis. EXPEDITED PROCESSING: I request expedited processing and release of the records requested because they will shed light on an ongoing protest movement in which dozens of members of the media and demonstrators have been injured, some gravely so, by Charlotte Police Department officers and staff. The ability of The New York Times to inform the public about the tactics, training and discipline that resulted or not from these injuries will hold the agency accountable and could prevent other such injuries, including critical ones, from occurring. FEE WAIVER I request that you waive all fees in connection with this request because disclosure is likely to contribute significantly to the understanding of the operations or activities of the government. The New York Times plays an important role in helping the public understand the federal government. Disclosure of the records is not primarily in the commercial interest of myself or The New York Times, but is intended to facilitate reporting on the operations of government. ESTIMATED DATE OF COMPLETION I request that you provide me with a reasonably estimated date of completion. If the estimated date of completion is being significantly delayed because a portion of the request needs to be processed by another agency, please inform me which agency that is and whether it has provided you with an estimated date of completion. Please provide all records on a rolling basis. EXPEDITED PROCESSING: I request expedited processing and release of the records requested because they will shed light on an ongoing protest movement in which dozens of members of the media and demonstrators have been injured, some gravely so, by Charlotte Police Department officers and staff. The ability of The New York Times to inform the public about the tactics, training and discipline that resulted or not from these injuries will hold the agency accountable and could prevent other such injuries, including critical ones, from occurring. FEE WAIVER I request that you waive all fees in connection with this request because disclosure is likely to contribute significantly to the understanding of the operations or activities of the government. The New York Times plays an important role in helping the public understand the federal government. Disclosure of the records is not primarily in the commercial interest of myself or The New York Times, but is intended to facilitate reporting on the operations of government. My cell phone number is (347) 749-7603 and my email address iscaitlin.dickerson@nytimes.com. In addition to communicating with me about this request, you may also contact my attorney, Alexandra Perloff-Giles, atalexandra.perloff-giles@nytimes.com or 415-713-2069. 				Hello,  Would you please provide the policy of the City as it applies to elected officials' accounts? Are the elected officials informed that it would be a violation of the Constitution to block/mute a citizen?  Also, would you please explain why the Mayor is singled out? The Mayor and all Council Members are paid by tax dollars and engaging in information and First Amendment exchanges.  Finally, I notice a very small number of persons you say are blocked/muted, which is good. However, for the noted accounts, there is no reason given. It says reason is "unknown." If there is no known reason, then they must not be blocked. If there is a reason, it should be noted with date information.  The City of Charlotte does not manage or have access to personal or campaign accounts for individual council members • The Mayor's Twitter account (@CLTMayor) is the exception and is included in the spreadsheet

3738	6/8/2020 15:53	6/17/2020 Bryan Luellen		Dear Colleagues, My name is Bryan Luellen, Vice President of Public Affairs at IndyGo in Indianapolis. I am currently working on my graduate degree, and I am studying methods to transform customer satisfaction data into weighted criteria for decision-making. My vision is to create a model for new business processes that rely on quantitative customer satisfaction data to help prioritize projects, service quality improvement efforts, infrastructure, and technology investments. I am writing to request access to public information which will further my studies and contribute to the public transportation industry through novel applications of decision theory. Has your agency conducted a customer satisfaction survey within the last ten years? If so, please consider this a request for the following information: A copy of any broad-based customer satisfaction questionnaires distributed to customers in your market by your agency The compiled raw data of the responses, tabulated by discrete survey effort Any copies of final reports, executive summaries, etc. for each survey Additionally, I am seeking qualitative data regarding the context of your agency's customer satisfaction survey efforts. Specifically, I'd like to know to what extent your agency uses formal or informal decision-making practices which rely on customer satisfaction data. I will be scheduling short interviews with transit agency staff with the aim of completing these interviews by the end of June 2020. I will make all of my research available to anyone who requests it. Thank you in advance for your willingness to participate in research, which I hope will improve alignment of transit agency decision-making with customer priorities. 3737	6/8/2020 15:36	Ashley Fahey	Biz Journal	Hi, I am requesting to receive a copy of all proposals submitted in response to an RFP submitted by the city of Charlotte, N.C. Department of Transportation and Charlotte Area Transit System for the Gateway Station project in uptown Charlotte. The records I am requesting would include specific details about each of the plans proposed and submitted, including uses proposed, renderings, investment estimates, any proposed deal structures (i.e., tax-increment grants, CIP funding) between public and private parties, and other pertinent details. Given that a development team (Charlotte Gateway Partners LLC) has been selected to exclusively negotiate with the city, NCDOT and other public entities on this development, it is in the public's interest to see all proposals and should qualify for release under public records law. As I am a member of the media, I am requesting that no fee be levied for access to these records, and that they may be fulfilled as expeditiously as possible. Clerk and Mr. Flotree, Please provide all emails sent front the following email address for 2020 YTD: <a href="mailto:no-reply@sharepointonline.com">no-reply@sharepointonline.com</a>  Please advise an estimate of how many emails this would entail. If it would be an excessively large number, I may be willing to narrow the time frame to a smaller time range.  <b>Clarification:</b>  <i>[In regards to narrowing the request to specific individuals]</i>  Sure. Thanks for your reply. For a start, I'd like to look at these for: Cheyenne Flotree, Amelia Knight, Patrick Baker  Depending on how many there are, as a secondary request, I'd be interested in those involving the Manager's office & direct staff plus same for the Attorney's office & direct staff plus the City's IT dept & direct staff. If you have a guess of how many that would be or could suggest specific people who deal with public records out of this smaller group, I would be willing to narrow it to those people. Thank you. Dear City Clerk of Charlotte,

I am an interested citizen. I would like to get a PDF of all the emails sent by neighbors/the public leading up to the last Charlotte, North Carolina city council meeting. If possible, I would like to get pre-hearing emails received related to city council agenda items in all of April and May, 2020 but if it is easier, just the emails before the last city council meeting would be fine.

**Can you email me emails received from residents/the public leading up to the last Charlotte city council meeting?** Is there a website where I can access the pre-hearing emails received ahead of or during the next City Council meeting? If so, where can I access them?

**Are Charlotte city council meetings live again, or must we dial into them remotely?** When is the next Charlotte Council meeting?

If remote, how do I access the link to the next Charlotte Council meeting, and how do I get the Agenda and sign up to speak during the Public Comment period?

Sorry for the many questions. If easier or if you have questions, please call me at 408-398-3126. Please let me know.

Thank you!

Raj

3671	5/20/2020 18:33	6/4/2020 Lisa Mulcahy		This Public Records Request is related to the City of Charlotte procurement for a complete mobile router/management/security solution that is the key communications platform for the City of Charlotte's law enforcement officers and firefighters. This procurement used the Broadband Technology Opportunity Program (BTOP) grant funds, and the new vehicle communications solution supports both the commercial LTE network and the FirstNet Band 14 Network. The procurement was awarded to Sierra Wireless and each of the City's 950 public safety vehicles are now equipped with Sierra Wireless mobile routers. Please send me copies of the following documents related to this procurement via email: 1) Request for Proposal 2) All bidder technical and price proposals (I believe there were 6 bidders) 3) Evaluations 4) Sierra Wireless FIPS 140-2 validation certificate 5) Sierra Wireless contract and all addendum Thank you. 3662	5/19/2020 16:06	5/29/2020 Joshua Lee		<p>Good morning, My name is Joshua Lee, I know this request is a little weird, but let me explain. I am an Arizona Police Sergeant and an academic researcher looking for the oldest, available police report that the City of Charlotte has in their possession to use in an upcoming law enforcement report writing course. I understand that many of the old reports are stored in hard copy only, and I do not expect you to go through boxes to try and find the oldest one. If you can help me find the oldest one you have available (digitally scanned or previously released), that would be much appreciated. I am looking for any report(s), with the narrative, pre-1950's if you have them. The older, the better. If you do not have an old police report available, I will take any other previously released report you have available. Thank you for the help. Sgt. 				Dear Custodian of Records: The Capital Habeas Unit is a division of the Federal Defender for the District of Arizona. We represent Leroy Daniel Cropper, DOB: 02/20/1964, in his federal habeas proceedings. I am writing to request a copy of any and all records in your possession pertaining to Mr. Cropper. Please include any records and materials moved to or stored in archives. Also, please advise me if there is a separate process for requesting or accessing archived records. Should it be the case that no records can be located, please provide a letter to that effect. In the event records existed and were destroyed, please provide us with a copy of the agency's record retention and destruction policies or provide the policies and procedures on agency letterhead. If records are found, please email them to me or mail them to: Office of the Federal Public Defender, Attn: Rose Bushnell, Investigator 850 West Adams Street, Suite 201 Phoenix, AZ 85007. We would greatly appreciate your expediency in processing this request. Please do not hesitate to contact me with any questions at my email address or direct line of 602.382.2826. 					I'm requesting from the Manager a list of all City of Charlotte Twitter accounts blocked and/or muted and the reason why each one is blocked and/or muted.  If I need to ask public officials (City of Charlotte Council & Mayor) individually or through some other person, please let me know. But I believe this should also be under the City because they receive a salary.  If you maintain a list with reasons, that would be fine. If not, I'm requesting all individual requests/orders to block/mute someone on Twitter, assuming these individual requests would include a name/handle and reason for such action.  My request is made per NCGS 132 and I request a response as promptly as possible. Please send records electronically to this email. Thank you in advance.

				Every email from a department head to city manager Marcus Jones and Ryan Bergman regarding department budget adjustments and realignment for the FY2021 budget recommendation. Specifically I am looking for the following information sent to Mr. Jones and Mr. Bergman - "Departments reevaluated personnel and operating budgets, reduced expenditures, eliminated vacant positions where possible, and reorganized duties and responsibilities to meet the needs of the community and city services while avoiding layoffs. Department actions resulted in \$8.5 million in savings toward balancing the Proposed FY 2021 Budget."	Submitted to Departments	Open	City Manager's Office;#Strategy & Budget	Yes

3558	4/17/2020 8:10	5/21/2020 Daniel McCarthy		Hi, I hope you're well and safe. I'm a marketing professor at Emory University who specializes in quantitative analysis of customer behavior. I wanted to reach out to you about an academic research project that I am currently actively working on. The policy question I am looking to shed light on is whether/how/the extent to which use of e-scooters creates economic spillovers for other companies (in a causal sense). Given our current economic conditions, it seems like a particularly relevant topic now, which is part of the reason that I thought it could be interesting to explore. Charlotte has had a lot of e-scooter activity historically, which made it an attractive market that I'd love to study in more detail. I would like to request two types of scooter data: 1: trip-level dockless vehicle data (i.e., historical data regarding which scooters were used on which days at which times). This would include the device ID of the vehicle, the type of vehicle (e-scooter versus e-bike), the date/time of the ride, and the trip length in terms of minutes and miles. As long as the trip started in Charlotte, I would not need more information than this, although if you are willing to share additional suitably scrubbed location data (e.g., 3-digit lat/lon), that could be helpful as well. 2: scooter availability data (i.e., how many scooters were available on different days, regardless of whether they were used). I did not see this disclosed, but is typically collected by cities to track compliance with scooter caps. I have already gotten approval to access this data from a number of other cities, including San Francisco, Washington DC, Minneapolis, and Chicago, in addition to data that is publicly available for cities such as Austin, so this will really help make the study more comprehensive and the findings more robust. I hope the breadth of cities currently involved also helps assuage valid concerns about data privacy, but that being said, I would also be more than happy to come under an NDA so you're absolutely comfortable with the nature of the work performed/output disclosed. I would also be very happy to hop on a quick call to discuss. Thanks so much for helping me with this! Best, Dan <a href="http://danielminhmcCarthy.com/">http://danielminhmcCarthy.com/</a>	Fulfilled	Closed	Transportation	No

The owner of the dogs is Lopez Ramirez, 7705 Cedar Bluff Ln Charlotte NC 28227. We have tried to find the police report online but have been unable to do so. Would you be able to provide us with the police report and animal control reports, or instructions on how to go about finding those? They were not available on the lexisnexis search website we typically use for CMPD. Additionally, any information you may have already or be able to obtain on possible renter's insurance or homeowner's insurance would be very helpful. We have been given the following report numbers: A20-534533 and B20-037439. Thank you for your time!	Fulfilled	Closed	Police	No

				<p>We are an auditing firm located in the Washington, D.C. area. AMC's attorney in fact for most of the major oil companies, numerous fast food chains, eighty-five percent of the national builder-developers, and many of the national retail department stores, as well as many telecommunications and cable companies. We also serve as contractors for several national financial institutions, including the FDIC. Pursuant to the state public records law, please consider this to be AMC's request for the public records described below.</p> <p>The norm in the construction business is to deposit sureties (whether they be work deposits, performance bonds, payment guarantees, or similar securities) with municipal agents when site and development plans are filed, and a record of each deposit (and, where applicable, subsequent reductions and/or refunds of same) usually is prepared by the municipality recipient. Consequently, although the municipality's chief financial officer eventually receives at least a general accounting of all of the sureties deposited with every municipality agency, any municipality agency that accepts such construction sureties (e.g., Engineering, Public Works) is likely to have a more detailed "intra-agency" financial accounting, which often is in the form of an Excel spreadsheet that can be retrieved and passed along as an email attachment.</p> <p><b>AMC requests any financial spreadsheet, ledger or other record of the active cash and cash-convertible sureties and escrow accounts maintained by local agencies for financial instruments posted or deposited with them by companies and persons to ensure completion of private-sector residential and commercial construction projects in your area. Please show only open accounts for the cash and cash-convertible sureties, stale-dated checks, deposits, and other securities that havenot been refunded to the payee. Such sureties could have been taken in any or all of the forms of performance and payment guarantees described on the following page, and are often recorded in ledger or spreadsheet format within the agency that initially accepts same from developers and builders. Secs. 132-1 to 132-10, on behalf of PricewaterhouseCoopers LLP ("PwC"), I am writing to request copies of the North Carolina - City of Charlotte - Finance Department's financial records concerning unclaimed, uncashed, undeliverable, and/or outstanding funds or obligations due back to non-individuals (businesses), including any and all: • Checks or warrants issued for payments on obligations incurred by any agency, department, office, or other authorized authority that have remained outstanding. • Amounts on deposit that are held in trust for recipients whose whereabouts are unknown, including instances in which payment was never attempted, payment was never requested, and/or instances when payments were returned as undeliverable. Such payments may relate to (but are not limited to) tax refunds/overages/refunds, overpayments, vendor payments, cash deposits, cash escrows, and unsuccessful electronic fund transfers. Criteria • Amount is greater than \$999.99; • Payee retains the right to claim the funds (i.e. The payment has not been replaced, was not issued in error, and/or the obligation to the payee has not been voided by law.); • Is owed/payable to a business (corporations, partnerships, etc); • Has remained outstanding for a period of six months or longer; • Are not in the process of being reissued, to the best of your knowledge; and • Has not been turned over to a State Abandoned Property Office. Requested Data Columns: • Owner name (Required); • Amount (Required); • Original payment date (Required); • Check number; • Address; • Nature of the funds (i.e. vendor payment, property tax refund, etc.); and • If tax-related: o Name of the taxpayer and/or intended recipient; o Account number or property index number (PIN); and o Tax year; tax installment date; original tax payment date. Kindly email the records preferably in Excel or CSV format in to me at maya.kavtaradze@pwc.com Disclaimer: • PwC is NOT requesting records pertaining to the State's Abandoned/Unclaimed Property Department. • PwC is only interested in receiving records pertaining to non-natural persons (businesses). PwC is not seeking any records which could invoke a personal privacy exemption. • None of the information requested by PwC will be used to solicit owners or third parties. If any of the requested information above is restricted by state statute, please provide all segregable portions of otherwise exempt material. If your agency does not maintain these public records and/or you are not the custodian, please provide me with the proper custodian's name and email address. Please notify me for approval if there are any costs associated with fulfilling this request. I will expect your response within the timeframe as specified by state statute pertaining to open records law. If you choose to deny this request, please provide me with a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. When submitting these requests for public records, per the law, as separate requests stated below so that each will be provided as soon as prepared. I would appreciate acknowledgment of receipt, please. There may be some improved efficiency you find by combining them. This is fine with me as long as it does not delay the records being delivered. <b>Please send the records in electronic form as email attachments or let me know if that is not possible so we may discuss an alternative delivery method. Unless otherwise stated, the date range will be beginning of 2010-through present (until fulfilled).</b> Also, they should be found within the Mayor & Staff, City Council & their staff, City Manager and Staff, Code Enforcement/Neighborhood Development, City Clerk and Staff, and CMPD.Sorry I can't narrow down more but the wide range of records I am aware of can not be confined to a small list of personnel. If you have suggestions that will help you, I am willing to have your suggestions: <b>All emails sent to me, including the attachments</b> , which the City of Charlotte or any representative of the City sent to me to <b>fulfill public records requests</b> . This is critical to obtain first. They would have been sent from a City Employee to me at "KJartfun@hotmail.com" (not case sensitive) <b>All litigation holds referencing me in any way</b> . Technically, these should be included within request #6. If possible to separate, I would appreciate that—even if they are again included as redundant within records requested in #6. There would be no need to remove them from that batch and I would take care of noting they are redundant. I believe all litigation holds should have been initiated in the legal department(s). <b>All litigation holds for the City of Charlotte</b> [again, feel free to combine #2 and #3 if more convenient and no delay would be caused. If #3 is more time consuming, please send #2 first and when #3 is ready, do not feel it necessary to remove the items in #2]. I believe all litigation holds should have been initiated in the legal department(s). <b>A copy of the "litigation hold" tracking system</b> used by the legal department. <b>All other</b> correspondence (text, email, and other without limitation) to/from/and among City employees/representatives and any outside persons <b>regarding above requests</b> . By this I mean whether a City employee or representative was discussing my requests internally or with any outside person or agency. It is not necessary to include any information previously sent, but again I feel it would be easier for you to leave in all information, regardless of whether it has been sent prior or not and am willing to accept that. <b>All City correspondence referencing me in any way</b> , exclusive of above items [okay to combine these if you like and/or provide redundant records if this is easier]. By this I mean whether a City employee or representative was discussing me internally or with any outside person or agency. It is not necessary to include any information previously sent, but again I feel it would be easier for you to leave in all information, regardless of whether it has been sent prior or not and am willing to accept that.As part of #5/6 above, I want to <b>emphasize that all other</b>	Fulfilled	Closed	Finance	No

Hello Ms Knight @ City of Charlotte,

Thank you for your speedy reply. I didnt know which specifics to include initially. I dont believe Mr Freeman was a town/county/state employee.

I am looking to establish a history with this person's behavior. Complaints to public safety or other town departments that were (possibly) targeting another individual. Im not seeking any personal information or anything like that, unless he was fired for a behavioral problem or issue.

Has he called the public offices numerous times over minor matters that could have been handled in another fashion? Parking? Building? Code violations? Other forms of neighbor harassment and menacing?

Please feel free to contact me with any other questions and thank you for your time.

Thank you,

Kelly Houghton

I am seeking any and all complaints(calls, emails, any other form of communication) made by, against or including the name of, Marcus D Freeman formerly of Charlotte, NC. Please feel free to contact me if further information is needed.

3333	1/31/2020 11:30		James Glenn		My name is Jim Glenn, and I am a graduate student at Michigan State University. I am working on compiling a dataset of animal bites (primarily dogs). My advisor is working with other academics to identify demographic and urban environmental variables associated with the prevalence of dog bites. They have published this analysis for Detroit and want to see if the same correlates hold for other cities. Do you know if the Charlotte Animal Care and Control tracks this data, and who is responsible for the record keeping? We have a good blend of cities, but I know my advisor specifically is interested in trying to ensure Charlotte is included. The variables we are using for analysis are: 1. date of the incident 2. the addresses of the animal bites (including zip code), 3. the type of animal (including specific dog breed), 4. if the animal has been spayed or neutered, 5. the severity of the bite, including if hospitalization was required. We are flexible on the date range, but if you have data going back to 2000, that would be very helpful. I will happily take other variables if Charlotte has already collected them, but these five variables are the primary focus of the research for now. Do you have this data available? I can be reached at 859-391-9764 or via email at glennja2@msu.edu. 				Kimberly Fritz • The Fall Line/Exactly Right Media 4142 Brockett Creek Drive Tucker, GA 30084 01/27/2020 Greetings, Under the North Carolina Public Records Law, G.S. §132-1., I am requesting an opportunity to inspect or obtain copies of all records, including coroner's reports and autopsies, that relate to the unsolved murder of Franklin Freeman, who went by the Drag monikor Aretha "ReRe" Scott. The victim was found shot to death on June 2, 2002 at 10:30PM at the corner of Church and Liddel Street. I am a researcher of The Fall Line podcast of Exactly Right Media, an investigative project that raises awareness of the cold cases of people who've historically been marginalized. We are working with or have worked with a variety of law enforcement agencies, including APD, Dekalb Medical Examiner, and the GBI, to bring attention to cold cases—especially those of people who experience marginalization. We deal with a wide variety of cold cases, and focus particularly on Does and missing persons—thus, trying to gather as much information as possible so as to aid in potential matches. Our goal is to make our audience (5 million and counting) aware of these cases and to boost public interest in cold cases, with the hopes of providing law enforcement with new tips and/or information in cases. We do ask that, at the least, we are provided with an incident report. The more information we can gain, the more time we can devote to this case. Various LE officials will vouch for our responsible coverage and attention to accurate presentation, and these testimonials can be arranged upon request. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request, and for your time! Sincerely, Kimberly Fritz 717-405-2929research.falllinepod@gmail.com	Fulfilled	Closed	Police	Yes

A copy of the advertising concession monthly revenue reports, net receipts and gross receipts, received by Charlotte-Douglas International Airport from the current advertising concessionaire and any amendments, from and including January 1, 2019 through December 31, 2019. If such monthly review reports are unavailable, please provide the amount of fees, net and gross amounts, paid by your present concessionaire to the Airport from and including January 1, 2019 through December 31, 2019. If my request is too broad or does not reasonably describe the records, please contact me by email atccalegal@clearchannel.com andcindeebrason@clearchannel.com so that I may clarify my request and, when appropriate, inform me of the manner in which records are filed, retrieved, or generated. Additionally, please advise me via email of any cost associated with this request. If for any reason any portion of my request is denied, please inform me of the reasons for the denial in writing and kindly provide the name and email address of the person or body to whom an appeal should be directed. 					Under the North Carolina Public Records Law, we formally request that your office provide us with public spending information, including both capital and operating expenditures, for payments made by or on behalf of City of Charlotte during fiscal year 2019. Specifically, for any payee, other than an employee, who was paid a cumulative total amount of \$10,000 or more, we seek the payee name, address, and the cumulative total dollar amount paid to the subject payee over the relevant time period. The \$10,000 threshold was established to minimize reporting for respondents. This is the same information that J. Ryan Proctor was kind enough to provide via email for fiscal year 2017. The information is to be used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and your supplying the information cannot be construed as an endorsement of either your payees or our work. Acme is willing to reimburse your office for any reasonable expense incurred in providing the requested information, if an estimate of costs is provided for our approval before the work is performed. We prefer to receive the data electronically in a CSV, text, PDF, or Excel spreadsheet. If it cannot be sent via e-mail, please send the data on a PC-formatted disk by mail. Should you have questions or need to advise us to redirect this request; you can contact our offices by telephone at 800-810-3846 or via e-mail at municipal@acmeresearch.com. Please confirm receipt of this request and contact our office to let us know your time frame for a response. Thank you for your assistance.	Fulfilled	Closed	Finance	No

3237	1/13/2020 10:15		Jon Arnold		Dear Officer for Public Records: This request is made under the North Carolina Public Records Law, Chapter 132 of the North Carolina General Statutes, which guarantees the public's access to information in the custody of governmental agencies. I respectfully request the following information: -All documents, memorandums, emails, text messages, reports and other forms of written communication containing the words 'Mexico' AND 'soccer' between January 1, 2019 and January 10, 2020. Please include any attachments, as well as full threads of messages if the included email is a reply to a previous message. -All documents, memorandums, emails, text messages, reports and other forms of written communication containing the words 'Mexico' AND 'Bank of America Stadium' between January 1, 2019 and January 10, 2020. Please include any attachments, as well as full threads of messages if the included email is a reply to a previous message. In the interest of expediency, and to minimize the research and/or duplication burden on your staff, I would be pleased to personally examine the relevant records if you would grant me immediate access to the requested material. Additionally, and since time is a factor, please communicate with me by telephone or email rather than by mail. My telephone number is 817-266-3670 and my email address is jonarnoldjourn@gmail.com. Disclosure of this information is in the public interest because providing a copy of the information primarily benefits the general public. I therefore request a waiver of all fees and charges - with an understanding once again that electronic copies are preferred. I look forward to hearing from you promptly, as specified in the law. To whom it may concern, I am seeking copies of all class specifications/job descriptions for the City of Charlotte. I would appreciate these materials in electronic format. If this information is maintained on a City website, please advise. Thank you for your assistance, it is greatly appreciated.

Amelia,

Thank you very much for the quick response, it is greatly appreciated. I hate to impose further, but I was wondering if there is any City operated website from which I could view all of the City's job descriptions/class specifications? Please let me know if I need to submit a second formal records request for such information.

					Michael Hayes I am requesting records relating to the Charlotte Police Department use of mobile device forensic technologies (MDFTs), as well as the Charlotte Police Department's policies and procedures governing such use. I am seeking records regarding the Charlotte Police Department's use of mobile device forensic tools (MDFTs). This includes any software, hardware, process, or service that is capable of any of the following: extracting any data from a mobile device, recovering deleted files from a mobile device, or bypassing mobile device passwords, locks, or other security features. Examples of MDFTs include, but are not limited to, products or services offered by vendors such as Cellebrite, Grayshift, Oxygen Forensics, BlackBag Technologies, Magnet Forensics, MSAB, AccessData, Paraben, Katana Forensics, BK Forensics, and Guidance Software/OpenText. I am specifically requests the following records: Purchase Records and Agreements: Any and all records reflecting an agreement for purchase, acquisition, or license of MDFTs, or permission to use, test, or evaluate MDFTs since 2014. Records of Use: Any and all records describing the Charlotte Police Department's use of MDFTs since 2014. In particular, I am seeking records reflecting the Charlotte Police Department's aggregate use of MDFTs. For example, monthly reports that reflect total number of MDFT cases for each month, broken down by type of crime, number and type of phones, and number and type of other devices. Please specify any instances where the Charlotte Police Department used Cellebrite Advanced Services, or otherwise transferred possession of a device or its contents to a vendor for off-site processing, including Regional Computer Forensics Laboratories. Please include any instances of forensic examination of a device (e.g. using JTAG or chip-off processes) that may not involve a vendor's product. Policies Governing Use: Any and all records regarding policies and guidelines governing the use of MDFTs, including but not limited to: training materials regarding their operation, restrictions on when they may be used, limitations on retention and use of collected data, security measures taken to protect stored and in-transit data, guidance on when a warrant or other legal process must be obtained, and guidance on when the existence and use of MDFTs may be revealed to the public, criminal defendants, or judges. This request applies to any and all records where vendor names or products are misspelled, e.g., "Greykey" instead of "Graykey," "Greysift" instead of "Grayshift," and "Celle Brite," "CellBrite," or "Cell Brite" instead of "Cellebrite." The law requires that you respond to and fulfill this request "as promptly as possible," generally within 5 to 10 business days. If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. For records that contain some exempt material and some non-exempt material, I request that I'm interested in the methods used to gather data about ridership on the Light Rail. 					1. Please provide a copy of all security video from every camera that captured images of passengers Jiterria Lightner (adult) and Jaiden Cowart (3 year old child) at Charlotte-Douglas International Airport during the evening of September 25, 2019 beginning with their arrival from Florida on the jetway at unknown gate on concourse "A", continuing as they walked through the "A" concourse into the atrium and down into the baggage claim area, and continuing with every camera in the baggage claim area that captured their images up through 30 minutes after Jaiden Cowart falls near the escalator and stairway in the "A" area of baggage claim. If either of them departed from the above route, please include every camera that captured their images during such departure. On November 6, 2019, the Transportation Security Administration ("TSA") responded to my FOIA request for the above described videos by stating that it does not control video recordings at airports and is unable to provide those records. It recommended that I request the video recordings from the local airport authority. If you deny this request, please provide me with the basis/authority for your contention that the TSA is in control of the video recordings, not the City of Charlotte or Charlotte Douglas International Airport. 2. Please also provide me with the name and contact information for a local person at TSA that is knowledgeable about the above requested video. 3. We also hereby request a copy of the accident report related to the Jaiden Cowart incident prepared by the Charlotte Douglas International Airport and/or the City of Charlotte. 				Hello, I am a planner with North County Transit District in San Diego, CA. I am analyzing on time performance measurements of peer agencies. I'm hoping you can provide the following information for both bus and paratransit modes: • Does CATS establish an OTP target or goal for bus and paratransit? If so, what is it? • What was the FY2019 actual OTP for bus and paratransit? • How does CATS measure OTP (ie., using a system like GPS or by using human observation)? • What is the "on time" threshold (ie., between one minute early and five minutes late)? • When is OTP measured (at each timepoint for bus or at the trip destination for paratransit)?

2954	10/30/2019 14:29	11/20/2019 Michael Falero	WFAE	I hope your week's been going well! I have a few more questions for you. I know the Uptown Connects Study process had at least two public comment meetings in the past few years. Is that information publicly available somewhere on your department's website?  All I can find is Stewart's PDF summary of the public meetings from Feb. 2017 and Sept. 2016. I'm looking for any public meeting comment that showed concern about the project design or implementation, or even outright opposition if there was any. If you have access to those full comments, could you send them to me or otherwise direct me to them?  Second, I know that the Stewart Inc reps (Jacob and Kristy or Kaitlin, I regretfully didn't get her name written down after I spoke to her) mentioned engagement with businesses along the route. Did your department have any hand in that engagement? If so, which businesses did you all speak to in order to get their feedback about the project?  Finally would you be available to speak by phone for a recorded interview, possibly on Wednesday if not next week? I have a couple of follow-up questions for you about the project that I wasn't able to dig into in our interview at the info session.  Thanks for all of your help with this.  Best, Michael Falero	Fulfilled	Closed	Transportation	Yes

The ACLU-NC is a nonprofit organization dedicated to defending and preserving the constitutional rights of North Carolinians. This request is made pursuant to the North Carolina Public Records Act, N.C. Gen. Stat. 132-1 through 132-11. The ACLU-NC requests that the City of Charlotte (the City) and any of its agencies, offices, or political subdivisions produce the following public records (including, but not limited to, any electronic or paper documents, forms, recordings, meeting minutes, computer records, correspondence, or other documentary material, regardless of physical form or characteristics) that are responsive to the following: 1. All contracts related to the 2020 RNC entered into by the City, Charlotte-Mecklenburg Police Department (CMPD), and/or any other City entity, with CLT Host 2020, Inc., and/or the Republican National Committee, not including the previously-released Framework Agreement and Arena License agreement released with Public Records Request #2606, and the three-page Executive Summary released in July 2018. 2. Documents, including requests, agreements, and contracts pertaining to any federal grants or funds related to security and/or law enforcement for the 2020 RNC sought by or awarded to the City, CMPD, or any other City entity after July 1, 2018. 3. Records related to any and all planned, proposed, initiated, or completed purchases, acquisitions, and/or leases by CMPD or any other City entity between July 1, 2018 and the date on which the City responds to this request that are related to security and law enforcement, including, but not limited to, for example the following: a. Crowd-Control equipment, including, but not limited to, Tasers, tear gas, pepper spray, devices for delivering chemicals, and Long-Range Acoustic Devices; b. Surveillance equipment, including, but not limited to, electronic body scanners, tracking software including facial recognition software, Stingray tracking devices, cell phone signal disrupters, ShotSpotter, and cameras; c. Military grade equipment, including, but not limited to, weapons of any kind, automatic assault rifles, body armor and personal protective gear, mine resistant armored vehicles, grenades, flash bang grenades, or similar explosives and grenade launchers. 4. Most recent City and CMPD draft or approved budgets for the 2020 RNC. 5. Memorandums of Understanding (MOUs), Mutual Aid Agreements (MAAs), or intergovernmental law enforcement agreements between the CMPD and any other local government entity (including Mecklenburg County or the Mecklenburg County Sheriffs Department), state government agency, or federal agencies (including Department of Homeland Security, Immigration and Customs Enforcement, and Customs and Border Patrol). 6. 2904	10/15/2019 0:00	Molly Grantham	WBTV News	Should be relatively easy. Looking for total number of homicides per year in CMPD dating back to 1985. I have 2013-2018. CMPD PIO office said to fill this request form out to get data for that long of a period. (I'm saying 1985 because I remember there were some really violent years in the 1990's and want to make sure to get all of them.) Here is what I currently have, based on numbers from CMPD website long ago. All of 2018: 58 All of 2017: 85 All of 2016: 68 All of 2015: 60 All of 2014: 44 All of 2013: 53 Can you please help me fill out how many each year back to 1985? Thank you. 2902	10/14/2019 16:29	Cathy Williams	Levine Law Group	Under the North Carolina Public Records Law, N.C.G.S. §132-1, I am requesting copies of public records regarding any liability insurance policies for the City of Charlotte that were in effect on April 25, 2017 and in effect for the five years prior to April 25, 2017. Copies of any such policies are being requested pursuant to our investigation of an incident dated April 25, 2017, wherein our client, Mr. Roy Knopp, was involved in a two-car motor vehicle collision while in the City of Charlotte (see attached Accident Report). The other driver, Julie Marie Barry, was driving a city-owned police vehicle. According to the Accident Report, Ms. Barry was driving in excess of the speed limit and failed to stop at a duly erected stop sign. As a result, Ms. Barry was faulted for causing the collision.  It is necessary to confirm the existence of these policies, and to review the policy language contained therein, to properly evaluate the application of N.C.G.S. § 160A-485 to Mr. Knapp's potential case against the City of Charlotte. If there are any fees for copying these records, please inform me if the cost will exceed \$100.00.  The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. I have been tasked with updating our Safety Shoe Policy; and as part of the update, I want to compare our safety shoe stipend to other nearby counties, cities, and organizations. We currently offer an \$80 shoe stipend to offset the cost of purchasing safety shoes to employees that are required to wear safety shoes (\$125 for composite-toe boots for electricians). These amounts have not been updated in years. Our police and fire employees are issued boots/shoes at no cost. Does the City of Charlotte offer a safety shoe stipend to employees that need safety shoes? If so, how much? Or does the City pay for the boots outright? I would appreciate any information you are willing to share. If you have any questions or concerns, please don't hesitate to contact me. We are compiling Special Assessments-related information from other utilities around the state as a way of informing our own work in developing a more detailed and well-defined procedure that describes the process to be followed to take a project from initial planning to final construction. We would be very grateful for any information you would be willing to share with us regarding how your utility approaches Special Assessment projects. Attached please find a brief questionnaire that describes the particulars of what we are interested in knowing. We feel that utilities throughout the state can benefit from knowledge-sharing and would be happy to share the final results of our survey once it is completed. Please feel free to contact me at this email with any questions you may have. My office number is also listed below if you would prefer to reach me by phone. 2871	10/4/2019 12:13	10/28/2019 Nicholas Lee	Parker Poe	Charlotte, NC 28202 Re: Public Records Requests for Documents Concerning Olmsted Subdivision and 12425 Eastfield Road, Huntersville, North Carolina 28078 Dear Ms. Kelly: Greetings. I am submitting a public records request to the City of Charlotte pursuant to North Carolina's public records statutes, N.C.G.S. §§132-1 et. seq. I am requesting copies of all public records that reference or concern the development and construction at the Olmsted Subdivision in Huntersville, North Carolina, as defined by the Declaration of Protective Covenants for Olmsted recorded in Book 23753, Page 807 of the Mecklenburg County Register of Deeds (the "Olmsted Subdivision"), Phase 1C, Map 1; the Olmsted Subdivision's developers John Wieland Homes and Neighborhoods of the Carolinas, Inc. ("John Wieland"), Pulte Home Corporation ("Pulte"); or the property and the owners of the property located at 12425 Eastfield Road, Huntersville, North Carolina 28078 (the "Eastfield Property"), all as they relate to the Olmsted Subdivision. Below, I have listed examples of the types of records that should be included in the City's response. These are merely examples, though, and are not intended to limit the scope of this request. The time period for which I am requesting records is from January 2013 to the present. 1. Documents concerning the approval of any subdivision plat for Olmsted Subdivision. 2. Documents concerning any Erosion Control Plan for the Olmsted Subdivision. 3. Documents concerning the permitting, review, and approval of the stormwater management system for the Olmsted Subdivision. 4. Documents concerning any violation or alleged violation of the Erosion Control Plan for the Olmsted Subdivision, the North Carolina Sedimentation and Pollution Control Act (N.C.G.S. § 113A, Article 4), the North Carolina Administrative Code Title 15A Chapter 4, or Mecklenburg County Soil Erosion and Sedimentation Control Ordinance at the Olmsted Subdivision. 5. Documents concerning any notices of violation or any other action concerning Olmsted Subdivision. 6. All records that constitute, reference, or concern any correspondence about Olmsted Subdivision or the Eastfield Property, or John Wieland and/or Pulte conduct relating thereto, including without limitation all such records of Charlotte-Mecklenburg Storm Water Services and records of Nicholas Finelli, Environmental Specialist for Charlotte-Mecklenburg Storm Water Services. This would include any letters, emails, or text messages that reference or concern those subjects. It would also include any memos or other records that reference or concern any telephone calls, meetings, or other oral communications about Olmsted Subdivision, John Wieland, Pulte, or the Eastfield Property. 7. All records that reference or concern any investigation, review, or due diligence concerning the Olmsted Subdivision or the Eastfield Property, or John Wieland and/or Pulte conduct relating thereto, that was performed by or for the County or City. 8. All memos and other records that reference or concern any My name is Tim Spears. I'm a reporter with Spectrum News. 2869	10/2/2019 16:20	11/20/2019 Aiden Graham	North Carolina State AFL-CIO	Dear Clerk Kelly & Ms. Kunze, Braxton suggested that I reach out to you to follow up on a question I have regarding the Airport Commission that the City of Charlotte had in place before the attempted state takeover back in 2013.  My understanding is that before SB 380 passed there was an Advisory Board that existed under the Airport Authority with different appointments by the Mayor and City Council. When the State Legislature passed SB 380 in 2013 -- attempting to put control of Charlotte Douglass International Airport under the state's control -- that Advisory Board was disbanded and a new State-based Commission was formed. However, when the Court overturned that legislation, disallowing the State Commission, the Airport Advisory Board was never reconstituted.  I've done a little bit of research online, but was unable to find any record of a former City-level Airport Advisory Board. Can you confirm whether such a body existed previous to 2013? If so, can you also send me any records detailing the minutes of those meetings? If you have any questions please let me know.	Fulfilled	Closed	City Clerk	No

He's not been seen since. There haven't been any sightings of his father since this date either, so it's unclear if his father abducted him or if someone caused harm to both of them.  I am a researcher of The Fall Line podcast of Exactly Right Media, an investigative project that raises awareness of the cold cases of people who've historically been marginalized. We are working with or have worked with a variety of law enforcement agencies, including APD, Dekalb Medical Examiner, and the GBI, to bring attention to cold cases—especially those of people who experience marginalization. We deal with a wide variety of cold cases, and focus particularly on Does and missing persons—thus, trying to gather as much information as possible so as to aid in potential matches.  Our goal is to make our audience (7 million and counting) aware of these cases and to boost public interest in cold cases, with the hopes of providing law enforcement with new tips and/or information in cases. We do ask that, at the least, we are provided with an incident report. The more information we can gain, the more time we can devote to this case. Various LE officials will vouch for our responsible coverage and attention to accurate presentation, and these testimonials can be arranged upon request. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. The law requires that you respond to and fulfill this request "as promptly as possible." 2820	9/24/2019 16:43	12/2/2019	Luis Enrique Ramos		Hello, My name is Dr. Luis Enrique Ramos, assistant professor at Clemson University- Department of City Planning and Real Estate Development. My research agenda focuses on transit and land-use planning and I am interested in studying light-rail ridership trends in legacy and modern systems in the US. Specifically, I am interested in: 1- multi-year ridership statistics at system-wide and station-level level up to year 2018 for Charlotte's LYNX light-rail; 2- multi-year average weekday boardings and alightings at light-rail stops and stations; 3- and the most recent O-D passenger trips matrix (station-to-station). If finer (more disaggregate) ridership statistics exists (e.g. peak/non-peak; or by hour) I would also be interested. In addition, 4- multi-year customer satisfaction reports and/or surveys, up-to year 2018 are also of interested for the study. 5- GIS shapefiles of light-rail lines, stations, and station portal locations would also be helpful in the analysis. Finally, 6- Performance indicators as per NTD standards are hereby requested: a. General Performance indicators as per NTD b. Effectiveness Measures c. Efficiency Measures For example: Ridership (trips/boardings; multi-year: annual, monthly); Service Productivity (PKM/VKM); Cost Effectiveness (\$ per trip); Speed (RKM/RH)... up-to year 2018. The data and findings would be used exclusively for research and educational purposes and will be shared with all participants. Sincerely, L. 					Good morning! I'm a reporter for NBC Charlotte, and would like to file a public records request copies of complaints filed with CMPD (financial crimes) in the past few months or so about counterfeit currency. Ideally from year start, 1/1/2019 to today 9/23/2019. But we'd like the information ASAP for a story turn this week, so whatever you're available to quickly gather would be great, even if it's just complaints filed over the past month (8/23/2019 to today 9/23/2019), or simply a number of complaints rather than copies of each. Thank you! Manager just provided council with a "30 day memo" Is this online?

					This is a Media PIR from TV news station KXAN in Austin, Texas: 1. Does CMPD have a database of which cars drive for Uber or Lyft? 2. If not, if CMPD is looking for a suspect vehicle or issues its own BOLO on a vehicle, is there any way CMPD checks to make sure that vehicle does not drive for Uber/Lyft and does not continue to make passenger pickups? 3. Does CMPD turn over BOLO information to rideshare companies Uber or Lyft? This may take a little bit longer, but... 4. How many arrests has CMPD made where there was a rideshare driver in the vehicle being stopped? Thank you very much for your help with these requests! 				<p>Copies of documents, such as – but not limited to – Construction Notice to Proceed, daily field reports, contractor reporting forms, work orders, and the like that specify subcontractors and other salient points (noted below) for all phases of the most recent construction or renovation project at Spectrum Center. We do not need every document that mentions subcontractors, just one for each subcontractor or set of subcontractors. Specifically we seek: • Project name • Project number • Projected completion date • Prime/General Contractor name(s) • Construction Manager (at Risk) name • Architect/Engineer names • Subcontractor names Excel spreadsheets containing similar information are welcome. The information is used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and supplying the information cannot be construed as an endorsement of either your payees or our work. We are willing to reimburse your office for any reasonable expense incurred in providing the requested information if an estimate of costs is provided for our approval before the work is performed. We prefer to receive the data via e-mail attached as a PDF or Excel document. If my request is too broad or does not reasonably describe the records being requested, please contact me via e-mail or by phone, so that I might clarify my request, and when appropriate, inform me of the manner in which the records are filed, retrieved, or generated. If the City of Charlotte is not the custodian of the records sought, please direct us to the entity responsible for the above listed records. 2753	9/3/2019 9:58	9/20/2019 Kimberly Fritz	The Fall Line/Exactly Right Media	<p>Under the <b>North Carolina Public Records Law, G.S. §132-1</b>, I am requesting an opportunity to inspect or obtain copies of all records, including coroner's reports and autopsies, that relate to the unsolved murder of Franklin Freeman, who went by the Drag monikor Aretha "ReRe" Scott. The victim was found shot to death on June 2, 2002 at 10:30PM at the corner of Church and Liddel Street.</p> <p>I am a researcher of The Fall Line podcast of Exactly Right Media, an investigative project that raises awareness of the cold cases of people who've historically been marginalized. We are working with or have worked with a variety of law enforcement agencies, including APD, Dekalb Medical Examiner, and the GBI, to bring attention to cold cases—especially those of people who experience marginalization. We deal with a wide variety of cold cases, and focus particularly on Does and missing persons—thus, trying to gather as much information as possible so as to aid in potential matches.</p> <p>Our goal is to make our audience (5 million and counting) aware of these cases and to boost public interest in cold cases, with the hopes of providing law enforcement with new tips and/or information in cases. We do ask that, at the least, we are provided with an incident report. The more information we can gain, the more time we can devote to this case. Various LE officials will vouch for our responsible coverage and attention to accurate presentation, and these testimonials can be arranged upon request.</p> <p>If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.</p> <p>If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.</p> <p>Thank you for considering my request, and for your time!</p> <p>Sincerely, Kimberly Fritz 717-405-2929 reasearch.falllinepod@gmail.com</p>	Fulfilled	Closed	Police	Yes

				Follow up to 2600 - I'd be interested to see the results if the same search requirements were used but instead of "Technology" being selected in the type field "Professional Services" was selected instead. My original request states - "A copy of all active contracts for "Information Technology Contract <u>Professional Services</u> ." Here is my new request. Please provide me a copy of any active contracts in the City of Charlotte under the "Professional Services" type field for Munis. Please search for all City of Charlotte contracts. Please limit the contracts provided to those with keyword "Technology." If Munis does not provide results for "Technology" please open the individual "Professional Service" contracts and check to see if they are in any way related to "Technology." Please provide me with copies of the most recent invoices for each contract that meets this category. I would like to have these records by the end of next week. I have previously written about the government and its activities, with some reaching over 100,000 readers in outlets such as Gizmodo, MuckRock, Motherboard, Property of the People, Unicorn Riot, and The Outline, among others. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the library Internet Archive and the journalist non-profit MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance.</p> <p>As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived.</p> <p>The requested documents will be made available to the general public, and this request is not being made for commercial purposes.</p> <p>In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. 				<p>Dear Ms/Mr, hope this e-mail find you well! I am a PhD economics student at UIC and am currently studying housing assistance. I am trying to submit a Freedom of Information Act request to learn about households on housing assistance waitlists. I am hoping you can provide me with data on waitlist size and composition. In particular, I would like to know, on a quarterly basis since 1990, the total number of households on waitlist for public housing and/or housing choice vouchers, with breakdowns by the number that are above and below age 62 (for household head) and whether the household head is disabled or non-disabled. If the household receive income from SSI or SSDI, please include them as disabled. In an attempt to make myself clearer, I have attached a sample template, but please contact me if you have any questions about what I am asking for. Data Format: Period: From 1990 to 2019 Frequency: Quarterly Breakdown: Indication of the type of Information: Size of the waiting list (i.e. Number of households on the waiting list) Number of those on the waiting list: - Non-elderly non-disabled (under 62) - Non-elderly disabled (under 62) - Elderly non-disabled (62 and over) - Elderly disabled (62 and over) Thank you so much for any help you can provide. 2617	7/24/2019 15:54	8/14/2019			Under the North Carolina Public Records Law, G.S. §132-1., I am requesting an opportunity to inspect or obtain copies of public records such as dispatcher call logs, any transcriptions or audio recordings of communications related to, and/or any body-worn camera footage from officers involved in an incident at or near 601 East Trade Street, Charlotte, NC (CMPD headquarters) on Wednesday, July 24, 2019 at or around 3:00 PM. To be specific, the incident refers to contact made with an individual, a white male, medium height, wearing a ball cap and taking photographs on the sidewalk adjacent to the CMPD headquarters. Two officers from the Targeted Response and Apprehension Unit (TRAP) of CMPD first contacted the individual (white male wearing a ball cap) and asked why he was taking photographs. These officers were quickly joined by two other uniformed police officers, and all four officers proceeded to surround the individual in an intimidating fashion. The individual was cleared and free to go after a conversation with the officers, but all of the officers failed to identify themselves and were not wearing clearly visible name tags, so no officer names are available for purposes of this request and/or any formal complaints that might be submitted. At least one of the TRAP officers was wearing a body-worn camera but this requestor does not know if said body-worn camera was turned on during the incident. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the activities and asset use of public officials acting in their official capacity in Charlotte, in particular as it relates to CMPD's respect for and knowledge about the first amendment. As an independent journalist, this request is related to news gathering purposes. This information is not being sought for commercial purposes. 				<p>Good morning Lt. Koch,</p> <p>I'm working on an article about DWI arrests in Mecklenburg County, and Melissa Treadaway directed me to you. I have data from NC Highway Patrol from 2014 until May of this year, and I also have data from the state courthouse from 2011 until 2017.</p> <p>I'm trying to get an idea of how many arrests are coming from which areas of law enforcement (highway patrol only has their numbers), so if you could send me CMPD's arrests from 2014 until most recently, that would be really helpful. I could also share the data I have from highway patrol and the court if you'd like it.</p> <p>Thank you, and please let me know if you have any questions.</p> <p>All the best,</p> <p>--  Brooklynn Cooper  Metro   The Charlotte Observer  704-358-5123 / 919-475-6156  t: @dodgebrooklynn</p>

We have been tasked by the HR Department of Hartsfield-Jackson Atlanta International Airport to come up with a comparative analysis for some of their employees' annual wages. For us to come up with firsthand results, we are collecting data from a couple of International airports regarding the annual salaries of select positions. That being said, we would like to seek your assistance in providing us with the needed data to come up with a concrete evaluation to supply our client. Said positions are as follows: -Electrician Specialist - Electrician Supervisor - HVAC Supervisor - HVAC Technician Senior - HVAC Technician - IT Manager Senior - Network Engineer - Network Technician - Programmer Analyst Lead - Telecom Project Manager Upon completion of our research, we can give you a copy that you may also use as a reference for employee wage comparison; however, this will be contingent upon our client's approval. Thank you for your time and for granting us access. We deeply appreciate it and if you have any further questions from us, please feel free to email us. Good Afternoon,

I am requesting the bid tabulation/awarding information for the most recent Sodium Hydroxide, Calcium Hydroxide bid for **wastewater treatment** (referenced above)

Any historical bid information (beyond what is available on your website attached to this bid) would be helpful as well.

Also- does the WWTP in your area utilize Magnesium Hydroxide?

Thank you

2563	7/11/2019 9:48	7/11/2019 Jay Faulkenberry	Heartland Realty	I am trying to get in touch with someone concerning a current biosolid project on a site that we currently own. The property is located at 9,11 and 13 Fairfield Hill Rd. Winnsboro being in Fairfield County. The current owner name is Southern Land Investments, LLC and tax parcel number is 040-00-00-007-000 containing 497.88 acres. This property is currently being used to spread biosolid from the city of Charlotte and it has 3 monitoring wells. If at all possible, I would like to speak with someone about the well reports and get a copy of that. I think the wells are monitored at least 1 time each year and the most current well reports would be sufficient. Please contact me at your earliest convenience to discuss or you can reply with a copy of the well reports for this property. I appreciate your time and look forward to speaking with someone. (Even the past 1-2 years is helpful) I need this to create a public awareness appeal so that there is increased attention and awareness for people to spay or neuter their pets. Thanks Greetings. I am submitting a public records request to the City of Charlotte pursuant to North Carolina's public records statutes, N.C.G.S. §§132-1 et. seq. The City's website, as best I can tell, does not specify a particular City official or employee to whom public records requests should be sent. As a result, I am submitting my request to you as the City Clerk. If any part of this request should be directed to someone else at the City, I would appreciate your forwarding this request to that person. I'm requesting copies of all public records that reference or concern the road "Country Lane" which intersects with both Providence Road and Kuykendall Road. Below, I have listed examples of the types of records that should be included in the City's response. These are merely examples, though, and are not intended to limit the scope of this request: 1.All surveys of any portion of Country Lane, including any document or survey referencing the Survey of A Portion of Country Lane Providence Township Mecklenburg County recorded in Map Book 14 Page 209 of the Mecklenburg County Register of Deeds; 2.All Right of Way Agreements for any portion of Country Lane, including but not limited to the Right of Way Agreements recorded in Book 5111 Pages 18, 123, 181, 184, 337 of the Mecklenburg County Register of Deeds; 3.All maps prepared by or for the City regarding Country Lane, including but not limited to the maps prepared by the Charlotte Engineering Department: (a) dated June 20, 1985 titled "R.O.W. to be acquired by the City of Charlotte, Property of M.M. 2521	6/26/2019 9:20	7/12/2019 Lauren Lindstrom	Charlotte Observer	Hi Katie- I've been unsuccessful in reaching Pam Wideman this week. I was hoping to chat with her to talk through this request but I will file it and go from there. I heard her interview on WFAE this week saying the city had met its 5,000 units of affordable goal as the 3-year deadline approached. I want to break down what those projects are, including new builds, funding allocations for down payment assistance, etc. Please consider this a public records request for documents to show the city's accounting or tallying system for documenting progress on the 5,000-unit goal. I would like a list of projects, funds, or other metrics used to count up to the goal amount. I am happy to speak by phone today if that helps.	Fulfilled	Closed	Neighborhood Services	Yes

2498	6/24/2019 12:11	6/25/2019	Keith A. Bost	Management Solutions for Emergency	<p>ChiefJohnson: As a past Fire Chief myself, I hate to have to send this request. First, and foremost, neither I nor my company wish to cause any legal or other harm to the excellent fire department of the City of Charlotte. I simply need to ask for a few pieces of information, and I want to do it properly, so that is why I am asking through a Public Records request. I need the following information: 1. What fire station in the City of Charlotte has the IP Address of: 205.141.0.1? 2. What are the first and last names of the fire personnel who were on-shift at the station location with the above IP Address on May 30, and June 1st ChiefJohnson, I wish I could disclose why I need the above information in full detail, but at this point, I cannot. As a professional courtesy, I can only disclose that we (MSFES) are doing an external investigation on an attempted breach of one of our systems. At this point, it appears that possibly one of your firefighters is trying to breach our system while on shift at one of your fire stations. We have identified five different IP Addresses that have been used, and we have determined the location of most of those addresses. If the person who is doing the bad deed is on the list of firefighters on shift those days, then we can place him at more than two locations. If we provide you with the name of the person who we believe is attacking our system, we might disparage a good person. We never want to negatively affect someone's life, until we are absolutely sure of our facts. Chief Johnson, again, we have no ill will against the Charlotte Fire Department. Our company is in the business of helping and protecting fire departments, and I never want to hurt one. If we could quickly obtain the above information, we can then make a quick determination as to whether one of your employees is attacking our information When we finish our investigation, if we believe that one of your firefighters is using your fire department Wi-Fi improperly, we will be glad to disclose the full nature of the investigation to you. Please feel free to call me at any time. I shall be happy to speak with you. Sincerely, Keith A. Bost Founder / CEO</p>	Closed Unfulfilled	Denied	Fire	No

				Under the North Carolina Public Records Law, we formally request that your office provide us with the following public spending information: Copies of documents, such as – but not limited to – Construction Notice to Proceed, daily field reports, contractor reporting forms, work orders, project directories, and the like that specify subcontractors and other salient points (noted below) for construction or renovation projects valued at \$2,000,000 or more at Charlotte/Douglas International Airport. Please include information for both currently active projects as well as those completed since June 1, 2018. We do not need every document that mentions subcontractors, just one for each subcontractor or set of subcontractors. Specifically we seek: Project name- Project number- Projected completion date- Prime/General Contractor name(s)- Construction Manager (at Risk) name- Architect/Engineer names- Subcontractor names Excel spreadsheets containing similar information are welcome. The information is used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and supplying the information cannot be construed as an endorsement of either your payees or our work. We are willing to reimburse your office for any reasonable expense incurred in providing the requested information if an estimate of costs is provided for our approval before the work is performed. We prefer to receive the data via e-mail attached as a PDF or Excel document. If my request is too broad or does not reasonably describe the records being requested, please contact me via e-mail or by phone, so that I might clarify my request, and when appropriate, inform me of the manner in which the records are filed, retrieved, or generated. Thank you for your assistance!	Fulfilled	Closed	Aviation	No

				Under the North Carolina Public Records Law, we formally request that your office provide us with public spending information, including both capital and operating expenditures, for payments made by or on behalf of Charlotte/Douglas International Airport during fiscal year 2018. Specifically, for any payee, other than an employee, that was paid a cumulative total amount of \$25,000 or more, we seek the payee name, address and the cumulative total dollar amount paid to the subject payee over the relevant time period. The \$25,000 threshold was established to minimize reporting for respondents. If a data sort of this type is not possible, please supply the requested information for all non-employee payees. We hope to receive the data electronically, if at all possible. The information is to be used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and your supplying the information cannot be construed as an endorsement of either your payees or our work. Acme is willing to reimburse your office for any reasonable expense incurred in providing the requested information, if an estimate of costs is provided for our approval before the work is performed. We prefer to receive the data electronically in a CSV, Text, PDF, or Excel spreadsheet. If it cannot be sent via e-mail, please send the data on a PC-formatted disk by mail. Should you have questions or need to advise us to redirect this request; you can contact our offices by telephone at 800-810-3846 or via e-mail at <a href="mailto:municipal@acmeresearch.com">municipal@acmeresearch.com</a> . 				<p>Good afternoon,</p> <p>I'm working on a story about the city of Columbia, SC adopting ShotSpotter technology and I've reaching out to other agencies who've used the tech in the past to get a sense of how well or not it works and whether it was useful.</p> <p>As I understand it, CMPD recently canceled its contract or otherwise discontinued the use of ShotSpotter. Would like to get the following: Which years has CMPD used ShotSpotter? How much money was spent on the system? How many arrests can be attributed to using ShotSpotter? Any documents related to the discontinuation of ShotSpotter.</p> <p>In addition, I'd love to speak with someone at CMPD who can give any context/perspective on how well the system worked. What were its benefits? Its flaws? Was it helpful overall, neutral or a waste of resources? Were there issues with false alarms? Did it help make the community safer? What was it like to use overall? I can be reached directly at this email address or via my cell, 843-323-9175.</p> <p>Best,</p> <p>Gregory Yee Reporter The Post and Courier 843-323-9175</p>

2418	5/29/2019 10:49	5/30/2019 Anna Pogarcic	Charlotte Observer	Pursuant to state public records law, I'd like to request access to and copies of a survey that was mentioned and presented to the city council at its budget adjustment meeting on May 23, 2019. At the end of the meeting, city staff presented a survey that was conducted within Municipal Service Districts 2, 3, and 5 about a potential rate increase. I would like to see the survey, the methodology, and the results. Ideally, I would like to receive copies of these records in an electronic format. Please notify me in advance of any fees associated with this request. If my request is denied in whole or part, I ask that you justify all deletions and redactions by reference to specific exemptions in the state open records act. Because your response to this request may consist of several parts, please provide these records as they are processed. If you need any additional information to fulfill this request, please send me a note at the email address below.	Closed Unfulfilled	Denied	Strategy & Budget	Yes

2359	5/14/2019 10:00	9/16/2019 G. Harold Christian	ExpertMoneyFinders.com	Charlotte Finance Department Public records request for check policy, etc. (Our File 149188) Dear Official Records Custodian: Please note: This request is *not* for records of uncashed checks/warrants and is specifically intended to *exclude* the records of uncashed checks/warrants your office regularly makes available. I seek records to understand how often the records you provide are updated and after what period of time from the date issued is a check/warrant no longer negotiable or is otherwise not presentable for payment. Accordingly, pursuant to your state public records act, I respectfully request you provide public records via email to <a href="mailto:FOIA@expertmoneyfinders.com">FOIA@expertmoneyfinders.com</a> . Please provide an exact copy of: 1. Policy(ies) and procedure(s) evidencing, reflecting, referring to or relating to the intervals check records are updated (i.e., automatically, daily, weekly, monthly, etc.). 2. Policy(ies) and procedure(s) evidencing, reflecting, referring to or relating to the day of the month the check records are updated. 3. A blank or voided check (properly redacted) or any negotiated check/warrant issued to a business between January 1, 2018 and the date the search is conducted. 4. Policy(ies) and procedure(s) for the final disposition of uncashed checks/warrants (i.e., retained by your agency, transferred to your state's unclaimed property office, etc.). 5. Policy(ies) and procedure(s) evidencing, reflecting, referring to or relating to all reason(s) uncashed checks/warrants become ineligible for reissue (i.e., statute of limitations, record retention periods, forfeiture, statute, policy, etc.). 6. A representative copy of all notices sent to payees of uncashed checks. 7. Policy(ies) and procedure(s) for the handling/disposition of checks returned as not deliverable (change of address, forwarding time expired, nixie, etc.). 8. Policy(ies) and procedure(s) for the handling/disposition of all notices returned as not deliverable (change of address, forwarding time expired, nixie, etc.) Please inform me if, after a reasonable search, no responsive records whatsoever were located. Please also inform me if you determine to withhold a responsive record its entirety or disclose it in redacted form. If you do intend to disclose any responsive record in redacted form, I ask that you redact that record for the time being (by blacking it out not whiting it out) and make the rest of the records available as requested. Thank you for your assistance in fulfilling this request.	Fulfilled	Closed	Finance	No

				<p>Dear Gregg and Robert:</p> <p>I'm writing an article that's a follow-up to a piece the Center for Public Integrity published in January 2017. This article concerned municipal governments that billed presidential campaigns for public safety services, but never received payment: <a href="https://publicintegrity.org/federal-politics/cities-to-trump-clinton-and-sanders-pay-your-police-bills/">https://publicintegrity.org/federal-politics/cities-to-trump-clinton-and-sanders-pay-your-police-bills/</a></p> <p>I'm writing you today to request information about President Trump's Oct. 26, 2018, political rally in Charlotte. Specifically, I'd like to know the following:</p> <ul style="list-style-type: none"> <li>•Did your municipal government and/or police department bill President Trump's campaign for any costs related to the city providing security or public safety services for this event?</li> <li>•If so, please let me know how much money you billed the Trump campaign for. Also: please email me a copy of any bill or invoice you sent the Trump campaign, as I'd be most interested in reviewing the original documents.</li> <li>•What is the status of any bill/invoice you've sent the Trump campaign? (Is it paid or does it remain outstanding? Has the Trump campaign communicated with you about payment?)</li> <li>•Did you bill the Trump campaign for any non-public safety services the city government provided the Trump campaign regarding the above event? If so, what were these services and how much did you bill the Trump campaign?</li> <li>•Since 2017, has the municipal government billed any other political campaigns to offset costs incurred by your government / police department? If so, please name the candidates and indicate whether they have paid or not paid.</li> </ul> <p>Thank you very much for your consideration. My deadline is end of business Tuesday, April 30.</p> <p>Please feel free to call me if you'd like to discuss.</p> <p>Sincerely, Dave Levinthal Federal politics editor, senior reporter</p>	Closed Unfulfilled	Denied	Finance	Yes

We wanted to see if your city has such a contract/agreement and if so, could you send a copy of to us? We are particularly looking for information on the franchise fee, the fee charged to the utility for the right to operate in the right-of-way, along with information on energy objectives, such as renewable energy procurement or energy efficiency requirements incorporated into the agreement.  If you think someone else would be better able to address these questions, feel free to send me on to them. We would be happy to answer any questions you may have about this project and look forward to hearing from you.  Thanks for all your help! 2144	3/13/2019 13:25	4/9/2019 Matthew C. Dellinger	Dellinger Law PLLC	Mr. Montgomery,  I hope you are well. I have a client in a civil lawsuit stemming from an incident at 2923 S. Tryon Street on September 10, 2018, in which my client was shot by a third-party. We are seeking information on incidents in the general area of 2923 S. Tryon Street that occurred prior to my client's incident. When I attempted to pull the information I need from CMPD's Crime Mapping application online, it only provides the information for the last 180 days and thus does not go back as far as we need it.  I was referred to you by CMPD's Central Division as the person who could help us. I left a message with your phone attendant earlier. To hopefully make this easier and more efficient, I'm sending this email to outline what we're seeking. Essentially, it is the same information we would be able to pull off Crime Mapping if it were not beyond the 180-day window. What: all incidents involving Assault; Burglary; Homicide; Motor Vehicle Theft; Robbery; Sex Crimes; Theft/Larceny; Vandalism; Vehicle Break-In; WeaponsWhere: 2923 S. Tryon Street AND WITHIN A 1-MILE RADIUS OF THAT LOCATIONWhen: 1 to 5 years prior to and including September 10, 2018  If we can, we would like to obtain this information in a report/list format, as well as on a map like Crime Mapping provides if that is available. Ultimately, if I get the list of all incidents with their incident numbers, dates and locations, I can go through and pull from online the individual incident reports for each.  If I need to send a formal written request, please let me know and provide the name and address to whom I should direct the request.  We sincerely appreciate your help. Please call me if there are questions or you would like to discuss anything with me.  Best regards, Matt	Fulfilled	Closed	Police	No

				Dear Pubic Records Unit, I recently retired an now am a volunteer for the Gifford Law Center, whose mission is to save lives from gun violence. I am writing to mayors of over 80 U.S. cities seeking information that can be used to save lives. The information I seek from your office is: 1. The number of homicides due to gun use in the city of Charlotte in each of the years 2015 2016, 2017 and 2018; and 2. The number of non-fatal injuries due to gun use in the city of Charlotte in each of the years 2015, 2016, 2017 and 2018. I thank you in advance for the assistance of you and your staff. Should you or your staff require any additional information or have any question, please feel free to contact me via email or by telephone at 732-673-7941. The level of data needed is average daily ridership per station, average weekday alightings, average Saturday boardings, average Saturday alightings, average Sunday boardings, and average Sunday alightings. Additionally, it would be especially helpful if you are able to provide any origin-destination data that shows the specific ridership to and from each station. 2018 data is preferred, however if this is not possible the most recent data is requested. Can you please resubmit your public records request through our system whenever you wish that information? Cheyenne Flotree Citywide Records Program Manager I'm making this request to eliminate listings that have been claimed or cashed since I received the original file and are no longer uncashed. Many of the listings in the original file were dated December 2018 which is not a long time ago so I thought it best to wait until the end of February to begin working the list. If checks have gone uncashed for at least 2 months, they probably were never received so those cases would be workable. 2072	2/25/2019 5:49	3/1/2019	Jace Whitmer		Hello, Under the North Carolina Public Records Law, G.S. §132-1. I am requesting an opportunity to obtain copies of public records related to the murder of Sherrell Faulkner who was attacked 11/30/2016 and subsequently died on 5/16/17. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of violence perpetrated against the transgender community. This information is not being sought for commercial purposes. If access to the records I am requesting will take longer than a 'reasonable' amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request.	Fulfilled	Closed	Police	No

				<p>Good Afternoon: ShareSquared is requesting a copy of Charlotte Water's official retention schedule (a.k.a. file plan) electronically (e.g. in Microsoft Word, Excel, or Adobe PDF format). We work with state and local government agencies throughout the U.S. and Canada to implement comprehensive Electronic Document and Records Management System (EDRMS) solutions on the O365 and SharePoint platforms. One of the obstacles to providing agencies with an EDRMS solution is that many agencies do not have a robust retention schedule, which is a prerequisite to implementing the solution for them. To assist them, we are seeking to gather and homogenize retention schedules from various agencies within specific government verticals (e.g. Water/Wastewater, City, Transportation, Port, Airport, etc.). Our aim is to develop comprehensive, best-of-breed, file plans for Cities and Special Districts, which will serve as the foundation of an EDRMS solution for agencies that do not already have a mature file plan. We are asking for your assistance specifically because you are either a large or award-winning agency. Given that this endeavor is intended to contribute significantly to local government agencies with regard to their ability to store, manage, retrieve, and produce records, both internally and for the benefit of the general public and in accordance with state and federal laws, we request a waiver of any fees for this request. Thank you for your consideration of this request! 1968	1/10/2019 14:10	4/1/2019 Dan Nimmo	Utilimarc	I am requesting information on vehicles and off-road equipment maintained by the city's fleet department during the calendar year of 2018. "Vehicles" in this request would include police vehicles, ambulances, fire trucks, plows, refuse trucks, pickup trucks, service trucks, vans, sedans, motorcycles, etc. "Off-road equipment" in this request would include trailers, lawn mowers, generators, backhoes, trenchers, excavators, dozers, street sweepers, etc. The information requested for each vehicle or off-road equipment should include: ID Number, Status code, Class code, Unit Description, Make, Model, Model Year, VIN, In Service Date, Disposal Date (if applicable), Total Purchase Price, Annual Lease Cost, Annual Depreciation Cost, Annual License Cost, Annual Mechanic Labor Cost, Annual Vendor Cost, Annual Parts Cost, Annual Fuel Cost, Annual Labor Hours, Annual Miles Driven, Annual Fuel Gallons Consumed, Life-to-date Miles Driven This data is typically stored in a Fleet Management Information System (FMIS). I am familiar with a variety of FMISs if help is needed in extracting information. We can also provide a secure FTP site to assist in the transfer of relevant txt, csv, or xls files. I am also requesting information on employees who worked within the city's fleet department during the calendar year of 2018. An "employee" in this request could include a mechanic, serviceman, foreman, parts person, apprentice mechanic, analyst, clerk, fleet manager, or other administrative positions. The information requested for each employee should include: employee name or id number, job title, hire date, leave date (if employee no longer works with city), base wage or salary, and loaded wage or salary (including benefits). We are conducting a study to better understand the cost of vehicles and equipment operated by municipal organizations. Raw information collected will only be used internally, but aggregate information may be made available to our clients through an online benchmark or pdf report. Thank you. If available, I am seeking records showing the date, time, and location (latitude and longitude) for each incident recorded by the ShotSpotter sensors. If available, I am also seeking records showing the type of incident (single, multiple, possible gunshot) and/or number of rounds fired for each incident. To the extent your records do not contain all or exactly this data, I am prepared to accept records containing only some or part of the data I am seeking. I am requesting all such records, from the date of the first recorded incident to the present. I would like the records in the form of a spreadsheet or CSV file sent via email. I am not seeking the locations of the sensors themselves. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest. I am requesting these records on behalf of The New York Times, and they will be used in a public-facing project that will increase understanding about the underreporting of gun violence. The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies of the requested records. 				Pursuant to your state public records act, I respectfully request you produce public records in an electronic format to ltward@expertmoneyfinders.com. For all bank accounts checks/warrants ("checks") are issued from, please provide a list/report, electronically stored records, or individual records evidencing, reflecting, referring to or relating to *all uncashed checks* - in all amounts - that meet the following criteria: 1. Were issued between January 1, 2010 and the date the search is conducted; and 2. Have *not* been presented for payment (uncashed, not negotiated, etc.); and 3. Have *not* been reissued; and 4. Are *not* ineligible to be reissued; and 5. Have *not* been remitted to any state unclaimed property office. Please provide all available fields, including but not limited to, (i) payee/vendor name, (ii) payee/vendor address, (iii) amount, (iv) date of item, (v) check number, etc. Please note: This request specifically excludes all checks that have already been reissued, and/or are ineligible to be reissued, and/or have already been remitted to a state unclaimed property office. Excluding checks that cannot be reissued is extremely beneficial, as processing only eligible reissue requests conserves the resources of all parties. Please inform me if, after a reasonable search, no responsive records whatsoever were located. Please also inform me if you determine to withhold a responsive record its entirety or disclose it in redacted form. If you do intend to disclose any responsive record in redacted form, I ask that you redact that record for the time being (by blacking it out not whiting it out) and make the rest of the records available as requested. 					Good afternoon, I am writing in connection with an ongoing matter regarding Starr Davis Co. Inc. Starr Davis was engaged in business as an industrial and commercial insulation distributor and fabricator with distribution facilities in various locations. The company was headquartered in Greensboro, NC until it filed for bankruptcy in 1993. There are claims being brought against the Starr Davis estate for which certain lines of insurance coverage would be potentially valuable, specifically commercial general liability coverage. I am writing to inquire as to whether you can initiate a search of your files for any and all information and documentation you might have regarding Starr Davis insurance coverage, which they would have provided as part of any contracts with the City of Charlotte, work completed in the City of Charlotte, licensing, or other purposes, including policy numbers, carriers, years of coverage, lines of coverage, and/or broker information. Please let me know whether you can assist in this matter or if you have thoughts on who else I could contact. I would be happy to discuss further by phone to provide any additional information. 1837	11/9/2018 9:34	Brittney Johnson	WSOC-TV	Hello again. I check pacer for our station and came across the attached filing in federal court which was filed Monday. The judge denied the city's motion for summary judgement allowing former Officer Michael Tinsley's discrimination case to proceed to trial. I have several questions about issues brought up in the judge's order that are outside of the actual case and complaint and are related to how the city deals with terminations and civil lawsuits.  Please respond to the following:  Is Aimee Aquino still employed as a CMPD officer? If so, can you please share her rank, division and years of service?  If a CMPD officer is found liable of slander, would they be allowed to continue working for the department? Would an officer found liable for slander be allowed to arrest individuals and testify in court?  Can the city pay a settlement and attorneys fees on behalf of an officer who is sued in their individual capacity not in their official capacity if the city is not a party to the lawsuit?  According to the judge's motion, it appears the city paid out attorneys fees on Aquino's behalf for a slander claim, can you explain why city funds would be used to pay this settlement?  Is there a set policy that dictates how officers are disciplined for violating department policies that is used across the department?  Are supervisors allowed to use their discretion to deviate from the department's disciplinary guidelines if an officer violates department policy?  Thanks for your time, I look forward to your responses.	Fulfilled	Closed	Police	Yes

				RE: City of Charlotte Contract #11000-581; Project No.: LD15-007; Elevated Roadway System, Underground Passageways, and Traffic Control Construction Package; Request for Public Records. Ladies or Gentlemen: This law firm represents Brayman Construction Company ("Brayman"), a subcontractor performing drilled shaft construction work on behalf of Flatiron – Blythe Development, a Joint Venture, the general contractor performing the above referenced contract at Charlotte Douglas International Airport (the "Project"). Pursuant to the North Carolina General Statutes, Chap. 132-1 et. seq., this letter requests public records, described below, relating to the City of Charlotte Contract #11000-581, Project No. LD15-007. The letter dated March 24, 2013 from S & ME, Inc. transmitting the S & ME, Inc. Revised Geotechnical Engineering Report dated March 24, 2013 to Charlotte Douglas International Airport references prior geotechnical services provided in accordance with S & ME Proposal No. 1351-23498-10 dated October 19, 2010 ("Proposal"). Please provide a copy of the geotechnical engineering report provided in accordance with the S & ME October 19, 2010 "Proposal" and the prior geotechnical engineering report revised by S & ME with its March 24, 2013 Revised Geotechnical Engineering Report. Also, in the same March 24, 2013 S & ME Revised Geotechnical Report at page 1 there is a statement identifying a geotechnical engineering report for the then proposed Hourly and Rental Car Facility Parking Deck (S & ME Project No. 1351-09-095, dated March 3, 2010) at the Airport. Please provide a copy of that geotechnical engineering report for the then proposed Hourly and Rental Car Facility Parking Deck as it is identified as providing boring information located along the alignment for the new elevated commercial vehicle roadway at the Airport, i.e. the Project. If some of this request is exempt from release, please release the remainder of the record which is allowed. Please provide all requested records that are greater than \$500, are claimable (The obligation to the payee has not been voided by law), The funds have not been turned over to the abandoned property office, and the funds are not in the process of being issued or reissued. Also for any outstanding checks, please only provide those that the payee still has the right to claim and have been outstanding for a period of over 3 months. For each property, please provide issue dates, payee names, addresses, and dollar amounts due. If possible, an excel document would be the desired format to receive data for all available years. If the requested records could not be found or do not exist in your possession, please provide the contact information for the public body from which they may be requested and forward this request to them (For example, if another department issues checks on your behalf.) We would appreciate your prompt attention to this matter and, if possible, request your response within 15 business days of receipt of this letter. We will reimburse for any reasonable costs associated with the provision of these documents. Please notify us should costs exceed \$50. Thank you for your assistance with this matter. 				<p>Attorney Emken,    We received notification from a local reporter that CMPD crime stoppers videos are only being released to WBTV. Those videos are considered public information when released to a media outlet. The purpose of CMPD releasing the videos to WBTV is for the purpose of public viewing.    The Crime Stoppers videos should be released to all media.    We have reviewed NCGS 132-1.4, and there is no information in it that considers the videos that are released to WBTV as Criminal investigations, hence the videos are watched by millions of people upon release. We understand that there is a contract CMPD has with WBTV, but a contract is not required to view public records.    We also understand that there is a court order required to request video from CMPD. But WBTV has not submitted any court orders to obtain the Crime Stoppers videos in question.    We are requesting that the Crime Stoppers videos be released to all local media in the same raw form as the videos are released to WBTV. More media distribution will help CMPD solve crimes.    We are awaiting your thorough reply.    Thank You</p>

Please provide any documentation you have available on these questions to koatdesk@hearst.com. On June 4, 2018, a large oak tree (the subject tree) fell onto the property and home of Jubal and Tina Early located at 348 Hempstead Place, Charlotte NC 28207. The tree was planted on a sidewalk easement owned by the City of Charlotte. This public records request seeks any and all documents, records, information, etc... related to that tree, other trees in the vicinity, and the service and maintenance of City of Charlotte trees in the vicinity, including, but not limited to, the specific requests below. Reference to "the vicinity" includes the streets within one square-mile of 348 Hempstead Place, Charlotte NC 28207. 1. Documents showing whether the City of Charlotte owns and/or maintains the land on which the subject tree grew. 2. Documents showing whether there were any visits or inspections made in the vicinity by the City of Charlotte or anyone on its behalf from June 4, 2017, to June 4, 2018, to determine if there were any trees in the vicinity that might be unhealthy and/or had the potential to fall in the event of storms or winds. 3. Documents showing the City of Charlotte's vegetation management plan or landscape management plan or tree management plan setting forth criteria, rules, and/or standards whereby trees are inspected and identified for potential removal in the vicinity. 4. Documents or records, including telephone records or documentation of telephone calls, showing communication received or sent by the City of Charlotte or anyone on its behalf regarding the subject tree from June 4, 2017, to June 4, 2018. 5. Documentation or records, including telephone records, of phone calls from Jubal or Tina Early to the City of Charlotte (including City 311), regarding the removal and/or maintenance of the subject tree from June 4, 2017, to June 4, 2018. 6. Documents showing the City of Charlotte's response to telephone calls from Jubal or Tina Early regarding the subject tree. 7. Documents comprising or referring to any report or decision or action made or done regarding the subject tree by the City of Charlotte or anyone on its behalf prior to June 4, 2018. 8. Documents showing whether the City of Charlotte or anyone on its behalf did any work, service, inspection, or repair between June 4, 2017, and June 4, 2018, in relation to the subject tree. 9. Documentation or records related to, concerning, or pertaining to any tree in the vicinity owned or maintained by the City of Charlotte that fell from June 4, 2017, to June 4, 2018. 10. Documentation or records related to, concerning, or pertaining to any tree in the vicinity owned or maintained by the City of Charlotte that has been flagged for any reason from June 4, 2017, to June 4, 2018, and the reasons for the flagging. 11. Documentation or records related to, concerning, or pertaining to any tree in the vicinity owned or maintained by the City of Charlotte that has been removed for any reason from June 4, 2017, to June 4, 2018, and the reasons for the removal. 12. Documents regarding removal of the subject tree after it fell on June 4, 2018, including documents/records related to the cause of the fall and facts or circumstances relating to the fall. This includes, but is not limited to, any documentation from Jason Nail, Tree Civil Service board minutes from July 24, 2014 and any documents related to the hearing and recommended actions for former CMPD Officer Michael (Mike) Tinsley. 1728	9/30/2018 21:14	Isaac Miller	Alton Aviation Consultancy	Dear custodian of records: Under the North Carolina Public Records Law, G.S. §132-1., I am requesting an opportunity to obtain copies of public records pertaining to your Charlotte CLT's fuel storage facility (a.k.a. fuel farm) for commercial airlines. As part of market research I am conducting, I am seeking the following information: - The name of the company or other entity that holds the ground lease or other concession rights to provide fuel farm services at the airport; and - The duration of their lease or concession period, and its expected end date. In the event there are multiple such facilities at the airport, I request the information described above for each one. Such information should be available in lease documents between the airport and such a tenant, or in airport boarding meeting minutes or other airport documents relating to this matter. I am willing to receive the materials either via email (isaac.miller@altonaviation.com) or by mail to the address shown above. I am willing to pay a fee up to \$100 for this request should dutifully fulfilling said request require me to do so. The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. I will contact your office within 48 hours to discuss when I may expect fulfillment of my request, and payment of any statutorily prescribed fees. 1722	9/28/2018 14:11	Dan Barkin	Business North Carolina	<p>Hello: I am a columnist for Business North Carolina magazine of Charlotte, I am based in the Raleigh area. I am working on a column about the new Amazon distribution center in Garner, NC, outside Raleigh. The center will be identical, it appears, to the planned distribution center near the airport that was announced in June, and which is receiving incentives from the city of Charlotte.</p> <p>I would like to request any documents that would specify the wages that are going to be paid at the Charlotte facility, because I am discussing the wages that will be paid at the Garner center. The starting pay in Garner will be \$12.50 an hour, and I believe from media reports that the Charlotte center will pay comparably, but I would like to rely on public records rather than media reports.</p> <p>In the Charlotte Observer story cited above, it was unclear whether the city had received any documents from Amazon or its partners specifying the wages.</p> <p>In the absence of any documents, if you or other officials know the wage scale, that would be helpful to me. One of the tricky things about these numbers is that sometimes salary and benefits are lumped together. I am interested in the salary numbers separately from benefits.</p> <p>Thanks very much for any help you can give me.</p>	Fulfilled	Closed	Aviation;#Economic Development;#City Manager	Yes

1684	9/11/2018 11:50		Charlotte Dulany	University of Maryland	Good morning, I am working on a journalism project at the University of Maryland. We are collecting data on emergency response calls from cities around the country. Pursuant to G.S. § 132-6, I am requesting the raw data for emergency response calls answered by the City of Charlotte Police Records Division for the last five years. The fields of data we are requesting include but are not limited to: Date of call Time of call Address of call Reason for call Response time Name of agency responding To be clear, this request includes but is not limited to the above types of data if that information is collected. If the data are not collected, please let me know. If the data or any portion of the data are collected but are not considered public record, please cite the exemption under the law and provide the nonexempt portions of the data. Fee Waiver: This request is not being made for commercial purposes. The data are being requested for journalism and research purposes, and release of them is in the public interest. We are requesting similar data from cities across the country. The data provide insight into the operation of government and involve expenditure of public funds. My analysis of the data will be used to inform the public. If fees are not waived, please inform me if charges will exceed \$20 and the reason for any estimated costs. Electronic format: I am requesting the data be provided electronically. I can accept the data in many common formats, including delimited text file, spreadsheet or as a database. Please email the data to me: charlottedulany8@gmail.com. In the event the data must be sent physically or on a CD or portable drive, please mail it to Charlotte Dulany, c/o Sandra Banisky, Knight Hall, 7765 Alumni Drive, College Park, MD., 20742. 				<p>Monday, July 23, 2018 Dear Charlotte Police Department: I am a researcher working in conjunction with universities across the United States to aggregate data related to traffic stops nationwide. Last year, my team received traffic data from your city that was reported to the North Carolina State Government. Due to what appears to be a technical error in the State's data management system, several sporadic periods are missing from the state-released data. For this reason, I spoke to a representative from the Charlotte City Clerk who recommended that I re-request these files directly from the city. Please find the full request below. I can also provide an example of the state-released data for reference. Pursuant to Chapter 132 of the North Carolina General Statutes, I am requesting all raw data recorded for traffic stops and/or citations, and pedestrian stops and/or citations made by your Police Department and laid out in your record description for the last 10 years. The fields of data we are requesting include the following: (I am aware that some fields may not be available, in which case a partial fulfillment can be discussed): • case number • defendant gender, race, and date of birth • vehicle year, color, make, model, style, and state in which it is registered • date of incident, time of incident, location of incident and milepost or other geographic location information. • approximate speed and posted speed • any violations and/or sanctions, whether a search was conducted, whether contraband was found, whether the person was arrested and what type of enforcement took place. • officer name • department • officer ID number, race, gender • officer date of birth and information kept on years of service If officer demographic data is recorded and available to the public (including but not limited to race, age, gender, officer ID #, officer name), we are requesting this information as well. If this information falls under your legislation's protected personnel information, please exclude it from our request. To be clear, this request is for all data from traffic stops or citations and pedestrian stops or citations considered to be public record. This includes, but is not limited to the above list of data types if that information is collected. We will accept a partial fulfillment of this records request should some information collected during traffic stops of all kinds be considered private or is otherwise unavailable. Fee waiver: This request is not being made for commercial purposes. The data are being requested for journalism and research purposes, and release of them is in the public interest. We are requesting similar data from cities across the country. The data provide insight into the operation of government and involve expenditure of public funds. Our analysis of the data will be used to inform the public. If fees are not waived, please inform me if charges will exceed \$50 and the reason for any estimated costs. Electronic format: We are requesting the data be provided electronically. We can accept the data in many common formats, including as tab separated, spreadsheet or other database formats. Where to send the data: Data can be emailed to</p>	Closed Unfulfilled	Denied	Police	No

I am a member of the news media and request classification as such. I have previously written about the government and its activities, with some reaching over 100,000 readers. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the Internet Archive and MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance. As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. 					I am a researcher with the University of California, Davis, and I am currently working on a project that requires data on parking tickets from the top 100 most populated cities in the United States. Is there any data available for parking tickets issued throughout the city of Charlotte since 2015 or earlier? If so, is this data available for public review? Ideally, this data would include the date/time of the ticket, the type of parking violation, any geographical information (address or lat/long), and the issuing agency. We do not need to have any personally identifying or incriminating information. This data will be used only for educational and research purposes to understand the distribution of parking tickets in large U.S. cities Is Charlotte's parking citation data available for public review? If so, how can I obtain it? If not, is there another department or person I could contact for further information? Thank you!

If there are groups of emails that can be taken out by category or keyword because you feel they may not be of interest, please let me know. Also, I'm asking for those on your "executive staff" without knowing your exact classification of those people, so if you would identify a list, I may be able to limit by removing many names. Otherwise, I'm requesting the May, 2018 texts and emails between these people:  Manager Marcus Jones  Jones' executive staff  City of Charlotte Senior Department Heads  City Attorney Office/employees  City Council and Mayor  Any outside consultants and/or attorneys paid by the City to provide executive-level review, consultation, or for legal services on behalf of the city.  The law requires that you respond to and fulfill this request "as promptly as possible." Please provide an estimated date when you will provide the requested records.  If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal for any record you wish to deny, identify and isolate the records so they may be reviewed in an appropriate way if it becomes necessary, and notify me of the appeal procedures available to me under the law. I have previously written about the government and its activities, with some reaching over 100,000 readers. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the Internet Archive and MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance.</p> <p>As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived.</p> <p>The requested documents will be made available to the general public, and this request is not being made for commercial purposes.</p> <p>In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.</p> <p>Thank you in advance for your anticipated cooperation in this matter. 1518	6/15/2018 11:32	Elizabeth Ignatowicz	The Liberty Group	I need this police report for our insurance and cannot locate it on your website. Our associate is the one that the complaint was made about: At 5/17/2018 14:06 a police report was taken in the University City Division Response Area 2 for 11015 EDUCATION WY. The report generated complaint number 20180517-1406-01.. Here is a brief narrative of that complaint: On May 17, 2018 the reporting person stated that several power tools were missing from the maintenance room of the apartment complex. Reporting person believes that a temp worker stole those items, due to him not seeing that temp worker again after the tool went missing, neither has the temp company heard from him. This incident occurred at 11015 Education Way, located at the Flats at Mallard Creek apartments.	Fulfilled	Closed	Police

1481	5/22/2018 18:32	Hassan Peterson		My name is Hassan Peterson. I was an officer with CMPD from July 2001 to August 2015. I am sending this written request to ask for my detailed training records while working for CMPD. This should include my academy training and curriculum. According to the records retention schedule standard 9 number 13 these files should still be available. All I would like is a copy of these records. Thank you in advance. I've tried to make this request before but doesn't seem my file is anywhere to be located.	Fulfilled	Closed	Police	No
1492	5/22/2018 14:55	Zeke Jackson	The Nickel Ride	Dear Respected Official, I am looking for any ordinance that the city has passed regarding Low-Speed Vehicles as defined by state statute 20-121.1. An ordinance number or a copy of the ordinance would be best. If a permit is required to operate a commercial LSV, I would like to know the cost of that permit per vehicle and the length of the process. I would also like to know any regulations regarding external signage on the vehicle, hours of operation, and displaying of wage. I also would need to know what are the insurance requirements for each vehicle. In addition, if you have road maps which display 35 mph zones, or other pre-approved roads for LSV, I would need to see that as well. We are a company based in Florida, so any information on licensing requirements to operate in your city would be needed as well. If you have any questions about this request, please feel free to reach out. I look forward to hearing from you.	Fulfilled	Closed	Transportation	
1479	5/22/2018 13:54	Jose Matamoro	TIKD	Good Afternoon, I am contacting you on behalf of TIKD -- we are a company that monitors licenses plates for companies that operate fleet of vehicles. In the Charlotte area the company MasTec has about 100 tags registered, and we would like to know if it would be possible to send over a list of the plate numbers for the vehicles, and be notified of any outstanding parking tickets that need to be paid. This was would be a check encompassing any parking ticket received that is still pending payment for the entirety of the tags history. Please let me know if this is something you would be able to do and I can have that list sent over to you as soon as today. Feel free to contact me back at: jose@tikd.com Thank you in advance! 1469	5/14/2018 9:43	Sam Krumholz	University of California San Diego	I would like to make a request for the following information: 1) A listing of all citizen complaints against Charlotte PD officers since 2000 with the following information: complaint id, officer name, complaint type, complaint brought by officer or civilian, address of complaint (if available) complaint date, result of complaint (sustained, unsustained, unknown), disciplinary action if wrongdoing found. 2) A list of all officer-use-of force incidents with Charlotte PD officers since 2000 with the following information: incident id, officer name, incident type (person, animal, neither), incident date, address of incident (if available), incident id (grouping multiple officers in same incident), wrongdoing-found (y/n/unknown). If your public records policy does not allow officer names to be released, then I would instead request: 1) The total number of citizen complaints against officers each month (or year if monthly data are not available) from 2000 to the present disaggregated into complaints that were sustained, unsustained and still under investigation. 2) The total number of use-of-force incidents each month (or year if monthly available are not available) from 2000 to the present, disaggregated into use-of-force incident type (person-injured, person-death, animal-injured, animal-death, other). I understand that retained records may not go back until 2000. I am somewhat flexible on timeframe, so please let me know if there is a timeframe that works better with your retention schedule. The solicitation and submission of these bids were announced publicly by Amazon, the state and leaders in the Charlotte area. The Charlotte area was also not included in Amazon's list of finalists released on Jan. 18, 2018. 				<p>Good cloudy afternoon Jeff,</p> <p>I would like to schedule a time when I can come down and get information off my city computer. I need my contacts list, some of my folders and especially anything from my mayoral days. UNC Charlotte is asking for that information for their archives. It will just take some time to figure out what I need and where to find it so I suppose we need to schedule when someone in your office can help me. Had I known when my "stuff" was being de-activated I would have handled things differently. Sorry but I do need the information for my files.</p> <p>Thanks so much. I can make myself available pretty much anytime if I know in advance.</p> <p>I really appreciate your help in this. I hope all is going well these days.</p>

Over the past month, Neighbors said they've seen the fire department, Piedmont Gas, and Charlotte Water in their neighborhood multiple times responding to incidents related to the installation.  Can you check calls for service on Southbridge Forest Drive, Smith Road, Forest Mist Way, Carriage Lake Drive, Walkers Crossing Drive, Rolling Sky Drive, Planters Knob Lane, and Cane Field Drive. Dates: December 1-January 18th? How many water main breaks did Charlotte Water respond to during those dates? How many were caused by a contractor working on the AT&T installation. How many were weather related? Are you aware of any homes that we damaged in the process – and will Charlotte Water be helping those homeowners?	Fulfilled	Closed	Water

1284	1/12/2018 14:06	3/5/2018	Colin Antaya	Yale University	I request that documents containing the following information be provided to me: 1. The number of misdemeanor arrests made by the Charlotte-Mecklenburg Police Department each year from 1990 until the most recent available year. 2. The number of felony arrests made by the Charlotte-Mecklenburg Police Department each year from 1990 until the most recent available year. 3. An explanation of the types of offenses included in the misdemeanor category by the Charlotte-Mecklenburg Police Department. For example, are arrests for traffic offenses or non-criminal infractions counted as misdemeanors in your records? I am affiliated with an educational institution, and this request is made for a scholarly or scientific purpose and not for a commercial use. I am conducting research on the relationship between felony and misdemeanor arrests over time as crime rates have decreased in major U.S. cities. **Subject:** Request for public records

Dear Mr. Christopher:

I am requesting an opportunity to inspect or obtain copies of all permits *granted* for events along Latrobe Drive (zip code 28211) for March 3, 2017, and to the applications for the *granted* permits. If one party submitted multiple applications, and only one was granted to that party, I am only requesting access to the application that was granted. This refers to all festival permits, demonstration permits, parade permits, or noise permits. The request is made under the North Carolina Public Records Law, G.S. §132-1.

My preferred format of receipt is e-mail (at this e-mail address). However, a fax transmission will be faster, you can fax the records to my attention at 704-588-9392. If possible, please provide these records as they are processed (for instance, as direct scans, photocopies, or print-outs).

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in fulfilling this request, please let me know when I might expect copies or the ability to inspect the records. If the request is denied in whole or part, I ask that you justify all deletions and redactions by reference to specific exemptions in the state open records act.

I also ask that you kindly waive any associated fees. If you cannot, please notify me as soon as possible by e-mail or phone (704-451-7431) so that I can arrange prompt payment.

Thanks,  
 Howard Lintz

				Dear Sir or Madam: I write to request certain public records under the North Carolina Public Records Law, N.C.G.S. §132-1 et seq. Specifically, I am submitting this public records request in connection with the following two construction projects at the Charlotte Douglas International Airport (the "Airport"), which were announced in 2015: • Project # TM12-026, East Terminal Expansion Phase II (RFQ issued 9/15/2015) • Project # TM15-019, Concourse A North Expansion - Phase I (RFQ issued 11/6/2015) For each of the referenced projects, I hereby request access to and copies of the following: 1. The final contracts executed between the Airport and the Construction Managers for each of the referenced projects, including all exhibits and attachments to the contracts. 2. All bid or proposal materials that reflect the following financial information for firms or individuals proposing to serve as the Construction Manager on either or both of the projects: (a) any proposed guaranteed maximum price for the projects; (b) any proposed fee for the projects; (c) any proposed general conditions costs for the projects; (d) any proposed profit for the projects; (e) any proposed overhead for the projects; and (f) any proposed labor burden for the projects. If applicable, please provide these records as they are processed. If there are any fees or costs associated with this request, please let me know if they will exceed \$200 prior to incurring them. I respectfully request that you respond to and fulfill this request "as promptly as possible," in accordance with applicable law. If this request is denied in whole or part, please justify all deletions and redactions by reference to specific exemptions under applicable law. 				<p>email excerpt:</p> <p>1) This (as you attached) was our exchange from July 21 and I can't understand what you are confused about. You told me the information about the records REQUESTS is in a DATABASE and you are PULLING REPORTS choosing fields from that database. I asked you the NAME OF THE DATABASE and for ALL OF THE FIELDS in the DATABASE, which should have been provided the first time. Instead, you chose particular fields and sent them to me in an excel spreadsheet without telling me you left out information. I don't mind getting it in excel form. That's fine with me. However, I want ALL OF THE FIELDS THAT ARE IN THAT DATABASE.</p> <p>Please have personnel who are in the computer department read and understand this email if you do not:</p> <p><i>Please identify the fields in the database staff is pulling from and the name of the database. (Is this a unique database or part of another set of records?) I'm sure the staff can put the fields into excel easily or comma delimited list or any other format that is convenient. In terms of the time prior to this database, you mentioned the records were kept in different formats and locations. If you could tell me a bit about that, it would probably save us both lots of work. Thanks.</i></p>

Please pass this request on to the appropriate City personnel.

On behalf of the North Carolina Public Service Workers Union, UE local 150, I request the following public records pursuant to Chapter 132 of the North Carolina General Statutes, the Public Records Act for all City of Charlotte employees, with the exclusion of the police and fire departments:

1. An electronic list of all workers currently employed: their first, last and middle names, job title, hire date, race, mailing address, phone number, department, unit and salary.
2. OSHA 300 logs with cover sheets included from entire year of 2015 and 2016. If there is aggregate quarterly information available about numbers of injuries and days missed from work, we also request this information.
3. OSHA monthly or quarterly logs for 2017.
4. All Employee Injury and Illness Reports from January 1, 2015 through July 27, 2017.
5. All incident reports or other reports of work-related injuries as a result of heat-related illness or injury for January 1, 2016- July 27, 2017
6. The City-wide policy along with each departmental policy related to heat mitigation and/or extreme summer weather.

I request all the above information within the next 10 business days. If possible, please send electronically. If you have any questions, please feel free to call me at

1059	7/25/2017 10:52	Robert Davis	Unknown	Specifically, I'd like to have copies of emails between anyone in the command staff and internal affairs staff for the CMPD sent to/from domain names ending in @nccourts.org or @ncdoj.gov from June 01, 2017 through filling request? Is that a reasonably small number of emails to review and send? If you can give me an idea of the total number(s) before performing more work, or if you have a better idea on how to phrase or accomplish filling the request, I'm happy to hear it. If you could give me a rough number this would return first, I'd appreciate it. If that's not how it works, please let me know (depending on the number, I may modify my request). 1022	6/30/2017 14:28	Colleen Sievert	Ryan.com	Dear Sir or Madam, I am requesting a report of outstanding, uncashed, stale-dated checks (warrants) and/or unreconciled payments issued by the City, with regards to payments including, but not limited to, accounts payable, property tax and vendor overpayments, refunds or credits. This request is for commercial records only; I do not wish to obtain consumer records. The list will not be resold and will only be used to perform a forensic review on outstanding disbursements for clients currently under contract with us. We do not solicit anyone. Understanding this is a broad request and your bookkeeping department may require specific parameters such as dates or dollar amounts please include all items older than 180 days and greater than \$100.00 with the check number, payee name, issue date and amount. With your response please include: 1. Any instructions or claim forms necessary to have checks re-issued. 2. Does the City remit funds to the State Unclaimed Property Office? If so, after what time period? 3. If you do not remit funds to the State Unclaimed Property Office is there a point where the payee is no longer eligible to claim? 4. How often and when is the report updated and/or released? Your city may maintain separate reports for vendor, accounts payable and property tax information. If you do not have a consolidated list, are you aware if multiple reports exist? Will you refer me to someone that may help fulfill my request for the additional information? This information is being requested under the Freedom of Information Act. If you require an official FOIA Request or Open Records Form to be completed please provide a copy at your earliest convenience. In the event I have reached the incorrect department for this request please direct me to the correct person. Thank you in advance for your assistance with my request. The records should include: - The data dictionary, glossary of terms, record layout, and any other documentation that describes the case management system(s). - The instruction manual, patrol guide, or any other type of guide, distributed to law enforcement personnel dictating how they should use the case management system(s). I am requesting that all records be provided to me in their original electronic file format, whenever possible, which I am entitled to under G.S. § 132-6.2. (Persons requesting copies of public records may elect to obtain them in any and all media in which the public agency is capable of providing them.) For example, if the Department has a PDF of the instruction manual for the case management system, I am requesting that I receive that instruction manual as a PDF instead of a printed copy of the PDF. As a member of the media reporting on matters in the public interest, I am requesting a fee waiver and an expediting of my request. However, since I am requesting records in their original electronic file format whenever possible, I expect the costs, if any, to be limited. If any portion of this request is denied, please state in writing "any statute, case precedent, regulation or rule upon which you rely in declining public access to the documents in question." I am requesting that communication regarding this request be conducted via email, and that the request be filled via email. Thank you for considering my request. Sincerely, Sarah Ryley Reporter, The Trace Media 112 Berkeley Pl. #3R Brooklyn, NY 11217 Cell: 347-324-8697sarahryleyfoi@gmail.com</p>

				<p>Hi Jordan-Ashley,</p> <p>It was nice talking with you just now. As I mentioned, under the state public records act I am requesting a dataset of all publicly available fields for 311 records/calls from 2012 through the time you comply with the request. I expect this would include such areas as date and time call received, associated agency, brief description of topic and how the call was resolved, but the request is not limited to such fields. Please also include a record layout of the column titles and list of agency abbreviations.</p> <p>This would help me translate some column headers or codes within records. For instance, sometimes departments might be listed by a numeric code instead of their name. Also please send the data in a format that is compatible with Excel. An Access file or a delimited text file is fine.</p> <p>I'm sure that could be a large database, and I'm happy to have our data expert, Gavin Off, work with your folks on this as well. 763	1/4/2017 9:39	Shabron Gaynor	IMS	Under the North Carolina Public Records Law, we formally request that your office provide us with public spending information, including both capital and operating expenditures, for payments made by or on behalf of the City of Charlotte during fiscal year 2016. Specifically, for any payee other than a regular employee paid a cumulative total amount of more than \$10,000, we seek the payee name, address and the cumulative total dollar amount paid to the subject payee over the relevant time period. The \$10,000 threshold was established to minimize reporting for respondents. If a data sort of this type is not available, please supply the requested information for all non-employee payees. This is the same information that J. Ryan Proctor was kind enough to submit via email for fiscal year 2015.	Fulfilled	Closed	Water
761	1/3/2017 15:15	Jennie Smith	ACME Research	My name is Kelly and I'm writing to you from SRS. We are currently doing work on the Travel & Leisure sector. As we understand it, a portion of airport fees comes from concessions from car rental companies. We were hoping to receive car rental revenue by brand by month to assess the overall health of the travel market. Could you please send me car rental gross revenue for CLT from June 2016 to November 2016? Thank you and I look forward to hearing from you. We were hoping to receive car rental revenue by brand by month to assess the overall health of the travel market. Could you please send me car rental gross revenue for CLT from January 2016 to June 2016? Also, is there an automated distribution list for this information that I can be added to? 				<p>I am requesting a report of outstanding, uncashed or stale dated checks (warrants) issued by the City with regards to payments including, but not limited to accounts payable, property tax and vendor overpayments, refunds or credits. I do not wish to obtain consumer records, commercial only. The list will not be resold and is only used for clients currently under contract to perform forensic review on outstanding disbursements. Understanding this is a fairly broad request, and your bookkeeping department may require specific parameters, such as dates or dollar amounts, please include all items older than 180 days and greater than \$100.00 with check number, payee name, issue date, and amount. With your response please also include: 1. Any instructions or claim forms necessary to have checks re-issued. 2. Does the City remit funds to the State Unclaimed Property Office? If so, after how long of time period? 3. If you do not remit funds to the State Unclaimed Property Office is there a point where the payee is no longer eligible to claim? 4. Is there a cost associated to provide this report? 5. How often is the report updated and/or released? Your city may maintain separate reports for vendor, accounts payable and property tax information. If you do not have a consolidated list are you aware if multiple reports exist? Will you refer me to someone that may help fulfill my request for the additional information? When available I prefer an electronic copy (specifically Microsoft Excel, Access or Text Delimited) sent to my email, however if only a hard copy is available please mail to my attention. This information is being requested under the Freedom of Information Act. If you require an official FOIA or Open Records form to be completed please provide me a copy. In the event I have reached the incorrect department for this request please direct me to the correct person.</p>

Dear Office of Custodian of Public Records,

SmartProcure is submitting a public records request to the City of Charlotte (NC) for any and all purchasing records from 2016-04-01 to current. The request is limited to readily available records without physically copying, scanning or printing paper documents. Any editable electronic document is acceptable.  
 The specific information requested from your record keeping system is:  
 1. Purchase order number. If purchase orders are not used a comparable substitute is acceptable, i.e., invoice, encumbrance, or check number  
 2. Purchase date  
 3. Line item details (Detailed description of the purchase)  
 4. Line item quantity  
 5. Line item price  
 6. Vendor ID number, name, address, contact person and their email address  
 7. What is the beginning of your fiscal year?  
 The attached document may be helpful as a reference to fulfill this request if the City of Charlotte (NC) stores the records using any of the pre-programmed software reports, but the records request is not limited to the reports listed.

Please email the information or use the following web link. There is no file size limitation:  
<http://upload.smartprocure.us/?st=NC&org=CityofCharlotteNC>

If this request was misrouted, please forward to the correct contact person and reply to this communication with the appropriate contact information.

If you have any questions, please feel free to respond to this email or I can be reached at 954-692-6670. Regards,

The Pew Charitable Trusts (Pew) seeks copies of all agency records reflecting: The City of Houston's EEO-4 Survey also known as the Equal Employment Opportunity Commission's State and Local Government Reports. Specifically, the Charlotte Department of Human Resources records that Pew seeks herein for the period specified above include but are not limited to all agency records for EEO-4 Surveys, such as the following: The 2009, 2011, 2013, and 2015 EEO-4 Surveys These standardized surveys are submitted by the Department of Human Resources to the Equal Employment Opportunity Commission (EEOC) every two years. Pew makes every effort to comply with statutory exemptions, exclusions, and best practices related to individual privacy related to our requests for information. To that end, please exclude from disclosure any data or records that would reveal personally identifiable information for individuals who may be included in the requested data set or records. Pew is a nonprofit corporation recognized as tax-exempt under Section 501(c)(3) of the Internal Revenue Code and our request is not for a commercial use. Pew requests a fee waiver for all costs incurred in processing this request, pursuant to the Public Records Law of North Carolina because disclosure of the requested information is in the public interest. We are seeking the requested information to better understand the baseline for diversity in municipal governments across the country and the differences in compensation by race/ethnicity, gender, and occupation. We will develop a report or use other public information dissemination techniques based on our evaluation of this information, and will make the reports and information available to the public via Pew's websites and by other means. Pew has a long history of issuing reports that garner significant media and public attention, and of translating for the public important information on local governance, as is illustrated <a href="http://www.pewtrusts.org/en/projects/philadelphiaresearch-initiative">http://www.pewtrusts.org/en/projects/philadelphiaresearch-initiative</a>. Disclosure of this information is in the public interest because it will contribute significantly to public understanding of diversity in local government and because Pew does not have a commercial interest in the request. If the City of Charlotte does not grant a waiver, Pew requests a full explanation for the denial, and a fee reduction. Pew will pay up to \$30 under protest, pending resolution of an appeal of any fee waiver denial. If the estimated cost is expected to exceed \$30, please contact me before incurring such costs. If the City of Charlotte chooses, it may make PDF files of the documents available rather than paper copies. If you deny disclosure of any records or parts thereof covered by this request, please provide Pew with a full Vaughn index of the materials withheld, citing each specific exemption under FOIA, and a detailed justification for withholding the records that you believe substantiates your refusal to release the information. 				<p>Re: Charlotte Airport – Attn: Open Records Custodian</p> <p>In follow-up to my initial request, I did receive a good response from Feven M Negash, CH-ERIM. I wanted to add one follow-up request and Feven suggested I submit a separate Public Records Request. In conjunction with the Charlotte Airport contract that was already provided as fulfillment of the initial Public Records Request (i.e. the contract covering the purchase of the Big Belly compactors for the concourse area) please send any other RFP's / Quotes that were submitted (in pursuit of the contract that was awarded to Big Belly).</p> <p>=====</p> <p>Original Request Below: Public Records Request: We are doing a study on the progression of Waste Processing Practices by Airports throughout the United States. We would like to know of any transactions (purchases or rentals) that were made by the <b>Charlotte Douglas County International Airport</b> involving "Automatic Compacting Receptacles" .....sometimes referred to as "Public Area Compactors" or "Concourse Area Compactors" or "Front of the House Compactors". (Also any 'Paper Towel Compactors' which is a recent restroom accessory innovation). If a date range is needed use Fiscal Years 2011 thru 2016.</p> <p>In essence, this product class is considered to be trash cans / bins that look like traditional trash bins only they automatically compact the trash and the waste deposit door typically opens automatically so people do not have to touch the door with their hands. (Thus, it is a trash compactor that serves as an efficient receptacle for reducing waste volume and labor requirements due to much less emptying etc.) They are becoming more common and are found in lots of public areas such as Airports, Fast Food Restaurants, Cafeterias, Malls, Schools, Amusement Parks etc.</p> <p>Please provide records related to any transactions by the Airport (including any transactions in process) that involve this type of product, along with any details such as the locations of use (such as concourse or dining areas etc) ..and quantity procured. The prices paid are not as relevant in the event they need to be hidden / removed..... just mainly the quantity, transaction description, any part or model numbers, date of transaction etc.</p>	Fulfilled	Closed	Aviation

				<p>This is a request for information under the open records/public disclosure/freedom of information law(s) of your particular jurisdiction. Any information obtained will be used for academic study, and publication of academic literature in journals, and reports.</p> <p>The principal three-year research project, as part of a PhD at Durham University, UK supervised by Dr Christopher Lawless, and Dr Martin Roderick, investigates the contribution of crime scene examination in criminal investigations from three broad perspectives of organisational and professionalism research in policing. It focuses on the perceptions and realities of the discipline from a structural and management standpoint combining survey data, semi-structured interviews and observational work to answer questions pertaining to the value added to criminal investigations by Crime Scene Examiners (CSEs), and whether their continued existence in the police organisation is justifiable. To better understand the new challenges for intelligence-led and knowledge-based policing, the project explores the existing hierarchical structure of knowledge value in the policing domain. The aim is to extract the meaning, relevance, and importance crime scene work in relation to major and volume crime investigations. It would look to also inform stakeholders about perceptions of professionalism in the crime scene work according to its own practitioners, the roles and responsibilities of these individuals, their organisational standing, and interaction with the rest of the police body. In order to successfully complete this contemporary and relevant venture, your organisation's kind cooperation is vitally necessary.</p> <p>The following would be immensely beneficial in shaping and augmenting the academic study of crime scene science and its practitioners:</p> <ol style="list-style-type: none"> <li>1) The number(s) of CSEs at your organisation, by year, from 2009 to 2015.</li> <li>2) The recruitment criteria used for hiring new CSEs, in advertisements and job postings by the Human Resources department of your organisation. Copies of these would be ideal.</li> <li>3) The financial spending, specific to crime scene investigation, by year, from 2009 to 2015.</li> <li>4) The financial spending, specific to laboratory work, by year, from 2009 to 2015.</li> <li>5) The overall financial spending on scientific support units in your organisation from 2009 to 2015, by year.</li> </ol> <p>Explanation of key terms, and further information pertaining to request:  Crime Scene Examiner/Investigator  Any person who identifies, recovers, documents and prepares for transport (also in most cases, transports) any physical and/or trace evidence, along with recording notes, sketching scenes, doing photography and engaging</p>	Assigned	Open	Police

				Under the North Carolina Public Records Law G.S. §132-1, The Charlotte Observer is submitting a request to obtain copies of all city of Charlotte communications, electronic and otherwise, pertaining to potential or actual impact on MetLife jobs in its Charlotte hub as a result of MetLife's 2014 designation as a non-bank systemically important financial institution and its plan to spin off part of its business as a separate unit.				
				We are looking for communications from a period beginning Oct. 1, 2014 to today, March 24, 2016.				
				Per G.S. §132-1, the records requested include those created and/or received by any and all agencies of city of Charlotte government -- including every office, public officer or official or employee, institution, board, commission, bureau, department, authority or other unit of government.				
				If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100.				
				However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest.				
				The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

484	1/27/2016 12:43	William Coggin	University of North Carolina at Charlotte	<p>Hello, I am currently working with a group in the Graduate School at the University of North Carolina –Charlotte conducting some research on the history of the City of Charlotte’s transportation history. In doing so we are attempting to obtain information regarding the Sales Revenue reported annually for the city’s transportation from FY 1980- FY2015. We are attempting to gain the financial reports in their entirety for the years mentioned, we have been able to find some of them via the CATS website, as well as oncharmeck.org, however we have not been able to access the majority of them. Additionally, any information regarding total ridership during each of these years would be very beneficial as well. We would greatly appreciate it if you could point us to a location of this information where we could access the reports for the entirety of the years listed (1980-2015). If this is not possible it would be greatly appreciated if you can put us into contact with someone who might be able to better serve us in finding this information. Thank you in advance for anything that you are able to do to help.</p>	Fulfilled	Closed	CATS

This can be done on an annual, quarterly, or monthly basis (aging report), but if the monthly list changes as a result of monies being moved to accounts, I would need the monthly lists, so as not to miss monies that have been transferred to investment accounts or have been escheated to the State.</p> <p>I understand that this list may include monies from other sources, so a list with additional monies is fine, so long as I can tell by the file or case number, what the source of the monies are.</p> <p>---&gt; If a list is not available to the above specifications, then a list of monies escheated to the State will suffice. Specifically, a list showing the case or file number or reference, and the amount escheated.</p> <p>As above, a list that has additional monies is fine, as long as the type of monies are ascertainable, by reference of type of case or file number.</p>	Fulfilled	Closed	Management & Financial Services

This letter is to request access to records in the possession of the City of Charlotte/Mecklenburg County for the purpose of inspection and copying, pursuant to North Carolina Public Records Law.

The records that I am asking to inspect and copy are:

Contract documents for the City/County's current and incoming providers of 1. security guard services, and 2 janitorial services. The types of documents I am seeking include: notices of award, contracts and amendments/modifications. In particular, please include any current security-related contract documents pertaining to G4S Wackenhut; Total Protection System; G4S Secure Solutions; Sunstate Security; Allied Barton Security; and RMI.

If available, I would like to receive copies of these documents via email. If they are not available electronically, I would like to receive copies by mail. Please notify me in advance by email or by phone if there is a charge for any expense incurred in complying with this request.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act.

Thank you for your timely attention to my request. Feel free to call with any questions.
